Olsson,2017-08-02 In the 1930s and 1940s rural reformers in the

United States and Mexico waged unprecedented campaigns to remake their countrysides in the name of agrarian justice and agricultural productivity Agrarian Crossings tells the story of how these campaigns were conducted in dialogue with one another as reformers in each nation came to exchange models plans and strategies with their equivalents across the border Dismantling the artificial boundaries that can divide American and Latin American history Tore Olsson shows how the agrarian histories of both regions share far more than we realize He traces the connections between the US South and the plantation zones of Mexico places that suffered parallel problems of environmental decline rural poverty and gross inequities in land tenure Bringing this tumultuous era vividly to life he describes how Roosevelt s New Deal drew on Mexican revolutionary agrarianism to shape its program for the rural South Olsson also looks at how the US South served as the domestic laboratory for the Rockefeller Foundation s green revolution in Mexico which would become the most important Third World development campaign of the twentieth century and how the Mexican government attempted to replicate the hydraulic development of the Tennessee Valley Authority after World War II Rather than a comparative history Agrarian Crossings is an innovative history of comparisons and the ways they affected policy moved people and reshaped the landscape USDA. Field,2019-05-15 The rise of the Capetian dynasty across the long thirteenth century which rested in part on the family s perceived sanctity is a story most often told through the actions of male figures from Louis IX s metamorphosis into Saint Louis to Philip IV s attacks on Pope Boniface VIII In Courting Sanctity Sean L Field argues that in fact holy women were central to the Capetian s self presentation as being uniquely favored by God Tracing the shifting relationship between holy women and the French royal court he shows that the roles and influence of these women were questioned and reshaped under Philip III and increasingly assumed to pose physical spiritual and political threats by the time of Philip IV s death Field s narrative highlights six holy women The saintly reputations of Isabelle of France and Douceline of Digne helped to crystalize the Capetians claims of divine favor by 1260 In the 1270s the French court faced a crisis that centered on the testimony of Elizabeth of Spalbeek a visionary holy woman from the Low Countries After 1300 the arrests and interrogations of Paupertas of Metz Margueronne of Bellevillette and Marguerite Porete served to bolster Philip IV s crusades against the dangers supposedly threatening the kingdom of France Courting Sanctity thus reassesses key turning points in the ascent of the most Christian Capetian court through examinations of the lives and images of the holy women that the court sanctified or defamed **The Aristocracy of Talent** Adrian

Wooldridge,2021-06-03 THE TIMES BOOK OF THE YEAR Shortlisted for the 2021 Financial Times and McKinsey Company Business Book of the Year Award This unique and fascinating history explains why the blame now being piled upon meritocracy for many social ills is misplaced and that assigning responsibilities to the people best able to discharge them really is better than the time honoured customs of corruption patronage nepotism and hereditary castes Steven Pinker Meritocracy the idea that people should be advanced according to their talents rather than their status at birth For much of history this was a revolutionary thought but by the end of the twentieth century it had become the world s ruling ideology How did this happen and why is meritocracy now under attack from both right and left Adrian Wooldridge traces the history of meritocracy forged by the politicians and officials who introduced the revolutionary principle of open competition the psychologists who devised methods for measuring natural mental abilities and the educationalists who built ladders of educational opportunity He looks outside western cultures and shows what transformative effects it has had everywhere it has been adopted especially once women were brought into the meritocractic system Wooldridge also shows how meritocracy has now become corrupted and argues that the recent stalling of social mobility is the result of failure to complete the meritocratic revolution Rather than abandoning meritocracy he says we should call for its renewal *The Current Digest of the Soviet Press* ,1957 **Primitive Methodist World and Sunday School Worker** ,1898 *Bulletin* United States.
