from Chateaubriand however in the first place in not professing to be very much concerned by the pageant and in the second place in being in reality very deeply affected by it Chateaubriand kept his emotions well in hand exaggerating them in retrospect for the sake of literary effect picturing the sensibility of his heart in polished phrases but never giving the impression of a man who has suffered through his passions or been swept off his feet by them or diverted by them from the pursuit of ambition or the serene cult of the all important ego In all Chateaubriand's love affairs in short red blood is lacking and self consciousness prevails He appears to be equally in love with all the women in the procession the explanation being that he is more in love with himself than with any of them In spite of the procession of women which is admitted to have been magnificent it may justly be said of Chateaubriand that love was of his life a thing apart The Love Affairs of Lord Byron Francis Gribble, 2014-12-30 Whether a book is called The Love Affairs of Lord Byron or The Life of Lord Byron can make very little difference to the contents of its pages Byron s love affairs were the principal incidents of his life and almost the only ones Like Chateaubriand he might have spoke of a procession of women as the great panoramic effect of his career He differed from Chateaubriand however in the first place in not professing to be very much concerned by the pageant and in the second place in being in reality very deeply affected by it Chateaubriand kept his emotions well in hand exaggerating them in retrospect for the sake of literary effect picturing the sensibility of his heart in polished phrases but never giving the impression of a man who has suffered through his passions or been swept off his feet by them or diverted by them from the pursuit of ambition or the serene cult of the all important ego In all Chateaubriand s love affairs in short red blood is lacking and self consciousness prevails He appears to be equally in love with all the women in the procession the explanation being that he is more in love with himself than with any of them In spite of the procession of women which is admitted to have been magnificent it may justly be said of Chateaubriand that love was of his life a thing apart Love Affairs of Lord Byron Gribble Francis, 1901 The Love Affairs of Lord Byron (Classic Reprint) Francis Gribble, 2017-12-19 Excerpt from The Love Affairs of Lord Byron Of Byron who coined the phrase though Madame de Stael had coined it before him it cannot be said It may appear to be true of sundry of his incidental love affairs but it cannot stand as a broad generalisation His whole life was deflected from its course and thrown out of gear first by his unhappy passion for Mary Chaworth secondly by the way in which women of all ranks flattering his vanity for the gratification of their own importuned him with the offer of their hearts Lady Byron herself did so no less than Lady Caroline Lamb and Jane Clairmont and the Venetian light 0 loves though no doubt with more delicacy and a better show of maidenly reserve Fully persuaded in her own mind that he had pined for her for two years she delicately hinted to him that he need pine no longer He took the hint and married her with the catastrophic con sequences which we know Then other women a long series of other women did what they could to break his fall and console him He dallied with them for years without ever engaging his heart very deeply until at last he realised that this sort of dalliance was a very futile and enervating occupation tore himself away from his last entangle ment and crossed
