What Is The What Dave Eggers:

What is the What Dave Eggers, 2011-10-27 *What is the What* is Dave Eggers's astonishing novel about one of the world's most brutal civil wars. Valentino Achak Deng is just a boy when conflict separates him from his family and forces him to leave his small Sudanese village, joining thousands of other orphans on their long, long walk to Ethiopia where they find safety for a time. Along the way, Valentino encounters enemy soldiers, liberation rebels, and deadly militias, hyenas, and lions, disease and starvation. But there are experiences ahead that will test his spirit in even greater ways than these. Truly epic in scope and told with expansive humanity, deep compassion, and unexpected humour, *What is the What* is an eye-opening account of life amid the madness of war and an unforgettable tale of tragedy and triumph. If there was ever any doubt that Dave Eggers is one of our most important storytellers, *What Is the What* should put it to rest. A strange, beautiful, and unforgettable work. *San Francisco Chronicle*. A remarkable book, harrowing, witty, wretched, delightful, and always compelling, always surprising. *London Review of Books*. All of the author's proceeds from this book will go to the Valentino Achak Deng Foundation. Read more at www.valentinoachakdeng.com.

How We Are Hungry Dave Eggers, 2011-10-27 *How We Are Hungry* is a collection of Dave Eggers's short stories that twist and inspire the imagination. Dave Eggers has championed the cause of the short story so magnificently that through his own *McSweeney's* magazine and through its many imitators, the form is once again in the ascendant. Yet while celebrating the work of others, Eggers has also proved himself time and again one of the modern masters of the form. This unmissable collection is Egger's first and showcases his talents in a variety of stories that are short, short, short, long, and every length in between, and in stories that are dark, funny, inspiring, daring, and endlessly inventive, including the acclaimed *Up the Mountain Coming Down Slowly*. In short, in stories that will make you appreciate that Dave Eggers and the short story were made for each other and in turn for you. Possibly the most admired and emulated American author of his generation. Independent. Brilliant. Confident. Floods of language. *Sunday Herald*. Intensely pleasurable. Striking in its beauty, a triumph of both form and content. *Guardian*.

The Every Dave Eggers, 2021 The electrifying follow-up to *Dave Eggers' New York Times Bestseller The Circle*. When the world's largest search engine/social media company merges with the planet's dominant e-commerce site, it creates the richest and most dangerous and, oddly enough, most beloved monopoly ever known. *The Every*. Delaney Wells is an unlikely new hire. A former forest ranger and unwavering tech skeptic, she charms her way into an entry-level job with one goal in mind: to take down the company from within. With her compatriot, the not-at-all-ambitious Wes Kavakian, they look for the company's weaknesses, hoping to free humanity from all-encompassing surveillance and the emoji-driven infantilization of the species. But does anyone want what Delaney is fighting to save? Does humanity truly want to be free? Studded with unforgettable characters and lacerating set pieces, *The Every* blends satire and terror while keeping the reader in breathless suspense about the fate of the company and the human animal. Praise for *The Circle*: A gripping and highly unsettling read. *Sunday Times*. *The Circle* is *Brave New World* for our

