## **The Liberator Angel:**

Angels, Let's Talk Orlando Constantine, 2007-10 The anointing received is the deciding factor of the truth on this subject which is unparalleled in content as being current biblical and to the point Why are you angels here where are you coming from and do you give a damn where you are going This book intend to bring a resolution to these questions and if eternal damnation is obvious redemption is also plausible as one extremity has a equal opposite except in the case of God Come now and let us reason together saith the LORD though your sins be as scarlet they shall be as white as snow though they be red like crimson they shall be as wool Isaiah 1 18      The Book of Angels Kaya, Christiane Muller, 2008 Through the traditional study of angels rediscover and develop the Angelic States of Consciousness that represent the essence of the divine qualities and virtues By reactivating these powerful Angelic Energies in your thoughts feelings and actions you will awaken a new way of understanding dreams signs and synchronicity Reading the real life experiences told in this book discover that the greatest teaching is that which is received through personal experience Become aware that every event meeting and word contributes to our evolution In simple language Kaya and Christiane Muller share with us the wealth of this teaching and its application to daily life They share their own experience and that of individuals who practice this ancient path of Knowledge To meditate with Angels is to experience spiritual autonomy      City of Angels Omar López Mato, 2002      Angels of Mercy William Seraile, 2021-05-20 This history of the nation's first orphanage for African American children founded in New York City nearly two centuries ago This book uncovers the history of the Colored Orphan Asylum founded in 1836 Through three wars two major financial panics a devastating fire during the 1863 Draft Riots several epidemics waves of racial prejudice and severely strained budgets it cared for orphaned neglected and delinquent children eventually receiving financial support from such renowned New York families as the Jays Murrays Roosevelts Macys and Astors While the white female managers and their male advisers were dedicated to uplifting these children the evangelical mainly Quaker founding managers also exhibited the extreme paternalistic views endemic at the time accepting advice or support from the African American community only grudgingly It was frank criticism in 1913 from W E B Du Bois that highlighted the conflict between the orphanage and the community it served and it wasn't until 1939 that it hired the first black trustee More than 15 000 children were raised in the orphanage and throughout its history letters and visits have revealed that hundreds if not thousands of old boys and girls looked back with admiration and respect at the home that nurtured them throughout their formative years Weaving together African American history with a unique history of New York City this is not only a painstaking study of a previously unsung institution but a unique window onto complex racial dynamics during a period when many failed to recognize equality among all citizens as a worthy purpose In its current incarnation as Harlem Dowling West Side Center for Children and Family Services it continues to aid children albeit not as an orphanage and maintains the principles of the women who organized it so long ago Scholars and general readers interested in New York history race
