The Julius Katz Collection Ed Gorman, Dave Zeltserman, 2014-10-24 The award winning Julius Katz mysteries have delighted thousands of fans since first appearing on the pages of Ellery Queen Mystery Magazine in 2009 JULIUS KATZ introduced readers to Boston's most brilliant eccentric and possibly laziest detective as well as his sidekick Archie a tiny marvel of whizbang computer technology with the heart and soul of a hard boiled PI If you haven't had a chance to meet Julius and Archie yet now's your chance to get caught up in these charming delightful and very unusual mystery stories as this collection contains the first six Julius Katz mystery stories originally published in Ellery Queen Mystery Magazine as well as a never before published novella JULIUS KATZ AND THE CASE OF A SLICED HAM Praise for Julius Katz I love these stories Timothy Hallinan the author of The Queen of Patpong Julius Katz may be the titular star of Dave Zeltserman's new novel but it's the voice of his AI assistant Archie that carries the day Archie's more human than most real people and funnier too The satire bites and the mystery satisfies Julius and Archie became favorites of mine when they first appeared in Zeltserman's award winning short stories and they're even better in novel form Long may they thrive Bill Crider author of the Sheriff Dan Rhodes series Fans of Donna Andrews's Turing Hopper artificial intelligence mysteries rejoice Award winning author Dave Zeltserman has created silicon chip Archie the high tech sidekick to Julius Katz Boston's most famous and laziest wine drinking detective Here is a delightful traditional mystery that follows in the footsteps of Dorothy L Sayers's Lord Peter Wimsey series Naomi Hirahara Edgar Award winning author of the Mas Arai mysteries It's a nifty change of pace for the usually hard boiled Dave Zeltserman Clever sophisticated and witty Julius Katz Archie will thrill fans of Nero Wolfe and readers who never heard of him Zeltserman knows how to mix character action and plot and create a pitch perfect modern mystery More Sir The sooner the better Paul Levine author of Flesh Bones

More Julius Katz and Archie Dave Zeltserman, 2021-04-29 The award winning Julius Katz mysteries have delighted readers since first appearing in Ellery Queen Mystery Magazine in 2009 These stories introduced readers to Boston's most brilliant eccentric and possibly laziest detective as well as the most unusual sidekick in the annals of detective fiction a tiny marvel of whizbang computer technology named Archie who has the heart and soul of a hard boiled P I This second volume of Julius Katz mystery stories starts where the first volume THE JULIUS KATZ COLLECTION ends reprinting the next eight stories in this most unusual series Trading with the Enemy Hugo Meijer, 2016-03-01 In light of the intertwining logics of military competition and economic interdependence at play in US China relations Trading with the Enemy examines how the United States has balanced its potentially conflicting national security and economic interests in its relationship with the People's Republic of China PRC To do so Hugo Meijer investigates a strategically sensitive yet under explored facet of US China relations the making of American export control policy on military related technology transfers to China since 1979 Trading with the Enemy is the first monograph on this dimension of the US China relationship in the post Cold War Based on 199 interviews declassified documents and diplomatic

cables leaked by Wikileaks two major findings emerge from this book First the US is no longer able to apply a strategy of military technology containment of China in the same way it did with the Soviet Union during the Cold War This is because of the erosion of its capacity to restrict the transfer of military related technology to the PRC Secondly a growing number of actors in Washington have reassessed the nexus between national security and economic interests at stake in the US China relationship by moving beyond the Cold War trade off between the two in order to maintain American military preeminence vis vis its strategic rivals By focusing on how states manage the heterogeneous and potentially competing security and economic interests at stake in a bilateral relationship this book seeks to shed light on the evolving character of interstate rivalry in a globalized economy where rivals in the military realm are also economically interdependent **Multinational Corporations and United States Foreign Policy** United States.
