Deep Space Nine Companion Terry J. Erdmann, Paula M. Block, 2000 Lavishly illustrated with a wealth of rare photos and drawings this is the first and only fully authorized comprehensive companion to seven seasons of the television show TV Guide called the best acted written produced and altogether finest of the four Trek series *An Enduring Journey of Hope* Ya-chi Yuan, 2023-10-01 Africa is big and so are its problems In their midst people are so small There is light on the land The light travels in people's minds and on the land The light takes root in Africa The Danger of a Single Story The Nigerian novelist Chimamanda Ngozi Adichie once gave a TED talk on The danger of a single story She stated something to the effect that Stories are important but to diversify the story is even more important Indeed many people associate Africa with poverty famine and disease an impression that they might have learned from a single story Although partially true this impression is inadequate at best especially in the context of charity work That impression seems to have a way of morphing into stereotypes or labels with which the outside world associates with Africa Ironically such labels are welcome in some African communities because being labeled poor they get more external assistance for free As they get used to receiving aid they even begin to believe those labels They unknowingly and slowly lose the memories of their gifted toughness When Africans get used to getting freebies from the outside world they believe those labels are indeed accurate This loss of self is a more

serious problem than the problem on the label Yet something gratifying has happened in Africa The COVID 19 pandemic started to sweep across the world in 2020 Many people predicted that the poor would become poorer the hungry hungrier and charitable aid would be more difficult to get through lock down barriers to reach the needy But our local volunteers in Durban South Africa started vegetable gardens and enthusiastically shared their harvests with needy people around them The pandemic made it clear that they must step up their efforts to cultivate in their own communities the ideal of neighbors helping neighbors so the community collectively would be more able to face the next disaster In 2020 our volunteers developed more than 130 vegetable gardens in Durban and residents in surrounding communities started more than 500 vegetable gardens Vegetable garden became so popular that even recipients of Tzu Chi aid had asked for vegetable seeds instead of rice During the pandemic international travel was second to impossible That made it very difficult for our Durban volunteers to travel to Eswatini to conduct any aid operation Our local Eswatini volunteers stepped up and provided hot meals to poor children in their community every weekend Namibian volunteers rebuilt corrugated metal shacks for the homeless Malawian volunteers raised money to buy fabrics to sew masks and gave them to the elderly in their community Zambiaian volunteers paddled canoes after the flooding to provide aid to poverty stricken villages All of these volunteers did not wait for the arrival of foreign aid Instead they have all proved that they have what it takes to handle any challenge that may come their way I have been fortunate to have worked with those volunteers in Africa for many years with a common ideal to purify people s hearts The stories here may help the readers to have a glimpse of their transformation from hopeless aid recipients to hopeful and helpful volunteers who pay it forward Together we have overcome numerous obstacles They continue to help their own countrymen and leave many touching and true stories which may help the world get a more comprehensive understanding of Africa I hope that through our efforts more people will be able to join together to help others so that Africa will get better As Chimamanda also said When we realize that there is never a single story about any place we will regain a kind of paradise I sincerely hope that one day the world will associate Africa with confidence and warmth I believe that the glimmer of hope in Africa will be brighter The story continues

The Battle for the Sabbath in the Dutch Reformation Kyle J. Dieleman, 2019-01-21 Kyle J Dieleman focuses on the doctrinal and practical importance of Sunday observance in the early modern Reformed communities in the Low Countries My project investigates the theological import of the Sabbath and its practical applications The first step is to focus on how Dutch Reformed theologians conceived of the Sabbath The theology of the Sabbath I argue moves over time from an emphasis on spiritual rest to participating in the ministries of the church to a strict rest from all work and recreation The next step is to explore congregants actual Sunday practices By attending to church governance records at the national regional and local levels the importance of proper Sabbath observance quickly becomes clear The provincial synod records classes records and consistory records indicate that church authorities were adamant that church members faithfully attend sermon and catechism services refrain from sinful practices and abstain from recreational activities Equally as telling as the observance demanded of church members is how church authorities responded The church records portray these authorities as fretting over the disordered and unregulated nature of improper Sabbath observance Having established the importance of the Sabbath in Dutch Reformed theology and lived piety I argue the emphasis on Sunday observance is best understood as resulting from two main factors First the emphasis on proper Sunday observance is a result of the Reformed church authorities attempting to maintain the pious reputation of the Reformed faith and establish the identity of the Reformed Church amid multiple other confessional identities Second proper observance of the Sabbath was important because it ensured order within the church and society more broadly
