Perspectives on Evil ,2019-10-07 The question of evil is one of the oldest and most intensely studied topics in intellectual history In fiction legend and mythology the boundary between good and evil is often depicted as clear cut at least to the reader or listener who is supposed to understand such tales as lessons and warnings Evil is something that must be avoided by the hero in some cases and vanquished in others it is either the exact opposite of the expected good behaviour or its complete absence Even so for the characters in these didactic fictions it turns out to be deceptively easy to fall to the infernal dark side This volume draws on the expertise of an interdisciplinary group of contributors to chart events and deeds of an evil nature that have been lived in the recent past and have become part of history from individual to institutionalised evil

EBOOK: Death's Dominion: Ethics at the End of Life Simon Woods,2006-12-16 I enjoyed reading this book very much It is very readable and well argued using real life cases and thought experiments as well The book provides the reader with a short history of and an overview of the most important issues in modern palliative care Various theoretical discussions are clearly set out such as the relationship between the hospice movement and modern palliative care between palliative care and health care in general between palliative sedation and euthanasia and the question whether euthanasia can be part of palliative care The author starts with exploring the existing debates and then develops his own arguments in a balanced and well structured way Medicine Health Care and Philosophy The text of this book is accessible the philosophical and ethical arguments are clearly articulated and

relevant ethical principles are integrated into the critique of the issues making this a very useful book for nurses working in palliative as well as in general care Nursing Ethics It is crucially important for any student or researcher who is seriously considering ethical and policy matters at the end of life to embrace and tackle intellectually the issues that Woods raises in this book I would happily recommend it Journal of Medical Ethics What constitutes a good death Is it possible to arrange a good death Is killing compatible with caring This book looks at death and the issues and ethical dilemmas faced at the end of life It addresses the central issues in the field such as Withholding and withdrawing treatment Euthanasia and assisted suicide Terminal sedation The role of autonomy Palliative care Drawing on a philosophical framework the author explores end of life issues in order to reflect on the nature of the good death and how this may be achieved The book considers whether it is permissible or desirable to influence the quality of dying offering palliative sedation as a possible alternative to terminal sedation the argument is extended to examine why some forms of assisted dying can be shown to be compatible with the ideas of palliative care Consideration is also given to future developments such as life extension techniques and the ethical questions that these techniques might raise As such the book follows in the ongoing philosophical tradition to critique and analyse current thought on the topic of death encouraging self reflection in the reader and offering suggestions for practice in end of life care Death s Dominion is key reading for students and professionals involved in care of the dying as well as those with an interest in the philosophical issues surrounding end of life care *Developing Leaders for Positive Organizing* Bernd Vogel, Rob Koonce, Paula Robinson, 2017-05-19 Leadership is not about individuals it is a complex relational socially co constructed and emergent process This book brings together the latest thinking from business and positive psychology research to provide new insights into leadership organizational development and change [A Harvest of Blessing \(eBook\)](#) Angus Buchan, 2017-11-06 In 366 devotions Angus Buchan offers the tools you need to grow in faith and to reap a harvest of abundance as you grow closer to God **Hearing God Speak (eBook)** Elize Parker, 2014-10-01 Following the success of her first devotional Seasons of the Heart Elize Parker once again provides the reader with unforgettable daily readings in Hearing God Speak The book provides inspiration and encouragement for a whole year and includes 365 devotions for spiritual growth Appropriate Bible verses with every devotion Encouraging thoughts Suitable daily prayers Comfort encouragement and much more Every month is constructed in a specific way to help readers build and deepen their relationship with the Creator The twelve months are compiled into themes including Goodness and Wisdom Hearing God Speak is a beautiful devotional that will be so much more than just a pretty book on your coffee table it will enrich your soul and ensure your ongoing spiritual growth It is also a special gift to anyone who wants to grow in their relationship with God *Sharing the Burden of Stories from the Tutsi Genocide* Anna-Marie de Beer, 2020-04-23 This book deals with literary representations of the genocide of the Tutsis in Rwanda The focus is a transnational polyphonic writing project entitled Rwanda crime par devoir de mmoire Rwanda Writing by Duty of Memory undertaken in 1998 by a group of nine African

authors This work emphasizes the Afropolitan cultural frame in which the texts were conceived and written Instead of using Western and Eurocentric tropes this volume looks at a so called minority trauma an African conflict situated in a collectivist society and written about by writers from African origin This approach enables a more situated study in which it becomes possible to draw out the local notions of ubuntu oral testimonies mourning traditions healing and storytelling strategies and the presence of the invisible As these texts are written in French and to date not all of them have been translated into English most academic research has been done in French This book thus assists in connecting English speaking readers not only to a set of texts written in French with significant literary and cultural value but also to francophone trauma studies research
