Mouse, 2018-11-20

THESE 24 Iroquois legends and stories have been told in the homes of the Iroquois for many centuries long before the white man arrived on the North American continent The perusal and study of these stories will it is believed give as much pleasure to the reader as they have given the compiler Of special interest is the Legend of Hiawatha made famous fifty years earlier by Henry Wadsworth Longfellow Some of the stories and legends in this volume are The Birth of the Arbutus A Legend Of The River Legends Of The Corn The First Winter The Great Mosquito The Story Of Oniata The Legends of Hiawatha and many many more The American Indians like so many cultures built neither monuments nor wrote books However they did make picture writings known in later years as wampum Mostly these were mere symbols recording mainly feats of arms However the Iroquois used wampum as a record of a person s credentials or a certificate of authority It was also used for official purposes and religious ceremonies and it was used as a way to bind peace between tribes Among the Iroquois every chief and every clan mother has a certain string of wampum that serves as their certificate of office When they pass on or are removed from their station the string will then pass on to the new leader Runners carrying messages during colonial times would present the wampum showing that they had the authority to carry the message Wampum is still used to this day by the Iroquois in the ceremony of raising up a new chief and in the Iroquois Thanksgiving ceremonies If the American forefathers had taken more interest in the peoples they found on the Western Continent spending less of their energies in devising plans for cheating the Indians out of their furs and lands a policy their descendants have closely followed and admirably succeeded in our libraries might contain volumes of fairy tales that would delight the youth of many generations

William Nelson Fenton,1998 *The Great Law* a living tradition among the conservative Iroquois is sustained by celebrating the condolence ceremony when they mourn a dead chief and install his successor for life on good behavior This ritual act reaching back to the dawn of history maintains the League of the Iroquois the legendary form of government that gave way over time to the Iroquois Confederacy Fenton verifies historical accounts from his own long experience of Iroquois society so that his political ethnography extends into the twentieth century as he considers in detail the relationship between customs and events His main argument is the remarkable continuity of Iroquois political tradition in the face of military defeat depopulation territorial loss and acculturation to European technology *Corey Village and the Cayuga World* Jack

Rossen,2015-08-27 The Cayuga are one of the original five nations of the Haudenosaunee Confederacy a powerful alliance of Native American tribes in the Northeast inhabiting much of the land in what is now central New York State When their nation was destroyed in the Sullivan Clinton campaign of 1779 the Cayuga endured 200 years of displacement As a result relatively little is known about the location organization or ambience of their ancestral villages Perched on a triangular finger of land against steep cliffs the sixteenth century village of Corey represents a rare source of knowledge about the Cayuga past transforming our understanding of how this nation lived In *Corey Village and the Cayuga World* Rossen collects data from archaeological investigations of the Corey site including artifacts that are often neglected such as nonprojectile lithics and ground stone In contrast with the conventional narrative of a population in constant warfare analysis of the site s structure and materials suggests a peaceful landscape including undefended settlements free movement of people and systematic trade and circulation of goods These findings lead to a broad summary of Cayuga archaeological research shedding new light on the age of the Haudenosaunee Confederacy and the role of the Cayuga in the American Revolution Beyond the comprehensive analysis of artifacts the Corey site excavation is significant for its commitment to the practice of indigenous archaeology in which Native wisdom oral history collaboration and participation are integral to the research

Canfield,2015-07-19 Excerpt from The Legends of the Iroquois Told by the Cornplanter The Indians neither built monuments nor wrote books The only records they made were those picture writings known in after years as wampum which were mere symbols recording feats of arms Consequently all that is known of them prior to the coming to America of Europeans is traditional or conjectural Not a page of their history has ever been written by any save their foes and the history thus written is so distorted and marred by prejudice that much of it is misleading In the veins of the red man ran the wild poetry and imagination of the hunt the chase the battle the capture the dance the forests the valleys the mountains the streams lakes and rivers for a thousand generations and yet they were without accomplishment in letters or arts Is it therefore strange that they held in great reverence the traditions and legends common in their tribes revered them as the early Christians revered the first copies of the sacred writings These legends were told over again and again for unknown years About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work
