**The Ten Tribes of Israel** Timothy R. Jenkins,2005-12 We know today that the original Indians of North America are not the lost tribes of Israel as so many antiquarians and historians from the 1790 s to the late 1800 s claimed them to be It is known today that the Western Hemisphere has had numerous visitors from across the sea both from the east and the west Some came to trade and depart while others came to stay The ones that might have stayed is the mystery Jenkins seeks answers to It is a paradox as to why so many artifacts are found in the Western Hemisphere which are clearly not part of the indigenous cultural matrix and are refused as authentic by most archaeologists Yet they are found all across this land of North America The most familiar word to describe these anomalous finds is

chosen for Himself should not be known The Jews were always known but where was Israel His inheritance Just at this point of my experience I came across a book entitled *Our Israelitish Origin* by the late John Wilson the reading of which confirmed me in my convictions and aided me to a better knowledge of the good Book of Providence After some twenty years of experience I began to teach the principles of interpretation embodied in these Discourses The public were interested and profited with the same as was manifest from the large and constant attendance thereon By personal interviews and letters I have been gratified to learn that many have been savingly and truly converted to God through these Discourses Especially has this been the case with those who were infidel in faith and action towards God and His Word For years I have also been greatly interested in Pyramidology in the teachings of the Great Pyramid at Gizeh in Egypt If one wants to go further and be specially informed on Pyramidology why let them get *Our Inheritance in the Great Pyramid* a work by Professor Piazzi Smyth Astronomer Royal of Scotland About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
