Glushko, 2014-08-25 Note about this ebook This ebook exploits many advanced capabilities with images hypertext and interactivity and is optimized for EPUB3 compliant book readers especially Apple s iBooks and browser plugins These features may not work on all ebook readers We organize things We organize information information about things and information about information Organizing is a fundamental issue in many professional fields but these fields have only limited agreement in how they approach problems of organizing and in what they seek as their solutions The Discipline of Organizing synthesizes insights from library science information science computer science cognitive science systems analysis business and other disciplines to create an Organizing System for understanding organizing This framework is robust and forward looking enabling effective sharing of insights and design patterns between disciplines that weren t possible before The Professional Edition includes new and revised content about the active resources of the Internet of Things and how the field of Information Architecture can be viewed as a subset of the discipline of organizing You ll find 600 tagged endnotes that connect to one or more of the contributing disciplines Nearly 60 new pictures and illustrations Links to cross references and external citations Interactive study guides to test on key points The Professional Edition is ideal for practitioners and as a primary or supplemental text for graduate courses on information organization content and knowledge management and digital collections FOR INSTRUCTORS Supplemental materials lecture notes assignments exams etc are available at <http://disciplineoforganizing.org>

FOR STUDENTS Make sure this is the edition you want to buy There s a newer one and maybe your instructor has adopted that one instead

The Discipline of Organizing: Core Concepts Edition Robert J. Glushko,2016-08-05 We organize things We organize information information about things and information about information Organizing is a fundamental issue in many professional fields but these fields have only limited agreement in how they approach problems of organizing and in what they seek as their solutions The Discipline of Organizing synthesizes insights from library science information science computer science cognitive science systems analysis business and other disciplines to create an Organizing System for understanding organizing This framework is robust and forward looking enabling effective sharing of insights and design patterns between disciplines that weren t possible before The 4th edition of this award winning and widely adopted text adds content to bridge between the foundations of organizing systems and the new statistical and computational techniques of data science because at its core data science is about how resources are described and organized The 4th edition reframes descriptive statistics as organizing techniques expands the treatment of classification to include computational methods and incorporates many new examples of data driven resource selection organization maintenance and personalization The Core Concepts edition is an abridged version that is simpler to read because it does not tempt the reader with the deep scholarly web of endnotes contained in the Professional edition Instead it seeks to reinforce the concepts and design patterns with numerous Stop and Think exercises and omits some of the theoretical nuance of the Professional edition to put more emphasis on concrete examples
