Goossen, Anindo Hazra, 2014-10-23 This anthology of literary and dramatic works introduces writers from across Asia and the Asian diaspora The landscapes and time periods it describes are rich and varied a fishing village on the Padma River in Bangladesh in the early twentieth century the slums of prewar Tokyo Indonesia during the anti leftist purge of the 1960s and contemporary Tibet Even more varied are the voices these works bring to life which serve as testimony to the lives of those adversely impacted by poverty rapid social change political suppression and armed conflict In the end the works in this anthology convey an attitude of spiritual and communal survival and even of hope This anthology presents the complex dynamic between a diversity of Asian lives and the universalized concept of the individual human entitled to clearly specified rights It also asks us to think about what standards of analysis we should employ when considering a historical period in which universal human rights and civil liberties are considered secondary to the collective good as has so often been the case when nation states are undergoing revolutionary change waging war or championing so called Asian values This book's use of the term Global Asia reflects an interest in rethinking Asia as more than an area determined by national borders and geography Rather this book portrays it as a space of movement and fluidity where societies and individuals respond not only to their local frames of reference but also to broader ideas and ideals Many of the works anthologized here are the subject of scholarly analysis in the companion volume *Human Rights and the Arts Perspectives on Global Asia* also published by Lexington Books A Training Program for Beginning Therapists in the Production of Metaphoric Language, Hypotheses, and Treatment Plans Jeana Lynne Dressel, 1979 *The Hudson Review* Frederick Morgan, 1953 **A Collection of Poetry about Anti- Bullying** Elise Sharron, 2022-02-03 A term that everyone around the world has become very aware of is bullying There are so many disappointing aspects of this personality trait and the more it happens the more disappointing it becomes Unfortunately students report being bullied as young as kindergarten four things that they don't even understand and sometimes things that they have no control over like their race or socioeconomic status The biggest misstep is that the adults in the room are not always doing everything that they can to support students who are being bullied address and educate students who are the bullies as well as creating a safety net for all students in all aspects of their young life This collection deals with anti bullying In *Burnt Cake* we use the metaphor of a burnt cake to connect with a teenager that is experiencing bullying and can't quite find the words to ask their parents for help In *Stand Up* we experience the honest truth about what we are not seeing and are not addressing in the presence of this bullying culture In *When I Have a Kid* we hear someone express all of the things that they are and are not going to do in an effort to support their child Because at the end of the day supporting children is important because at some point they will

grow up to be the adults that lead our world We must make anti bullying a priority to keep this generation safe as well as the next Bullies Be Gone! Project™: Poetry Book Al Johnson,2021-05-21 In today s headlines there have been incidents involving harassment of children and teens directly related to vicious homophobic cyberspace racial and other forms of bullying The pain anguish and heartbreak of bullying victims can be overwhelming Even supposedly mature politicians religious leaders and others are vociferous in a homophobic and vitriolic tone toward anyone with different lifestyles or points of view Easily influenced children and teens hear these confusing tones of discord and may likely soon emulate in some unhealthy manner **Bullies Never Win!** Desiree P. Edwards,2013-11-19 Recently the act of bullying has captured our nation s attention Bullying includes behaviors that focus on making someone else feel inadequate It includes harassment verbal and emotional abuse physical harm and efforts to ostracize another person These poems are meant to encourage our young people to discover their dream and to be true to themselves They are meant to inspire and provide empowerment to victims by assuring them that they can overcome the many challenges they are confronted with Each poem gives a message of hope because Bullies never win
