

The background of the entire image is a deep space scene filled with numerous small, white stars. Two large, glowing celestial bodies, possibly planets or moons, are visible. They have a reddish-pink hue and are surrounded by bright, yellow and orange halos, suggesting they are emitting light or are very close to a light source. The overall effect is a sense of vastness and cosmic wonder.

### **When Souls Connect Steve Gunn:**

*When Two Souls Connect* Steve Gunn, 2007-03 Steve Gunn was born in England in 1956 and now lives in Florida where he works full time as a psychic medium and author Although gifted from an early age experiencing a life changing soul connection brought him to dedicate his work to the metaphysical arts and particularly to understanding soul connections As he struggled to find his own answers his clientele increasingly centered on those in soul mate situations many of whom contributed their stories In working on hundreds of cases he realized that most didn't actually fit the traditional thinking and theories leaving many people utterly confused about their connections He recognized the need for a new work to really explain the truth behind the mechanisms of soul connections and set out to create a self help guide with lots of practical advice for anyone experiencing the awesome power of the soul connection **The Nostalgic Imagination** Stefan

Collini, 2019 This unusual book explores the historical assumptions at work in the style of literary criticism that came to dominate English studies in the twentieth century Stefan Collini shows how the work of critics renowned for their close attention to the words on the page was in practice bound up with claims about the nature and direction of historical change the interpretation of the national past and the scholarship of earlier historians Among the major figures examined in detail are T S Eliot F R Leavis William Empson and Raymond Williams while there are also original discussions of such figures as Basil Willey L C Knights Q D Leavis and Richard Hoggart *The Nostalgic Imagination* argues that in the period between Eliot's *The Sacred Wood* and Williams's *The Long Revolution* the writings of such critics came to occupy the cultural space left by academic history's retreat into specialized archive bound monographs Their work challenged the assumptions of the Whig interpretation of English history and entailed a revision of the traditional relations between literary history and general history Combining close textual analysis with wide ranging intellectual history this volume both revises the standard story of the history of literary criticism and illuminates a central feature of the cultural history of twentieth century Britain
