The Madwoman In The Volvo My Year Of Raging Hormones:

The Madwoman in the Volvo: My Year of Raging Hormones Sandra Tsing Loh, 2014-05-05 From an imaginatively twisted and fearless writer Los Angeles Times a hilarious memoir of middle age In a voice that is wry disarming and totally candid Sandra Tsing Loh tells the moving and laugh out loud tale of her roller coaster through the change This is not your grandmother s menopause story Loh chronicles utterly relatable everyday perils raising preteen daughters weathering hormonal changes and the ups and downs of a career and a relationship She writes also about an affair and the explosion of her marriage while managing the legal and marital hijinks of her eighty nine year old dad The upbeat conclusion it does get better

The Madwoman in the Volvo: My Year of Raging Hormones Sandra Tsing Loh, 2014-05-05 A writer performer and contributing editor to The Atlantic humorously chronicles her experiences going through menopause while dealing with the end of her marriage her preteen daughters and the hijinks of her eighty nine year old father

The Madwoman in the Volvo Sandra Tsing Loh, 2016-06-02 In ancient times tribal women went alone to caves during menopause Today the 50 million menopausal women in America turn to cheery self help books As for Loh and her female friends they are determined not to go quietly into their sixth decade but instead opt for a desert festival of debauchery and half nude stoners Based on her acclaimed memoir of the same title that Booklist calls hilarious comforting and enlightening Loh s play is a hilarious provocative often moving consideration of what it is to be a woman in a society that values and reveres youth

Harley and Me Bernadette Murphy, 2017-05-30 Bernadette Murphy s luminous book shows us how to take risks that make us fierce and vulnerable knowing that true strength is about being generous as much as it is about not giving in Emily Rapp Black author of *The Still Point of the Turning World* and *Poster Child* What happens when women in midlife step out of what s predictable For Bernadette Murphy learning to ride a motorcycle at forty eight becomes the catalyst that transforms her from a settled wife and professor with three teenage children into a woman on her own The confidence she gained from mastering a new skill and conquering her fears gave her the courage to face deeper issues in her own life and start taking risks It is a fact that men and women alike become more risk averse in our later years which according to psychologists and neuroscience is exactly what we should not do And Murphy stresses that while hers is a story of transformation using a physical risk emotional and educational risks can serve the same beneficial purpose for other women Murphy uses her own story to explore the larger idea of how risk changes our brain chemistry how certain personality types embrace dangerous behavior and why it energizes them and why women s expectations change once estrogen levels drop after the childbearing years She also explores the idea of women and risk in pop culture why there are so few stories of the conquering heroine instead of hero Surely Thelma and Louise driving off the cliff should not be our only pop culture reference for women finding true freedom With scientific research and journalistic interviews weaving through a page turning road trip narrative *Harley and Me* is a compelling look at how one woman changed her life and found deeper meaning out on the open road

Age, Gender and Sexuality through the Life Course Susan Pickard, 2018-04-19 *Age Gender and Sexuality through the Life Course* argues that the gendered structure of temporality defined in the dual sense of everyday time as well as age and stage of life is a key factor underpinning the stalling of the gender revolution Taking as its central focus the idealised young woman who serves as the mascot of contemporary success this book demonstrates how the celebration of the Girl is i representative of social mobility educational and professional achievement ii possesses diligence docility and emotional intelligence and iii displays a reassuring sexuality and youthfulness but is constructed from the outset to have a fleetingly short life span Pickard undertakes a theoretical and empirical exploration of the contemporary female experience of education work motherhood sexuality the challenge of having it all Furthermore through additional analysis of the transitional reproductive regime from youth into mid life and beyond this insightful monograph aims to demonstrate how age and time set very clear limits to what is possible and desirable for the female self yet how the latter factors also if used reflexively can provide the key means of resisting and challenging patriarchy This book is aimed at a broad interdisciplinary audience located in gender studies age studies culture studies sociology and psychology accessible for advanced undergraduates and beyond Feminist Collections ,2014
