

## What Does My Family Mean To You Essay

This essay is about how my family has raised me since the day that I was born. Also, I will talk about my illness and the community around me how they have helped me throughout life. "My family" one of the best words that I love, because my family has raised me since I was born. Coming out to the world and starting to develop my body system as the years move on has been great. Especially, my [mother](#) she has been there for me and one of the things that makes me feel great is that she never goes by herself I always tend to be by her side. Both of my parents knew what was going on during those years they felt very sad for me especially, because I would not understand the situation that I am in. However, as of now both my parents and me understand how everything will eventually change, but we are capable of having fun here in the world because god knows that we can achieve anything.

The last main point is my community, because they were always there for me they never let me do things alone. I remember when I had my surgery I was in bed for a whole week it felt miserable. Not having people coming to see me felt bad, even though I helped them in some things they did not appreciate it. Until one day my neighbors and friends came to see me I felt great, because they made me do everything so I can get out of the hospital as soon as possible. When I got home and the days passed I started to recover from that surgery and got to the routine with the neighbors they helped me in tasks and I helped them back it was good. Thanks to them coming to visit me in the hospital, because if I was lonely chances are that I would even be in the hospital still or something else would of happened. That is why I am enjoyable on having those close neighbors and friends because they are capable of helping one another.

I would want the rep to know how my illness made my [family](#) raise me differently, and how my community has also been part of helping me. It will be good for them to know all this because it shows