Of Staggering Genius Dave Eggers,2013-02-12 Exhilarating Profoundly moving occasionally angry and often hilarious A Heartbreaking Work of Staggering Genius is finally a finite book of jest which is why it succeeds so brilliantly The New York Times Book Review A Heartbreaking Work of Staggering Genius is the unique moving memoir of a college senior who in the space of five weeks loses both of his parents to cancer and inherits his eight year old brother In his distinctive style unlike any other memoir Egger s story is an exhilarating debut that manages to be simultaneously hilarious and wildly inventive as well as a deeply heartfelt story of the love that holds a family together One Man Zeitgeist: Dave Eggers, Publishing and Publicity Caroline D. Hamilton,2010-10-21 One Man Zeitgeist Dave Eggers Publishing and Publicity undertakes the first extensive analysis of the works of Dave Eggers an author who has grown from a small time media upstart into one of the most influential author publishers of the twenty first century Eggers rise to fame is charted in careful detail offering analysis of the circumstances of his success and their effects on the production of his literary oeuvre As both a memoirist and novelist Eggers has distinguished himself from his cohort of young American authors by insisting on seizing the reins of his publishing output The nature of this independent streak is given attention in this study particularly the cultural circumstances of a digitalised consumer society in which books and literature are primarily commodities Hamilton examines this spirit of independence as both a practical and figurative state in Eggers works and seeks to address the reasons why in a contemporary globalised society independence is not only personally gratifying for Eggers but also a popularly successful strategy for producing books **You Shall Know Our Velocity** Dave Eggers,2011-12-01 Will and Hand are burdened by 38 000 and the memory of their friend Jack Taking a week out of their lives they decide to travel around the world to give the money away They can t really say why they re doing it just that it needs to be done Perhaps it s something to do with Jack s death perhaps they ll find the reason later But as their plans are frustrated twisted and altered at every step and the natives prove far from grateful to their benefactors Will and Hand find that the world is an infinitely bigger more surreal and exhilarating place than they ever realised In fact it s somewhere to get lost in **The Parade** Dave Eggers,2019-03-21 From the bestselling author of The Circle and The Monk of Mokha comes a taut suspenseful story of two foreigners role in a nation s fragile peace Tightly written carefully designed to wrong foot preconceptions and astute An intensely gripping story Evening Standard An unnamed country is leaving the darkness of a decade at war and to commemorate the armistice the government commissions a new road connecting two halves of the state Two men foreign contractors from the same company are sent to finish the highway While one is flighty and adventurous wanting to experience the nightlife and people the other wants only to do the work and go home But both men must eventually face the absurdities of their positions and the dire consequences of their presence With echoes of J M Coetzee and Graham Greene this timeless novel questions whether we

can ever understand another nation's war and what role we have in forging anyone's peace Certainly his best book since *What is the What* The Parade may well be the sound of a major writer finding his mature voice Spectator [Ethos and Narrative Interpretation](#) Liesbeth Korthals Altes,2014-07-01 Ethos and Narrative Interpretation examines the fruitfulness of the concept of ethos for the theory and analysis of literary narrative The notion of ethos refers to the broadly persuasive effects of the image one may have of a speaker's psychology world view and emotional or ethical stance How and why do readers attribute an ethos of for example sincerity reliability authority or irony to literary characters narrators and even to authors Are there particular conditions under which it is more appropriate for interpreters to attribute an ethos to authors rather than to narrators In the answer Liesbeth Korthals Altes proposes to such questions ethos attributions are deeply implicated in the process of interpreting and evaluating narrative texts Demonstrating the extent to which ethos attributions and hence interpretive acts play a tacit role in many methods of narratological analysis Korthals Altes also questions the agenda and epistemological status of various narratologies both classical and post classical Her approach rooted in a broad understanding of the role and circulation of narrative art in culture rehabilitates interpretation both as a tool and as an object of investigation in narrative studies **It Takes a Storyteller to Know a Storyteller** Julia Nikiel,2023-01-23 If it is indeed impossible to think beyond capitalism then capital has become reality If global capitalism organizes reality through the stories it weaves capital is as strong as its fictions If capital is reality and capital is fiction then reality as such is fiction as well It is by reading this fiction for both patterns and inconsistencies that contemporary individuals can challenge global capital and unveil its hypocrisies and it is by fighting fiction with fiction i e projecting new realities such as those in the post millennial novels by William Gibson Douglas Coupland and Dave Eggers that people can imagine the world anew [The Sublime Today](#) Gillian B. manifestations and or expressions of nostalgia Inspired by Svetlana Boym's seminal study *The Future of Nostalgia* 2001 the authors of the sixteen chapters demonstrate that this sentiment proves to be a useful key in the process opening up new interpretive vistas and enabling new critical insights The experience that comes under scrutiny in these texts is informed by the fundamental division into a certain present which is the domain of insatiability and a certain past the locus of at homeness often irretrievably lost

Representing (Post)Human Enhancement Technologies in Twenty-First Century US Fiction Carmen Laguarda-Bueno, 2022-10-07 This work studies three twenty first century novels by Richard Powers Dave Eggers and Don DeLillo as representative of a new trend of US fiction concerned with the topic of the technological augmentation of the human condition The different chapters provide from the double perspective of the optimistic transhumanist philosophy and the more balanced approach of critical posthumanism an overview of the narrative strategies used by the writers to explore the possibilities that biotechnology digital technologies and cryonics open up to transcend our human limitations while also warning their readers of their most nefarious consequences Ultimately the book puts forward the claim that even if the writers approach the subject from a variety of perspectives and using different narrative styles and techniques they all share a critical posthumanist fear that an unrestrained and unquestioned use of technology for enhancement purposes may bring about disembodiment and dehumanization
