feverishly building nuclear weapons A new Axis of Evil is emerging led by Moscow and Tehran And Jon Bennett and Erin McCoy two senior White House advisors find themselves facing the most chilling question of their lives Is the world rushing to the brink of an apocalypse prophesied more than 2 500 years ago Radical Planes? 9/11 and Patterns of Continuity,2016-09-07 Radical Planes 9 11 and Patterns of Continuity edited by Dunja M Mohr and Birgit D wes explores the intersections between narrative disruption and continuity in post 9 11 narratives from an interdisciplinary transnational perspective foregrounding the transatlantic cultural memory of 9 11 Contesting the earlier notion of a cataclysm that has changed everything and critically reflecting on American exceptionalism the collection offers an inquiry into what has gone unchanged in terms of pre 9 11 post 9 11 and post post 9 11 issues and what silences persist How do literature and performative and visual arts negotiate this precarious balance of a pervasive discourse of change and emerging patterns of political ideological and cultural continuity *Religions and the Global Rise of Civilizational Populism* Ihsan Yilmaz,Nicholas Morieson,2023-01-12 This books explores the rise of civilizational populism throughout the world and its consequences Civilizational populism posits that democracy ought to be based upon enacting the people s will yet it adds a new and troubling dimension to populism s thin ideology a civilization based classification of peoples and division of society Today we increasingly find not conflict between civilizations but conflict within states over their civilizational identity From Western Europe to Turkey and from India and Pakistan to Indonesia populists are increasingly employing a civilization based classification of peoples in order to define the identities of the people and their perceived enemies This book is the first to examine civilizational populism as global phenomenon rather than a uniquely Western form of politics Through a series of case studies the book examines the role played by religion in forming civilizational identities but also investigates the often deleterious consequences of civilizational populism entering the political mainstream **Storytelling Against Extremism** Linda Schlegel,2025-05-23 Counter and alternative narrative CAN campaigns have become a widely used tool in contemporary efforts to prevent and or counter violent extremism P CVE However one element is conspicuously absent from the discourse There is little engagement with CANs as narratives and neither CAN theory nor practice are based on existing research findings on narrative persuasion processes This is a crucial gap in the current CAN approach Not situating CANs within the broader discourse on narrative persuasion and drawing from the insights narrative persuasion studies offer significantly weakens the theoretical foundation practical development storytelling quality and analysis of CAN campaigns This book addresses this research gap and transfers concepts theories and insights from narrative persuasion and storytelling research to the context of P CVE narrative campaigns The author demonstrates that the often criticized CAN approach can be improved significantly by understanding CANs as narrative persuasion campaigns and grounding them in existing research detailing how to tell entertaining and persuasive stories *Doctrine of Terror* Mahboob Illahi,2018-10-02 The book highlights the fact that Islam does not encourage or incite intolerance of other faiths and that it values sanctity of

human life regardless of religious affiliation and abhors violence and extremism as being perpetrated by the misguided muslim jihadists of al Qaeda ISIS and their associated terrorist groups that have been wreaking atrocities on defenseless civilian populations of Muslim majority countries including women and children The book describes the inception support and unlimited funding of these groups by the Sunni Arab countries and implores the Funders to discontinue their support forthwith to restore peace and stability to the marginalized communities particularly the Shia Muslims of the world who have been subjected to persecution for centuries ever since the advent of Islam in the seventh century following the death of the Prophet of Islam in 623 The book also implores the World powers to end their tacit support of terrorism by seriously confronting the supporters of terrorist groups without which the terrorism will not end *Moon-o-theism, Volume I of II* Yoel Natan,2006 This is volume one of a two volume study of a war and moon god religion that was based on the Mideast moon god religion of Sin *Macro structure of soorahs of Holy Quran* , an important helping book in understanding the Holy Quran *Global Warning* Tim F. LaHaye,Ed Hindson,Edward E. Hindson,2007 Combines ancient Bible prophecies with current events to reveal the signs that serve as a global warning that predicts the end of the world *The Certainty Trap* Bill Musk,2008-06-01 A certainty trap has sprung up within both Islam and Christianity resulting in a world struggling with the fallout from extremist and violent interpretations of what the word of God might mean In *The Certainty Trap* Musk looks at the phenomenon of fundamentalism in Christianity and its contributions toward the messy state of international affairs in which many especially Muslims find themselves today By scrutinizing sacred book interpretation in both the Islamic and Christian heritages *The Certainty Trap* challenges contemporary religious fundamentalism and is a timely contribution to Muslim Christian relations *Urban Terrorism* N. C. Asthana,Anjali Nirmal,2009 Outrageous myths have been created and perpetrated about terrorism in general and terrorism by Muslims in particular There are two reasons for it One is of course genuine ignorance about things Islamic The other reason is more sinister Myths are created and perpetuated because that keeps everyone in business By spinning yarns about the most horrible things the terrorists are capable of doing the media ensures that they have a never ending supply of sensational material with which to keep the people hooked it also enables the intelligence agencies and security forces to appear more relevant and expand their turf in the process The myths must be busted because they tend to settle deep in the collective subconscious and ultimately come to influence policy decisions The media for example would have you believe that we have not been able to eradicate terrorism only because we do not have enough commandos everywhere The fact is that terrorism would not be finished by killing a few terrorists Bomb blasts continue to take place in spite of the arrests of the masterminds As long as we do not address the root cause there would be many more willing to kill and get killed Victory against terrorism can be achieved only if you have completely understood the fundamental reasons of terrorism the motivation of the terrorists the intrinsic weaknesses of the targets the innate strength of the way of the terrorist and the follies of the approach that you have persisted with so far If a nation has floundered in its

war against terrorism it is because it has never had a serious and honest to God analysis of terrorism Hence this book Exhaustive yet attractive informative yet interesting and above all extremely hard hitting it is the ultimate encyclopedia of terrorism **Medieval Islamic Civilization** Josef W. Meri,2006 Examines the socio cultural history of the regions where Islam took hold between the 7th and 16th century This two volume work contains 700 alphabetically arranged entries and provides a portrait of Islamic civilization It is of use in understanding the roots of Islamic society as well to explore the culture of medieval civilization **The Cambridge Companion to Sufism** Lloyd Ridgeon,2015 This book traces the evolution of Sufism from the formative period to the present
