## **The Journey Of Modern Theology From Reconstruction To Deconstruction:**

**The Journey of Modern Theology** Roger E. Olson, 2013      **The Journey of Modern Theology** Roger E. Olson, 2013-11-01 In this major revision and expansion of the classic 20th Century Theology 1992 coauthored with Stanley J Grenz Roger Olson tells the full story of modern theology from Descartes to Caputo from the Kantian revolution to postmodernism now recast in terms of how theologians have accommodated or rejected modernity      **Theology and the Anthropology of Christian Life** Joel Robbins, 2020 How can we understand the role of religion in human experience and social life This book argues that anthropology and theology can work together to answer this question Robbins provides clear accounts of contemporary anthropological theory and theological debates around issues such as atonement sin and the potentials and limits of human action      **Experience, Culture and Religion in Systematic Theology** Edmond Zi-Kang Chua, 2023-01-01 Most systematicians take as their starting point the nature of God and scripture as the means by which God's nature is revealed but what would a systematic theology look like that began with an experiential knowledge of God Here Edmond Chua offers a method for just such an approach Beginning with realms of human experience including psychology cultural diversity and religious plurality he builds the framework of a systematic theology that is inclusive and pluriform while retaining the core tenets of a Christian doctrine of God Notwithstanding his novel methodology Chua's argument remains biblically rooted and appreciative of the Christian tradition In the latter half of the book he returns to the classical doctrines of the Trinity Christology evil sin and salvation allowing his inclusive view of the human religious experience to shed new light on the wisdom bequeathed by Paul Augustine Aquinas Luther Barth and others The result is a bold Christian vision that is culturally engaged and globally applicable of interest to systematic theologians while contributing to interreligious dialogue      Generous Orthodoxies Paul Silas Peterson, 2020-04-30 After the birth of the Protestant ecumenical movement in the late nineteenth and early twentieth centuries and following the first great wave of universal Christian ecumenism in the 1960s and 1970s after the Second Vatican Council prominent theologians of nearly every ecclesial tradition charted new territory in the last decades of the twentieth century They crossed boundaries within their own ecclesial traditions and built bridges to other Christian churches churches that were once excluded from fellowship In the development of these new programs of ecumenical theology the theologians redefined their own confessional identities and in many cases crossed the liberal conservative divide within their own traditions This volume introduces this fascinating dynamic of theological mediation redefinition and generosity It shows how the ecumenical impulses which were directed outwardly to other traditions had reflexive effects inwardly Working in the realms of both historical and systematic theology the essays in this volume provide a critical analysis of the history of this general theological sentiment and offer an outlook for its future Contributors Brian D McLaren Foreword Paul Silas Peterson Introduction Part One Ecumenical reform theologies Andrew Meszaros Yves Congar The Birth of Catholic Ecumenism Matthew L Becker Edmund Schlink Ecumenical

**The Intimidation Factor** Charles Redfern, 2020-08-05 What do we do when a formerly vibrant back to the Bible movement drifts into a toxic swamp rimmed with attack dogs Charles Redfern faces that grim question squarely He discovers that American evangelical Christianity which surged in the mid twentieth century and offered a more genteel intellectually vigorous alternative to caustic fundamentalism fell into the hands of intimidators and backbiters It was a short journey from there to the movement's partisan sell out and the abandonment of time honored creeds Redfern describes his own story in which he came into the faith at the movement's height in the 1970s then views evangelicalism's decay across its spectrum He doesn't spare conflict adverse moderates in the process But he also discovers hope A winsome remnant survives and its wooing the back to the Bible people back to the Bible bearing the fruits of the Holy Spirit as they do      **Redemption**

**That Liberates** Wonho Jung, 2018-02-08 This book is for both evangelicals and ecumenicals interested in a holistic approach to the Christian vision of social transformation The author compares Richard Mouw's Reformed political theology and Nam dong Suh's Minjung theology to suggest a vision of transformation that is theologically more cogent and politically more engaged In general Minjung theology understands transformation in terms of political liberation and Reformed theology in terms of spiritual redemption and theologians of the two theologies have criticized the other's approach as theologically inadequate However Suh's formulation of Minjung theology and Mouw's Reformed political theology based on the neo Calvinist worldview show significant affinities with each other in their understanding of transformation in Christ Both Suh and Mouw show a broad understanding of liberation and redemption They develop their theologies in an inclusive both and way of thinking and their holistic approach is contrasted with the exclusive either or way of thinking in the Minjung theology of Byung mu Ahn and the Reformed theology of David VanDrunen The book concludes that redemption in Christ aims at an all encompassing transformation that includes not only spiritual renewal but also liberation from social alienation economic inequality and political oppression

