**A Beginner's Guide to the Stock Market** Francisca Serrano,2015-10-11

I met Paqui in Granada attending the ofi cial presentation of her book After her speech she approached me to say I work as a trader a couple of hours a day and I make money My broker is in the USA and I only operate intraday Astonished and eyes wide open it took me a while to answer back Ignorant and layman I then decided to come clean Sorry Paqui can you please tell me what is that trading stuff about To my surprise in simple words lots of pedagogics and warm enthusiasm she explained me the

basics of a thrilling activity to everyone's reach as long as you are motivated and focused on being trained and that is how this manual was born In this book the authoress unveils her secrets The basics of trading general ideas on stock markets knowledge and practical advice that will allow anyone interested to start diving safely in such vibrant activity On a simple but intelligent way she shares with her readers the knowledge acquired along her successful career However she does not limit herself to passively repeating basics of stock markets theory but leads by example At first she made and still makes money with her trading activity but afterwards she was willing to open the doors of her knowledge base to everyone a beautiful gesture most of her readers will be grateful for life Manuel Pimentel Would you like to reduce your working hours Would you like to achieve economic Independence Is there really people out there that make a living working just a couple of hours a day How do they do it Could I be one of them Which is the initial investment required to be a day trader This Manual answers these and many other questions about the thrilling stock markets world so that anyone can start operating in the world's biggest Marketplace

Simple & Easy Stock Trading Strategies Josef Fluse, I have seen brand new investors and traders around the world waste a serious amount of valuable education and training time on learning information that will not do them any good and can even cause them to lose some of their hard earned money right away in the live markets No one wants that however it is a huge mistake that virtually all brand new traders make because they don't know any better after reading this book you will I don't care where you trade from or what you trade Dubai to Detroit or Mumbai to Manhattan doesn't matter because a chart is a chart and supply and demand is supply and demand period live markets don't work any other way no matter where in the world you are or what your trading even camels or goats New traders all around the world spend waaaay too much time on looking for the magical combination of indicators settings and colors they think will show them something that is going to help them make more money There are no shortcuts or bells that go ding to tell you to enter the right position so stop looking right now and if you are using something like that and you're losing money that is why All you need to see is right in front of you on the price chart and that is price and time Those are the only things that professional traders care about and nothing else You can certainly use your chart like a crystal ball to tell you where price will go with a high degree of certainty When you are done reading this book you will have an excellent basic explanation of what and what not to do before you even study anything or do any kind of education The information in this book will put you on the fast track to becoming a successful self directed investor and trader no matter where you trade from in the world or what you trade with very little money invested This book gives you the brutal and harsh truth of what happens in real life in real time and in real money in the world's live markets every day There are no short cuts and you must do the time if you want to drive your own money train to the bank

Simple Daily Chart Stock Trading Method J. Geruto, Simple Daily Chart Stock Trading Method is meant to expedite your learning curve which can sometimes be long and costly You can Google this or that information however it would take you many years to learn what I am going to tell you in this book before you could

invest any of your hard earned real money in the live markets and have a chance making real money This book is easy to read and most importantly will be effective in helping a brand new trader understand what sort of foundation will be necessary to succeed as a financial market trader New traders come into this business with a huge ego and a feeling of invincibility and think they are going to beat the market 97% fail don't be that trader What you will learn in Simple Daily Chart Stock Trading Method will fast track your knowledge of what you need to know to get started learning You can perhaps go from knowing 0 to trading and making real money in the live markets in as little as 30 days to a couple of months if you do what it says in this book and only look at daily charts to work from as a beginner This time frame is the easiest to learn as a beginner and may well take you less or more time depending on how fast you grasp the basic principles of this book and how fast you can employ them in a live market environment Do you want to make money right away in the live market or waste time and perhaps A LOT OF MONEY on doing things the wrong way from the start the cost of which can be steep and be an account killer and no one wants that right Learn to use a daily chart and you will be on your way to becoming a financially successful and consistently profitable trader right from the start
