

PLC-XP55/L

XGA Portable Multimedia Projector

IMPRESSIVE BRIGHTNESS AND CONTRAST RATIO

A 300W NISH lamp combined with Sanyo's high-contrast optical system with Micro Lens technology delivers an impressive 4500 ANSI lumens of brightness and a contrast ratio of 1100:1.

NETWORK CONTROL / ADMINISTRATION

Sanyo's optional PJ-Net Organizer Plus allows for control and administration of a projector via a network. Projector status can be monitored, and projector functions can be controlled through a web browser. A notification can be automatically sent via E-mail whenever the projector encounters a problem, allowing the administrator to act quickly to resolve the issue.

NETWORK IMAGE TRANSFER

The optional PJ-Net Organizer Plus also provides for the transfer of image data from a PC through the network to the projector. The Image Capture Mode allows for real-time image capture and transmission. In the Network Viewer mode, image data can be called up from a network server, converted using the included software, and controlled and presented on the networked projector.

SANYO'S NEW PROGRESSIVE IC

A newly developed progressive integrated circuit provides highly improved playback of moving images. 1080 interlaced signals are converted into progressive signals while 2-3 pulldown doubles the resolution of images from DVD playback.

HDCP COMPLIANT DIGITAL VISUAL INTERFACE

The digital visual interface (DVI-D) of the PLC-XP55/L is High-bandwidth Digital Content Protection (HDCP) compliant for playback of encrypted digital video sources.

UNIQUE COLOR MANAGEMENT SYSTEM

Sanyo's color management system allows you to change the shading of a specific color in the image to a desired shade without affecting other colors or adjustment items such as tint or white balance.

OPTIONAL REAL COLOR MANAGER SYSTEM

The optional Real Color Manager System provides white balance adjustment and gamma correction from a PC using the included image adjustment software by simply comparing the on-screen image to a printed color chart.

CUSTOMIZABLE START-UP LOGO

The PLC-XP55/L can capture logo files to display during the projector's countdown sequence at startup.

BAYONET-STYLE ONE-TOUCH LENS REPLACEMENT

Attaching the included One-Touch lens mount adapters to your lenses makes installation and removal of our optional lenses quick and easy.
