From 1918 s *Tickless Time* through *Waiting for Lefty* *Death of a Salesman* *A Streetcar Named Desire* *A Raisin in the Sun* and *The Prisoner of Second Avenue* to 2005 s *The Clean House* domestic labor has figured largely on American stages No dramatic genre has done more than the one often dismissively dubbed kitchen sink realism to both support and contest the idea that the home is naturally women s sphere But there is more to the genre than even its supporters suggest In analyzing kitchen sink realisms Dorothy Chansky reveals the ways that food preparation domestic labor dining serving entertaining and cleanup saturate the lives of dramatic characters and situations even when they do not take center stage Offering resistant readings that rely on close attention to the particular cultural and semiotic environments in which plays and their audiences operated she sheds compelling light on the changing debates about women s roles and the importance of their household labor across lines of class and race in the twentieth century The story begins just after World War I as more households were electrified and fewer middle class housewives could afford to hire maids In the 1920s popular mainstream plays staged the plight of women seeking escape from the daily grind African American playwrights meanwhile argued that housework was the least of women s worries Plays of the 1930s recognized housework as work to a greater degree than ever before while during the war years domestic labor was predictably recruited to the war effort sometimes with gender bending results In the famously quiescent and anxious 1950s critiques of domestic normalcy became common and African American maids gained a complexity previously reserved for white leading ladies These critiques proliferated with the re emergence of

feminism as a political movement from the 1960s on After the turn of the century the problems and comforts of domestic labor in black and white took center stage In highlighting these shifts Chansky brings the real home **Our Dramatic Heritage: Classical drama and the early Renaissance** Philip George Hill,1983 A multi volume series that surveys European drama from ancient Greece to the mid twentieth century Academy, with which are Incorporated Literature and the English Review ,1892 **A Catalogue of the Library of the Times Book Club 1921** Times Book Club Library (London),1921 British Drama, 1533-1642: 1609-1616 Martin Wiggins,Catherine Teresa Richardson,2012 This is the sixth volume of a detailed play by play catalogue of drama written by English Welsh Irish and Scottish authors during the 110 years between the English Reformation to the English Revolution covering every known play extant and lost including some which have never before been identified It is based on a complete systematic survey of the whole of this body of work presented in chronological order Each entry contains comprehensive information about a single play its various titles authorship and date a summary of its plot list of its roles and details of the human and geographical world in which the fictional action takes place a list of its sources narrative and verbal and a summary of its formal characteristics details of its staging requirements and an account of its early stage and textual history *British Drama, 1533-1642: 1598-1602* Martin Wiggins,Catherine Teresa Richardson,2012 This is the fourth volume of a detailed play by play catalogue of drama written by English Welsh Irish and Scottish authors during the 110 years between the English Reformation to the English Revolution covering every known play extant and lost including some which have never before been identified It is based on a complete systematic survey of the whole of this body of work presented in chronological order Each entry contains comprehensive information about a single play its various titles authorship and date a summary of its plot list of its roles and details of the human and geographical world in which the fictional action takes place a list of its sources narrative and verbal and a summary of its formal characteristics details of its staging requirements and an account of its early stage and textual history Volume IV covers the period during which dramatic satire emerged as well as the opening of the original Globe theatre in London **Athenaeum and Literary Chronicle** ,1866 **British Museum Catalogue of printed Books** ,1884 **A New English Dictionary on Historical Principles** James Augustus Henry Murray,1908
