

I'm glad you believe friends are  
stronger than most. I'm glad you  
believe in love. We always wanted  
to be together. Thanks for always being  
there & always making me feel good.  
I hope you think and make me feel good  
too. Love you always.

The first of these is the fact that the  
 world is not a uniform whole, but a  
 collection of many different parts, each  
 with its own characteristics and laws.  
 This is the principle of diversity, and it  
 is the basis of all knowledge and science.  
 The second is the fact that the world  
 is not a static whole, but a dynamic  
 one, constantly changing and evolving.  
 This is the principle of change, and it  
 is the basis of all progress and development.  
 The third is the fact that the world  
 is not a chaotic whole, but a  
 system, with many different parts  
 working together in a harmonious way.  
 This is the principle of order, and it  
 is the basis of all civilization and society.  
 These three principles are the foundation  
 of all knowledge and science, and they  
 are the keys to understanding the world  
 and ourselves.

I think you do you wish to  
 be particular I don't think you  
 could have made it without  
 your extraordinary personal efforts  
 And I can't tell how to describe  
 your regard for others - you  
 love them when we needed you  
 I thank you I am proud of you  
 And I think much of everything you  
 accomplish in college I have thought  
 of some other and more definite  
 I hope that you I love  
 your mother
