The Last Policeman:

The Last Policeman Ben H. Winters, 2012-07-10 The weird beautiful unapologetically apocalyptic Last Policeman trilogy is one of my favorite mystery series John Green author of *The Fault in Our Stars* and *Paper Towns* Winner of the 2013 Edgar Award Winner for Best Paperback Original What's the point in solving murders if we're all going to die soon anyway Detective Hank Palace has faced this question ever since asteroid 2011GV1 hovered into view There's no chance left No hope Just six precious months until impact The Last Policeman presents a fascinating portrait of a pre-apocalyptic United States The economy spirals downward while crops rot in the fields Churches and synagogues are packed People all over the world are walking off the job but not Hank Palace He's investigating a death by hanging in a city that sees a dozen suicides every week except this one feels suspicious and Palace is the only cop who cares The first in a trilogy The Last Policeman offers a mystery set on the brink of an apocalypse As Palace's investigation plays out under the shadow of 2011GV1 we're confronted by hard questions way beyond whodunit What basis does civilization rest upon What is life worth What would any of us do what would we really do if our days were numbered Ebook contains an excerpt from the anticipated second book in the trilogy *Countdown City* **World of Trouble** Ben H. Winters, 2014-07-15 A genre-defying blend of crime writing and science fiction Alexandra Alter *The New York Times* The explosive final installment in the Edgar Award-winning Last Policeman series With the doomsday asteroid looming Detective Hank Palace has found sanctuary in the woods of New England secure in a well-stocked safe house with other onetime members of the Concord police force But with time ticking away before the asteroid makes landfall Hank's safety is only relative and his only relative his sister Nico isn't safe Soon it's clear that there's more than one earth-shattering revelation on the horizon and it's up to Hank to solve the puzzle before time runs out for everyone Dangerous Davies, the Last Detective Leslie Thomas, 2001 Dangerous Davies is on another of his dead-end cases when he stumbles on to something much bigger the unsolved murder of a young woman in 1982 This is his chance to demonstrate his true abilities **The Last Detective** Peter Lovesey, 2012-07-26 The very first Peter Diamond mystery and Anthony Award-winning novel from the superb Peter Lovesey A woman's naked body is found floating in the weeds of a lake near Bath by an elderly woman walking her Siamese cats No one comes forward to identify her and no murder weapon is found but sleuthing is Superintendent Peter Diamond's speciality A genuine gumshoe practising door stopping and deduction he is the last detective Struggling with office politics and a bizarre cast of suspects Diamond strikes out on his own even when Forensics think they have the culprit Eventually despite disastrous personal consequences and amongst Bath's rambling buildings and formidable history the last detective exposes the uncomfortable truth The hidden identity of the master of elixirs , The Ninja Murders Andrew B. Suhrrer, 2011-02-25 The Ninja Murders Commodore Matthew Perry's expedition to Japan in 1853 was one of history's defining moments His visit ended over two hundred years of self-imposed isolation and precipitated the fall of the Shogunate It was also the moment that gave birth to Japanese

ambitions to rule East Asia and the Western Pacific America's desire to increase its international standing inadvertently opened a Pandora's Box that would lead to no less than five wars including World War II. However, *The Ninja Murders* is not a history book. It's a novel of historical fiction. And as every fan of the genre knows, behind every great historical event there is a hero deeply enmeshed in intrigue, danger, and romance. Samurai swords and sex. Another page-turner from Andrew Suhrer. Not only do we get a well-researched story but an incredibly entertaining one at that. Praise for Andrew B. Suhrer's *The Flying Dutchmen*. Surreal, stunning, heartwarming, and magnificent. Maggie Carter de Vries. Author Amelia's *Secrets*. Once I started reading it, I couldn't put it down. Annette Myers. Author *Shrinking Sands* of an African American Beach. A wonderfully researched and written book, a real page-turner to the very end. I could not put it down; the characters literally jump off the page as each battle on the field and crisis in daily life was fought. *The Power of Truth; Or, Results of Theatre Preaching and Extraordinary Tea Meetings in the South of London. First Police Woman Lisa Eisemann, 2006. Dating back to the days of the Wild West, Salinas has had a violent history. From the late 1890s when the first night watchmen patrolled the streets on foot and without training or weapons to the state-of-the-art department of 2005, the exceptional men and women who framed the early department are the subjects of many of the legends told in this history. Mae Eisemann was the first policewoman in Salinas and the first female to have a foot patrol in California. As such, she forged the way for other females in law enforcement. The rise of a detective division, the many personalities of the different chiefs, politics, and finance are all part of the history of the Salinas Police Department. Most of these stories have never been told outside the department, and with their telling comes a responsibility to the memory of fallen officers, an enlightenment for those who serve today, and an opportunity for healing for many families. Filled with both comedic and tragic episodes, the book details the history not only of the department but of her officers and non-sworn personnel through the years. Recounting the many heroic acts of officers, it also tells of personal tragedy and gives a voice to those who are unable to tell their stories themselves. As the granddaughter of the title character in this book, Lisa Eisemann had heard stories about her grandmother for many years. Although Mae Eisemann died less than one year before her birth, Lisa Eisemann kept yellowed newspaper clippings about cases her grandmother worked in the 1940s. From a young age, Eisemann knew she wanted to follow in her grandmother's footsteps and received a B.A. degree in Criminology and Sociology before attending graduate school where she studied Forensic Science. Licensed as a private investigator in 1995, Eisemann became interested in researching the history of the police department, particularly as it related to her grandmother's position as the first female police officer. Encouraged by the department's interest in a historical yearbook, she was able to research and write a book not only about Mae Eisemann but one which included all the characters of the police department from the time it was authorized in 1903. Lisa Eisemann is married to now-retired homicide detective Joe Gunter, whom she met while investigating a murder for the defense. Both are experts in crime scene processing and gangs. The two continue to live in

Salinas with their daughter Terrin who plans to become a police officer and hopes to work as a canine unit someday Eisemann also owns the Salinas School of Dance where she teaches ballet tap jazz and Irish dancing to hundreds of students each week As the director of the Spirit of Salinas Irish Dancers she and her team have traveled to Ireland to compete in a world level competition [A Policeman's Tale \(3rd Edition\) - Hardback](#) Patrick McNeill, [E.
