Military Assistance on Request and the Use of Force Erika De Wet,2020-03-26 In countries such as Syria Iraq South Sudan and Yemen internationally recognized governments embroiled in protracted armed conflicts and with very little control over their territory have requested direct military assistance from other states These requests are often accepted by the other states despite the circumvention of the

United Nations Security Council and extensive violation of international humanitarian law and human rights In this book Erika De Wet examines the authority entitled to extend a request for or consent to direct military assistance as well as the type of situations during which such assistance may be requested notably whether it may be requested during a civil war Ultimately De Wet addresses the question of if and to what extent the proliferation of military assistance on the request of a recognized government is changing the rules in international law applying to the use of force Gender, Disability, and Tourism in Africa Erisher Woyo, Hellen Venganai, 2022-11-10 This book explores the intersection of gender and disability in the context of tourism In part the book foregrounds feminist theorising of intersectionality by examining how gender can overlap with other social identities to contribute to more systemic oppression domination discrimination and marginalisation of certain categories of people Our point of departure is that disability does not operate in isolation as it is constituted and experienced within an already gendered social and tourism environment With substantial research on the intersection of gender and tourism on the one hand and the intersection of disability and tourism on the other hand the interconnectedness of gender and disability and the implications this has on tourism policy and practice remains understudied Thus the book provides a critical lens that helps unpack underlying assumptions about gender and disability while questioning the dominant ideas about gender and disability reproduced through tourism policies and institutional practices in an African context This book will be of interest to scholars and researchers in Gender Studies Disability Studies and Tourism Studies particularly those with a research interest in Africa **Global tuberculosis report 2023** World Health Organization, 2023-11-07 The Global Tuberculosis Report 2023 published by the World Health Organization provides a comprehensive overview of the current status of the tuberculosis epidemic The report highlights the global commitments strategies and targets set by world leaders to combat TB It presents key findings and messages emphasizing the importance of translating political commitments into actionable plans at the country level The report includes data collected from 215 countries and areas offering insights into TB incidence mortality diagnosis treatment prevention and financing The intended audience includes policymakers healthcare professionals and researchers involved in TB response and public health initiatives **Secured Transactions Law Reform in Africa** Marek Dubovec, Louise Gullifer, 2019-10-31 Over the last few decades many countries have reformed their secured transactions law One of the main reasons has been the clear link between reform and the availability of credit and the drive to improve access to finance particularly for micro small and medium sized enterprises This book focuses particularly on developing economies in Africa which have legal frameworks influenced by English French Belgian Roman Dutch and other laws Reform in this area of law across African countries has taken a number of forms which are explored and discussed in this book Secured Transactions Law Reform in Africa is a mixture of a critical description of the pre reform law and practice and the reform process itself It also includes a comparative analysis of the legal provisions and an examination of the early results of the reforms The book sets out a road map for the future of secured transactions reform

primarily in Africa but also in other countries that have undertaken or are contemplating similar reforms This book is the second in a series of books about Secured Transactions Law in countries around the world and its reform both on a national and an international scale The first book Secured Transactions Law Reform Principles Policies and Practice was published in 2016
