Church Welcome Speech

I want to take a moment to extend a very warm welcome to everyone who's visiting us for the first time this morning. Whether you're just having a look, or are searching out for a place to worship, we're delighted to have you here.

To give you some idea of what we're all about, I'll quickly sketch some of our foundational beliefs.

Our vision says this: Getting and growing people in relationship with Jesus.

So firstly, we're all about Jesus Christ. We believe that Jesus was who he said he was, the Son of God who came and died for our sins. So if this is your first time in church, we hope that got to know him as we do, because he's truly what life is all about for us!

Secondly we're all about people. Every person who walks through our doors is important to us, so if you ever feel like just another number, we've done something wrong and I give you permission to tell me about it.

Graham R. Smith

Sample Welcome Address For Church Service:

He Came in Darkness Minnie Baize, 2011-07 *He Came in Darkness* is about a young man named Dan who lived with his parents and twin brother Donald. As a child, Dan was deeply troubled. His parents moved from Georgia to North Carolina. They thought the move would make Dan's life easier. When he was about nine years old, he discovered something lurking within himself. He puts his family through disturbing times. Through it all, he tries to put his life together. No matter who stands beside him with a helping hand, trying to put him on the right path, darkness always overpowers him. Now older, married, and the father of three children, Dan is trying to sort out his life without hurting his family. He is headed on a rough, terrifying journey, but will he survive the torment. *Church Administration and Finance Manual* Otto F. Crumroy, Stan Kukawka, Frank M. Witman, Paul D. Witman, 2023-09-19 A field-tested guide to the management and finance of church congregations, revised for a new generation. Clergy are generally equipped to preach and provide spiritual care. But when it comes to budgets, insurance, fire safety, and church management, many find themselves at a loss. *The Church Administration and Finance Manual* is the classic guide to running a church, written to answer key questions for clergy and lay leaders. Not simply a theoretical resource, the Manual provides suggestions for almost every aspect of parish administration: position descriptions, financial forms, materials for stewardship and Christian education, building use and safety issues, employee record keeping, and much more. This revised edition offers guidance on many new topics that are of vital importance to churches, including protecting children, information security, approaches to preventing and responding to violence, planned giving, social media, and hybrid work and worship. Whether clergy are just out of seminary or well-seasoned in parish life, the Manual is full of excellent guidelines, tools, and forms for improving the management of the parish. **Church missionary society, extracts from the annual letters of the missionaries** Church missionary society, 1896 *The Y-B-H Handbook of Church Planting (Yes, But How?)* Roger N. McNamara, Ken Davis, 2005-05 This book is a practical, step-by-step guide for church planters and their coaches. It covers everything they need to know to start healthy, growing churches that are biblically faithful and yet culturally relevant. While addressing the who, why, and where of planting new congregations, this comprehensive manual focuses primarily on the how-to's. The authors use a five-stage life cycle conception: pre-natal development, birth, infancy, adolescent growth, and adult reproduction, to flesh out the entire process of starting and growing a new church. Under each of these stages, a host of essential ministry and planning tasks is addressed so the planter can keep his baby church on course and can have the joy of watching the new church grow to maturity and eventually reproduce itself. *The Church chronicle, a monthly record of Church life and Church work*, 1869 *The Epworth Herald*, 1890 *Creative Ideas for Worship with All Abilities* Hazel Bradley, Jim Cargin, 2021-04-16 This vital resource explores the essential considerations of pastoral work with those with intellectual disabilities. Drawing on the vast experience of the L Arce community that fully includes and centers those with intellectual disabilities, this practical guide offers ideas for imaginative worship to engage people with all

