Clandestine Marriage in England, 1500-1850 R. B. Outhwaite, 1995-01-01 While marriages were supposed to be celebrated publicly by priests in churches where the parties were known many couples had reasons among them parental disapproval religious nonconformity property considerations and previous entanglements to marry in other ways Clandestine marriage had represented a problem to the church and state and to the rights of property since the middle ages eluding a variety of attempts to control it By the eighteenth century it had become a scandal with Fleet parsons marrying thousands of couples a year In 1753 Lord Hardwicke's Marriage Act nullified such irregular marriages only to drive couples to seek other forms of privacy down to and beyond the introduction of civil marriage in 1836 In this intriguing book Brian Outhwaite explores the nature and scale of clandestine marriage He describes why it attracted so many customers and why it was so hard to suppress