The Way of the Kenotic Christ Samuel J. Youngs, 2019-10-25 Despite his vast importance to twentieth century theology Jurgen Moltmann's Christology has yet to receive the same level of in depth exploration as other topics in his thought Samuel Youngs addresses this lacuna providing the first exhaustive analysis of Moltmann's doctrine of Christ including its key developments and controversial elements Youngs argues that Moltmann's doctrine of Christ is best understood as a unique variation of kenotic Christology This vision of Christ encapsulates not only a series of vibrant ethical and eschatological points but also serves Moltmann's overarching theological goal of empowering a church that lives and ministers under the cross Part I highlights key facets of Moltmann's theological method before unfolding the range of diverse themes that characterize his Christology Part II explores Moltmann's use of the kenosis hymn of Philippians 2 before interrogating Moltmann's relationship to christological tradition Part III engages in an original systematization of Moltmann's Christology centered on the theme of manifold relational kenosis

*God in the Labyrinth* Andrew Hollingsworth, 2019-10-11 In *God in the Labyrinth* Andrew Hollingsworth uses Umberto Eco's semiotic concept of the model encyclopedia as the basis for a new model and approach to systematic theology Following an in depth analysis of the model encyclopedia in Eco's semiotics he demonstrates the implications this model has for epistemology hermeneutics and doctrinal development This work aims to bridge the unfortunate gap in research that exists between the fields of systematic theology and semiotics by demonstrating semiotic insights for theological method

God and the Green Divide Amanda J. Baugh, 2017 American environmentalism historically has been associated with the interests of white elites Yet religious leaders in the twenty first century have helped instill concern about the earth among groups diverse in religion race ethnicity and class How did that happen and what are the implications Building on scholarship that provides theological and ethical resources to support the greening of religion *God and the Green Divide* examines religious environmentalism as it actually

happens in the daily lives of urban Americans Baugh demonstrates how complex dynamics related to race ethnicity and class factor into decisions to go green By carefully examining negotiations of racial and ethnic identities as central to the history of religious environmentalism this work complicates assumptions that religious environmentalism is a direct expression of theology ethics or religious beliefs

**Revisioning, Renewing, Rediscovering the Triune Center** Derek J. Tidball, Brian S. Harris, Dr Jason S Sexton, 2014-11-10 An international cast of theologians come together in this volume to offer essays in tribute to the late Stanley J Grenz one of the leading theologians of his generation Accordingly the volume includes timely explorations in some of the most exciting areas in contemporary theology It is only fitting that these very explorations revolve around the key motifs of Grenz s theology Trinity community eschatology and the key sources from which he drew for theology s construction Scripture tradition culture While engaging key features seen in Grenz s work some of the essays here interact with Grenz s own writings reflecting on his theological journey and his contributions to evangelical theology In these ways this volume highlights the kind of evangelical theology that so many have experienced in recent years and of which Stan Grenz was a leading proponent Revisioning Renewing Rediscovering the Triune Center then makes a significant contribution to discussions in contemporary theology while itself setting out to honor the life and work of an eminent theologian who did so much for evangelical theology

*The Supernatural and the Circuit Riders* Rimi Xhemajli, 2021-06-22 In *The Supernatural and the Circuit Riders* Rimi Xhemajli shows how a small but passionate movement grew and shook the religious world through astonishing signs and wonders Beginning in the late eighteenth century early American Methodist preachers known as circuit riders were appointed to evangelize the American frontier by presenting an experiential gospel one that featured extraordinary phenomena that originated from God s Spirit In employing this evangelistic strategy of the gospel message fueled by supernatural displays Methodism rapidly expanded Despite beginning with only ten official circuit riders in the early 1770s by the early 1830s circuit riders had multiplied and caused Methodism to become the largest American denomination of its day In investigating the significance of the supernatural in the circuit rider ministry Xhemajli provides a new historical perspective through his eye opening demonstration of the correlation between the supernatural and the explosive membership growth of early American Methodism which fueled the Second Great Awakening In doing so he also prompts the consideration of the relevance and reproduction of such acts in the American church today

*The Historical Jesus and the Christ of Faith* George Demettrion, 2017-01-11 *The Historical Jesus and the Christ of Faith* examines the conflicting views of Marcus Borg and N T Wright on the long standing question of the relationship between the life and times of Jesus of Nazareth and the Christ of faith as depicted in the New Testament Demettrion has created a study designed to supplement and expand on the discussion laid out in Borg s and Wright s widely read *The Meaning of Jesus Two Views* While the author is more empathetic to Wright s emphasis on the continuities between the Jesus of history and the Christ of faith as illuminated throughout the New Testament he is critical of Wright s overemphasis on history In placing his interpretive

