Safety Information

This section contains important information pertaining to the operating instructions of your device. It also contains information about how to use the device safely. Read this information carefully before using your device.

NOTE:

- If the ES is placed in an environment with poor ventilation, it will get heated after long time. Please be careful to avoid a fire or burn. Do not touch the device or disconnect from the network automatically to protect itself. In this case, please expose the ES in a well-ventilated place for heat dissipation and then restart it.
- Use the compatible charger delivered only by the manufacturer with this device. Use of other chargers or power adapters or voltage converters or voltage regulators may invalidate any approval or warranty applicable to the device, result in the non-operation of the device, and cause danger.
- Do not use the device if the power cord is not provided in the package. If you can contact your service provider to buy one yourself.

Electronic Device

Do not use the device if using your device is prohibited. Do not use the device when using your device causes danger or interference with electronic devices.

Medical Device

- Follow regulations set forth by hospitals and health care facilities. Do not use your device when using the device is prohibited.
- Some wireless devices may affect the performance of hearing aids or pacemakers. For safety, do not use your device when using hearing aids or pacemakers.
- If you are using an electronic medical device, consult the doctor or the device manufacturer to confirm whether radio waves affect the operation of this device.

Potentially Explosive Areas

Do not use your device in any area with a potentially explosive atmosphere, and comply with all signs and instructions. Areas that may have potentially explosive atmospheres include, but are not limited to, the following:

- Triggering of sparks in such areas could cause an explosion or a fire, resulting in bodily injury or even death.
- Areas where there are storage facilities for flammable or explosive substances, distribution areas, and chemical plants. In addition, adhere to restrictions in areas where there are storage facilities for flammable or explosive substances, and areas that have potentially explosive atmospheres that are often, but not always, clearly marked. Such locations include areas below the deck on boats, chemical transfer storage facilities, and areas where there are storage facilities for flammable or explosive substances, such as powders. Ask the manufacturers of vehicles using liquefied petroleum gas (such as trucks or buses) whether this device can be safely used in their vicinity.

Traffic Security

- Observe local laws and regulations while using the device. To prevent accidents, do not use the device while driving a motor vehicle.
- RF signals may affect electronic systems of motor vehicles. For more information, consult the vehicle manufacturer.
- In very rare cases, the device over the air bag or in the air bag deployment area. Otherwise, the device may hurt you owing to the strong force when the air bag inflates.
- Do not use your device while flying in an aircraft and before boarding an aircraft. Using wireless devices in an aircraft may cause danger to the operation of the aircraft and interfere with the network. It may also be considered illegal.

Operating Environment

- Do not use or charge the device in dusty, damp, and dirty places or places with high humidity.
- While using the device, observe the local laws and regulations, and respect others' privacy and legal rights.
- Do not use the accessories in well-ventilated, cool, and out-of-direct-sunlight place.
- Avoid enveloping the device, or covering towels and placing articles on the device.
- Place the device out of a box or case to avoid poor heat dissipation that results in the device overheating.
- On a stormy day with thunder, do not use your device, to prevent any danger caused by lightning.
- Keep the ambient temperature between -10 °C to +35 °C for using the device.
- This device should be installed and operated with a minimum distance of 20 cm between antenna and all persons.

Safety of Children

Comply with all precautions with regard to children's safety. Letting the child play with your device or the accessories may cause danger to the child. Children can swallow devices, which may be dangerous, as it may present a choking hazard. Ensure that small children are kept away from the device and accessories.

Accessories

Use the accessories delivered only by the manufacturer. Using accessories of other manufacturers or vendors with this device model may invalidate any approval or warranty of the device, result in the non-operation of the device, and cause danger.

Battery and Charger

- Unplug the charger from the electrical plug and the device when not in use.
- Do not use the battery or the charger if they are damaged or if the battery eventually wears out. When the standby time and the working time are shorter than the normal time, replace the battery.
- Do not use the battery or the charger if they do not meet the specifications of the charger. An improper power voltage may cause a fire or a malfunction of the charger.
- Do not connect the battery or the charger with conductive materials, such as metal materials, keys, or jewelry. Otherwise, the battery may be short-circuited and may cause injuries and burns on your body.
- Do not use the battery or solder the battery poles. Otherwise, it may lead to electrolyte leakage, overheating, fire, or explosion.
- If battery electrolyte leaks out, ensure that the electrolyte does not touch your skin and clothes. Wash the skin or clothes with clean water immediately and consult a doctor.
- Do not use the battery or the charger if they are exposed to abnormal heating while you charge or store the battery, remove the battery immediately and stop using it.
- Otherwise, it may lead to battery leakage, overheating, explosion, or fire.
- Do not use the battery or the charger if the cable is damaged (broken), or the plug loosens, stop using the cable at once. Otherwise, it may lead to an electric shock, a short circuit, or a fire.
- Do not dispose of batteries in fire as they may explode. Batteries may also explode if damaged.

Cleaning Maintenance

It is normal that your wireless device gets hot when you use or charge it. Before you clean or maintain the wireless device, stop all applications, power off the device and disconnect the cable and y-cord.

- The device, battery, and charger are not water-resistant. Keep them dry. Protect the
