## **The Man Nobody Knows:**

**The Man Nobody Knows** Bruce Barton, 2011-10-13 The Man Nobody Knows is a 1925 work by American author and advertising executive Bruce Fairchild Barton. His second book, it presents Jesus Christ as a businessman and founder of Modern Business in an attempt to make the story accessible to contemporary businessmen. When first published, it shot to the top of the non-fiction bestseller list. Contents include: Bruce Fairchild Barton, How it Came to Be Written, The Leader, The Outdoor Man, The Sociable Man, His Method, His Works and Words, and The Master. Many vintage books such as this are increasingly scarce and expensive. It is with this in mind that we are republishing this volume now in an affordable modern high quality edition complete with a specially commissioned new biography of the author. [The Man Nobody Knew](#) Garrett C. Whitworth, 2016-05-06 Philip, you and all the rest of you too have been with me for almost three years and yet you still don't know me. We were shocked to hear these words. All twelve of us had been his closest associates these past three years. We had traveled throughout our home country with him. We had carefully observed him interact with all types of people in all manner of circumstances. We were puzzled, dismayed, even angry at what we thought was his unjust and untrue characterization of us, his dearest friends. Had our service to him and his cause been in vain? Within these pages, Garrett Whitworth introduces The Man Nobody Knew, the man every person somehow innately desires to know. It's an irresistible, compelling, surprising road trip from Nazareth to Jerusalem, from a wooden manger to a wooden tree. Feel the Palestinian dust in your sandals, savor fish freshly roasted over an open fire by the Sea of Galilee, see him walk on water and raise the dead, hear him say, Follow me. Ted Hamilton MD. **The Man Nobody Knows** Roy Pateman, 2005-01-05 In this book, Roy Pateman provides the most reader-friendly up-to-date biography of B. Traven, an enigmatic writer whose readership spread across broader class, race, and language divides more than anyone else writing during the twentieth century. This unconventional biography discusses Traven's alternative histories, followed by an attempt to find out the major influences of this elusive man. Pateman addresses Traven's politics, his life of humanist anarchism, and discusses all of his works in English and German, emphasizing *The Death Ship*, *The Treasure of the Sierra Madre*, and *The Jungle Sextet*. Also included is a chronology of Traven's life, which is fuller than that found in any other study. The book ends with a modest solution to the intractable problem of who Traven really was and where he was born and raised. **The Man Nobody Knows** Bruce Barton, 1944 **The Man Nobody Knows, Etc. [Aspects of the Life of Jesus Christ.].** Bruce BARTON, 1925

**America's Economic Moralists** Donald E. Frey, 2009-02-06 Since colonial times, two discernable schools have debated major issues of economic morality in America. The central norm of one morality is the freedom or autonomy of the individual and defines virtues, vices, obligations, and rights by how they contribute to that freedom. The other morality is relational and defines economic ethics in terms of behaviors mandated by human connectedness. *America's Economic Moralists* shows how each morality has been composed of an ethical outlook paired with a compatible economic theory, each supporting the other.

Donald E Frey adopts a multidisciplinary approach not only drawing upon historical economic thought American religious thought and ethics but also finding threads of economic morality in novels government policies and popular writings He uses the history of these two supported yet very different views to explain the culture of excess that permeates the morality of today's economic landscape The Man Nobody Knows Bruce Barton, Somebody's Darling Kent Gramm, 2002-05-22 In his latest book Kent Gramm examines the meaning of the Civil War experience in our lives and explores philosophical and personal aspects of the War that lie outside the scope of traditional historical study He probes the meaning of Gettysburg the Wilderness and Antietam the lives of U S Grant Robert E Lee O O Howard and Chief Joseph of the Nez Perce and the legacy of the unknown participant somebody's darling for whom the war would come to encompass all things The Iron Brigade appears along with its 20th century successor the 32nd Red Arrow Division Readers of Gramm's previous books will not be surprised to find essays that touch on Walt Whitman John Keats Henrik Ibsen and Halldor Laxness as well as such literary and religious works as the Iliad and the Bhagavad Gita Gramm also treats more popular fare such as the movie Gettysburg and a series of books on the ghosts of Gettysburg In each of his subjects Gramm finds the deep personal significance of the profoundly universal experience of the war as he ponders the special meaning of the Civil War in the lives of many Americans

**Adman's Dilemma** Paul Rutherford, 2018-01-01 The Adman's Dilemma is a cultural biography that explores the rise and fall of the advertising man as a figure who became effectively a licensed deceiver in the process of governing the lives of American consumers Apparently this personage was caught up in a contradiction both compelled to deceive yet supposed to tell the truth It was this moral condition and its consequences that made the adman so interesting to critics novelists and eventually filmmakers The biography tracks his saga from its origins in the exaggerated doings of P T Barnum the emergence of a new profession in the 1920s the heyday of the adman's influence during the post WW2 era the later rebranding of the adman as artist until the apparent demise of the figure symbolized by the triumph of that consummate huckster Donald Trump In The Adman's Dilemma author Paul Rutherford explores how people inside and outside the advertising industry have understood the conflict between artifice and authenticity The book employs a range of fictional and nonfictional sources including memoirs novels movies TV shows websites and museum exhibits to suggest how the adman embodied some of the strange realities of modernity *Twentieth-century American Success Rhetoric* John D. Ramage, 2005 Self help authors like Tom Peters and Stephen Covey who have dominated best seller lists over the last two decades have exercised increasing influence on political governmental and educational organizations By contrast the topic of American success books texts that promise to help readers succeed by retrofitting their identity to meet workplace demands has been ignored by scholars since the 1980s John Ramage challenges the neglect of this hugely popular literature and revives a once lively conversation among eminent critics about the social phenomenon represented in the work of Bruce Barton Dale Carnegie and Norman Vincent Peale among others Using literary texts from Don Quixote to Catch 22 to gloss the discussion Ramage utilizes Kenneth Burke