emphasis on the revelatory dynamic of the canonical Scripture and the Great Tradition of Christian orthodoxy Demetrios calls for a fourth quest for the historical Jesus that starts from a position firmly rooted in biblical faith and works backwards in search of historical roots In this he draws on the Pauline vision of God reconciling the world to himself in Christ 2 Cor 5 19 as his underlying hermeneutics In exploring the broad range of issues that underpins the continuity discontinuity question Demetrios has provided a resource designed to span a wide audience from Christian adult study groups interested in tackling books like The Meaning of Jesus to graduate level seminary students and professors Making Christ Real Samuel J. Youngs, 2022-10-27 Kenosis or self emptying poses a fundamental question to any theological discussion about Jesus Christ In becoming human did God empty himself of any divine qualities Many variations on kenotic Christology have emerged over the past 200 years most of them claiming to both preserve and highlight the true humanity and ecclesial significance of Jesus Christ While there is much to commend in these efforts Samuel Youngs contends that nearly all such kenotic attempts have against their best intentions fallen into an echo chamber of abstraction and metaphor rendering their talk about Jesus Christ and analysis of the Gospels fundamentally unreal and lacking in material significance for today's living church Most fundamentally many kenotic accounts pay inadequate attention to Christ's lived accomplishment his current presence and the modes of praxis that he makes real in the world In dialogue with the important movement known as Transformation Theology Youngs unfolds a detailed critique of method and discourse in kenotic christologies Turning then to the vibrant christological thought of Jürgen Moltmann a different outlook on kenosis is articulated and defended one that is relational concrete and praxiological Christ-Oriented Expository Preaching Kyoochan Lee, 2020-07-24 This book provides an exegetical theological rhetorical paradigm the Christ oriented approach Lk 24 27 44 that facilitates accuracy effectiveness and practicality in preaching the New Testament use of the Old In providing a practical expository model and sermon preparation evaluation principles this work moves beyond the level of theory into the realm of praxis and will thus appeal to practitioners as well as to academics **God's Shining Forth** Andrew R. Hay, 2017-04-24 God's Shining Forth offers a theological presentation of divine light in which the leading motif is the doctrine of the Trinity More precisely this study is organized around a double trinitarian theme God is light in himself and from himself God is radiant in relation to human creatures This double affirmation is expounded by considering its extensions in the work of God's grace in ecclesiology and in the nature of theological intelligence The chosen conversation partners in this study are some of the leading pro Nicene trinitarian theologians of the fourth century plus John Calvin Karl Barth and a selection of contemporary authors Andrew Hay argues that the scriptural statement God is light is best understood as a confession of the eternal fully realized life of the triune God in its wholly gratuitous electing reconciling and illuminating human creatures in the darkness of sin and death Deconstruction and the Spirit Esteban Solís, 2024-02-28 Deconstructive faith experiences are growing in number throughout global Christianity Factors like globalization individualism education post colonial experiences fundamentalism

connectivity and others contribute to accelerate this trend and shape the environment of faith communities that find themselves amongst increasingly postmodern tendencies Many pastors are deciding to ignore the situation by rejecting deconstruction altogether while others are embracing it blindly Since an overwhelming number of churches worldwide embrace Pentecostalism Esteban Solis proposes a pastoral response from a distinctively Pentecostal perspective that engages deconstruction of faith critically while staying open to conceive it as a tool for Spirit led discipleship that can produce a more mature faith The book examines six affirmations made by Jacques Derrida that explain deconstruction Each of these is contrasted with specific examples of cultural changes taking place in Costa Rica Peter s experience at the house of Cornelius and a Pentecostal perspective By exploring a variety of authors Solis identifies different tools that can help pastors to better understand the experience of deconstruction while engaging in discipleship practices that can produce mature believers in a postmodern era

**Presupposing God** Robert A. Hand, 2022-07-29 It is widely recognized that Immanuel Kant was one of Karl Barth s most important intellectual influences but how and to what extent this is the case remains an open question In *Presupposing God* Robert Hand demonstrates a deep consistency between Kant s and Barth s theological epistemologies with this issue in mind After arguing for a number of positive emphases in Kant s critical philosophy and religious epistemology in conversation with modern Kant scholarship *Presupposing God* demonstrates how these emphases were obscured in Kant s reception in the decades between Kant and Barth and then explores the intellectual conditions under which Barth first encountered Kant The argument proceeds to show how Barth wrestled with these varying interpretations and continued to utilize Kant with increased sophistication as his thought developed across the *Romans* commentaries *Anselm* and the *Church Dogmatics* *Presupposing God* suggests that Kant can be an asset to theology rather than the liability he is often taken to be and that Barth is one of the better available examples of this in practice

**The Crisis of Conversion** J. August Higgins, 2024-06-25 This book attempts to identify a central problem within the North American evangelical imagination around the issue of religious experience and its relationship to the basic hermeneutical stance of biblical and theological interpretation The relatively recent emergence of the academic discipline of Christian spirituality offers a new set of methodological insights that may help to mediate the theological impasse between more conservative and progressive perspectives concerning the appropriate role of human experience for evangelical thought and practice Specifically we will explore the experience of religious conversion that lies at the center of evangelical spirituality in critical dialogue with the challenges and opportunities brought about by recent philosophical discourse and the postmodern turn variously understood
