The Last Good Man A.J. Kazinski, 2012-03-29 According to Jewish scripture there are thirty six righteous people on earth Without them humanity would perish But the thirty six do not know that they are the chosen ones In Beijing a monk collapses in his chamber A fiery mark has spread across his back and down his spine In Mumbai a man who served the poor dies suddenly His body shows the same mark Similar deaths are reported in cities around the world the victims all humanitarians all with the same death mark In Copenhagen it falls to veteran detective Niels Bentzon to investigate He is told to find eight good people of Denmark and warn them of this threat But Bentzon is trained to see the worst in people and he becomes increasingly skeptical as he realizes that not everyone perceived to be good is truly good It is only when Niels meets Hannah a brilliant astrophysicist mourning the death of her husband that the pair begin to piece together the puzzle and a pattern emerges There have been thirty four deaths and there are two more to come According to the pattern Bentzon and Hannah can predict the time and place of the final two The murders will occur in Venice and Copenhagen And the time is now A breathtaking thriller Ekstra Bladet A catching and entertaining story told with breathtaking pace Politiken Beautifully done and the ending is truly surprising litteratursiden.dk *The Last New Dealer*

Millard Grimes, 2020-09-25 In 1992 A no shot candidate runs for president in the New Hampshire Democratic Primary while telling the story of how the United States evolved from 13 small scattered quarreling British colonies along the Atlantic Coast into the most powerful nation in history With a definite clear and unique message the candidate and his handful of helpers who include a recovering alcoholic who once worked for Jimmy Carter's campaign a young waitress who was a star basketball player in high school but fell into a deep depression caused by an episode in her senior year a retired New Hampshire newspaper publisher plus some former employees from his years as a newspaper publisher he manages to win the most votes on Primary night He goes from New Hampshire to win the Maine caucus the Georgia Primary and following an assassination attempt which kills one of his associates he wins Florida and comes close in New York making him the leading candidate for the Democratic nomination The candidate stresses that the strong U S central government is still the best one ever conceived and that it is the answer not the problem and has been the essential factor in the nation's three great transformative crises the American Revolution in which the colonies declared independence from England The Civil War

which established that the states were indeed one nation not just a collection of un united states and thirdly the New Deal which rescued the U S from economic depression prepared it to be the decisive power in winning World War II and laid the foundation for the modern U S and to a great extent the modern world The threat of a third party effort by Ross Perot throwing the election to the House of Representative persuades him to withdraw and support the better financed and organized Bill Clinton for the November election This history is delivered in a dramatic fictional saga written in a newspaper style which makes it easy to digest for the average reader Its characters are well defined and its narrative plausible in the final analysis It is anti war pro democracy and advocates political campaigns without a lot of consultants and image makers
