McCroden, Thomas E. Nutter, 2019-05-09 A groundbreaking and comprehensive order of battle for German ground troops in WWII from the invasion of Poland to the final defeat in Berlin An indispensable reference work for Second World War scholars and enthusiasts **German Ground Forces of World War II** captures the continuously changing character of Nazi ground forces throughout the conflict For the first time readers can follow the career of every German division corps army and army group as the German armed forces shifted units to and from theaters of war Organized by sections including Theater Commands Army Groups Armies and Corps Commands it presents a detailed analysis of each corresponding order of battle for every German field formation above division This innovative resource also describes the orders of battle of the myriad German and Axis satellite formations assigned to security commands throughout occupied Europe and the combat zones as well as those attached to fortress commands and to the commanders of German occupation forces across Europe An accompanying narrative describes the career of each field formation and includes the background and experience of many of their most famous commanding officers **Scorched Earth** Paul Thomas Chamberlin, 2025-05-08 A radical new history of history's most brutal struggle for survival between imperial powers In popular memory World War II was an unalloyed victory for freedom over totalitarianism and democratic order over the age of empires **Scorched Earth** dispatches the myth of World War II as a good war Instead it reveals the conflict as a massive battle beset by vicious racial atrocities fought between rival empires across huge stretches of Asia and Europe The war was sparked by German and Japanese invasions that threatened the old powers' dominance not by Allied opposition to fascism The Allies achieved victory not through pluck and democratic idealism but through savage firebombing raids on civilian targets and the slaughter of millions of Soviet soldiers The Soviet Union and the United States emerged as hyper militarized new imperial powers each laying claim to former Axis holdings across the globe before turning on one another and triggering a new forever war Dramatically rendered and persuasively argued **Scorched Earth** shows that World War II marked the culmination of centuries of colonial violence and ushered in a new era of imperial struggle
