The Kingdom of God Among Muslims Dr. Nazir M. Gill,2011-11-14 Evangelism is always diffi cult among other religions particularly among Muslims anywhere in the world It is more problematic in the Muslim countries rather than the west because Muslim countries have laws to promote Islamic education and protect from other religions There are fi fty two countries called Muslim countries in the world Evangelism among Muslims in those countries is always abandoned in other words legally not allowed in the marketplace or other public places to share their faith among Muslims There are some countries have introduced Sharia laws to run their government affairs because in Islam politics and religion goes hand in hand This is called Islamilization in Pakistan Iran Iraq Saudi Arabia Syria and most other middle east countries Sometimes Christian missionaries evangelists educators and local Christian pastors do engage in evangelization or debates to share their faith with mutual understanding among Muslims Often however the result becomes a disaster missionaries evangelists educators and local pastors are killed due to the twisted ideology of some uneducated Muslim Imams Christian people are a local national minority in those Muslim countries It is sad to say that whenever American politicians introduce new policies in the world the Muslim countries somehow take American interests against Islam The Muslim religious leaders propagate American policies against Muslims The reaction against those policies strikes violent riots against Christianity The targets are local churches schools hospitals and academic institutions for their rage and anger Often these institutions are burned or destroyed because of the lack of knowledge The Kingdom of God in Working Clothes R. Paul Stevens,2022-08-05 Work occupies most of our waking time

whether it is in a factory office school or at home But unfortunately most people of faith separate their working life from their worshipping life Dualism is a pernicious heresy that has infected believers worldwide namely that church work and missionary service are holy and our everyday work is secular In this timely volume Stevens explores the connection of the kingdom of God the master thought of Jesus with the marketplace Traditionally people have either related the kingdom of God God s new world coming either exclusively for the present or only for the distant future But it is both now and coming This gives meaning hope and endurance to our work in the world So daily labor in the marketplace gets reoriented through

salty values and ingrained virtues We become double agent spies exploring the new world coming in everyday life We can also grapple helpfully with the resistance we face daily in the workplace There are many books on the kingdom of God and many on work Few have brought these two vital arenas of everyday service together It is indeed part of the good news