abilities It gives suggestions for enabling participation and building familiarity while keeping worship fresh and varied with ready to use themed service outlines that are appropriate throughout the Christian year It includes a compendium of resources for creating your own acts of worship including prayers blessings stories quotes a directory of online resources ideas for what to keep in a liturgy box ideas or seasonal decoration of the worship space and many more resources from L Arche This book is rooted in the belief that each human being is on a spiritual quest to find meaning in their life and while each person s path is uniquely their own we share the journey together The important thing is to encourage each other s personal development and celebrate the gifts and talents that emerge within and for the whole community Righteous Riches Milmon F. Harrison, 2005-03-03 Does God want us to be wealthy Many people believe that God offers not only eternal joy in the hereafter but also material blessings in the here and now Other Christians see this prosperity theology as nothing more than vulgar materialism incompatible with orthodox Christianity In Righteous Riches Milmon F Harrison examines the Word of Faith movement an independent non denominational Christian movement that preaches the so called health and wealth gospel The Word of Faith movement is an international network loosely bound by a basic doctrine called the Faith Message which teaches that it is God s will for Christians to be prosperous successful and healthy in the present life Drawing on his personal experiences as a former insider and in depth interviews with members Harrison takes us inside the movement revealing what it is like to belong and how people accept reject and reshape Word of Faith doctrines to fit their own lives Although the movement is not exclusively African American many of its most prominent and recognized leaders are African American ministers with large congregations and national television audiences Analyzing the movement s appeal to African Americans Harrison argues that because of their history of oppression and discrimination African American religious institutions have always had to address the material as well as spiritual concerns of their members The Word of Faith Movement he says is one of several prosperity movements that resonate strongly with African Americans Situating the movement in the contexts of both contemporary American religion and the history of the Black Church Righteous Riches offers a fascinating look at a quintessentially American phenomenon The Church Militant Graham R. Smith, 2016-11-08 A worldview of spiritual warfare is widely held among charismatics and Pentecostals but it has been criticized for producing paranoia and denying personal responsibility It is less well known that the term was first used in print around 1970 by Anglican charismatics What did it mean to them then and what are the practical effects of their worldview Should we now be adopting a more sophisticated ontology of evil such as Nigel Wright s non ontological realist view or Amos Yong s apophatic theology of the demonic rather than the traditional one that Satan and demons are real ontological entities This practical theological study begins with a study of Anglican charismatic pioneers and an in depth case study of a charismatic Anglican congregation before grappling with the ontological question in dialogue with Wright together with Barth and Walter Wink Yong and Gregory Boyd A fresh engagement with the biblical texts then argues for a positive realist ontology for rebellious

demonic powers and presents a Trinitarian model of spiritual warfare praxis that emphasizes personal responsibility and promotes freedom from fear **Neighbours** Howard Bracey, 2013-08-21 This Volume XIII of twenty one in a collection on Class Race and Social Structure First published in 1964 this text looks neighbour behaviour of new estates and subdivisions in England and U S A The study derives from a survey begun on new housing estates near Bristol England in 1957 and continued on a number of new subdivisions near Columbus Ohio in 1958 and 1959 The enquiry was designed to study the adjustment of mainly urban families to life in new rural urban fringe neighbourhoods *Saving Souls, Serving Society* Heidi Rolland Unruh, Ronald J. Sider, 2005-10-06 As public funding for social services has been slashed there has arisen an unprecedented interest in the potential and dangers of faith based institutions as agents of social change This text seeks to answer pressing questions surrounding this important and controversial issue Churches That Make a Difference Ronald J. Sider, Philip N. Olson, Heidi Rolland Unruh, 2002-04-01 Churches over the past generations have been weakened by a failure to meet both the physical and spiritual needs of their communities Many have adopted a narrow vision focusing on only one aspect of ministry But in today s environment of faith based opportunities many Christians are eager to start reaching out to their world with both Good News and good works and therefore they are searching for appropriate ways to integrate both into their ministry In *Churches That Make a Difference* best selling author Ron Sider and his coauthors give those involved in community outreach a comprehensive resource for developing holistic ministry a balance of evangelism and social outreach Illustrations and helpful organizational tips detail the how to s of an effective holistic ministry Case studies that show how different churches across the United States reach out to their communities provide a variety of ideas and practical applications User friendly tools are included as well for congregational studies surveys evaluations and community assessments The authors draw on extensive experience with church ministries and faith based organizations as they share the life changing vision and biblical mandate for living the whole gospel Church leaders will be encouraged in their process of developing and maintaining a holistic ministry and local churches will rediscover a passion for loving the whole person the way Jesus did **Welcome!** Andrew D. Westbrook,2019 The Church of Scientology is one of the most recognizable American born new religions but perhaps the least understood With academic and popular interest on the rise many books have been written about Scientology and surely more will follow Although academics have begun to pay more attention to Scientology the subject has received remarkably little qualitative attention Indeed no work has systematically addressed such questions as what do Scientologists themselves have to say about their religion s history theology and practices How does Scientology act as a religion for them What does lived religion look like for a Scientologist This is not so much a book about the Church of Scientology its leaders or its controversies as it is a compilation of narratives and histories based on the largely unheard or ignored perspectives of Scientologists themselves Drawing on six years of interviews fieldwork and research conducted among members of the Church of Scientology this groundbreaking work examines features of the new religion s history theology and praxis in ways that move discussion beyond apostate driven and expos accounts