s rhetorical theory to understand symbolic acts and social issues and brings together earlier commentaries within a new critical framework He considers the problematic and paradoxical nature of success and examines its meaning in terms of its traditional dialectic partner happiness A synopsis of seventeenth to nineteenth century forerunners prefaces this analysis in which Ramage links literary code heroes with the activities of twentieth century business leaders to determine whether in the search for authenticity the heroic individual or the corporation is ultimately served This comprehensive study chronicles the legitimization of the success book genre enumerates rhetorical strategies used to win over readers and supplies the historical context that renders each book s message timely After considering some of the dangers of crossing disciplinary borders as exemplified by Deborah Tannen s work Ramage critiques Stanley Fish s theoretical strictures against this practice finally summoning academic critics to action with a strong call to exert greater influence within the popular marketplace

*Do Real Men Pray?* Charles H. Lippy, Jeffrey B. Leak, 2005 White male spirituality and the Christian man The dutiful patriarch The gentleman entrepreneur The courageous adventurer The efficient businessman The positive thinker The faithful leader Male spirituality in white Protestant America

**The Family** Jeff Sharlet, 2008 A journalist s penetrating and controversial look at the untold story of Christian fundamentalism s most elite organisation a self described invisible global network dedicated to a religion of power for the powerful They are the Family fundamentalism s avant garde waging spiritual war in the halls of American power and around the globe They consider themselves the new chosen congressmen generals and foreign dictators who meet in confidential cells to pray and plan for a leadership led by God to be won not by force but through quiet diplomacy Jeff Sharlet is the only journalist to have reported from inside its walls The Family is about the other half of American fundamentalist power not its angry masses but its sophisticated elites In public they host Prayer Breakfasts in private they preach a gospel of biblical capitalism military might and American empire Citing Hitler Lenin and Mao as leadership models the Family s current leader Doug Coe declares We work with power where we can build new power where we can t Part history part investigative journalism The Family is a compelling account of how fundamentalism came to be interwoven with American power and the no holds barred economics of globalisation No other book about the Right has exposed the Family or revealed its far reaching impact on democracy and no future reckoning of fundamentalism will be able to ignore it

Twitchell, 2007-09-18 Not so long ago religion was a personal matter that was seldom discussed in public No longer Today religion is everywhere from books to movies to television to the internet to say nothing about politics Now religion is marketed and advertised like any other product or service How did this happen And what does it mean for religion and for our culture Just as we shop for goods and services we shop for church A couple of generations ago Americans remained in the faith they were born into Today many Americans change their denomination or religion sometimes several times Churches that know how to appeal to those shopping for God are thriving Think megachurches Churches that don t know how to do this or don t bother are fading away Think mainline Protestant churches Religion is now celebrated and shown off like a fashion accessory We can wear our religious affiliation like a designer logo But says James Twitchell this isn t because Americans are undergoing another Great Awakening rather it s a sign that religion providers that is churches have learned how to market themselves There is more competition among churches than ever in our history Filling the pew is an exercise in salesmanship and as with any marketing campaign it requires establishing a brand identity Successful pastors pastorpreneurs Twitchell calls them know how to speak the language of Madison Avenue as well as the language of the Bible In this witty engaging book Twitchell describes his own experiences trying out different churches to discover who knows how to do church well He takes readers into the land of karaoke Christianity where old style contemplative sedate religion has been transformed into a public interactive event with giant screen televisions generic iconography when there is any at all

and ample parking Rarely has America's religious culture been examined so perceptively and so entertainingly Shopping for God does for religion what Fast Food Nation has done for food     The Christian History Devotional J. Stephen Lang, 2012

Kenneson, Jim Street, 2003-07-24

Marketing the church is hot For many church leaders marketing might even be the first article of their creed which goes something like this We believe that our church determines its identity and mission through the tactics of marketing strategies Theologians Kenneson and Street offer a thoughtful and provocative protest with a foreword from Stanley Hauerwas The authors expose the theological presuppositions that inform the marketing project and help us to see that the marketer's presumption that form can be separated from content of the gospel betrays an understanding of the gospel that cannot help betraying the gift that is Christ The authors propose an alternative constructive account of the church's mission and purpose that is not based on exchange of value but on reminding us that the gospel is always a gift a gift that makes impossible any presumptions that there can be an exchange between human beings and God that is rooted in the satisfaction of our untrained needs The cross and resurrection challenge the world's understanding of what our needs should be
