UFO's: The Great Last Days Deception Billy Crone,2018-03-16 Mention the topic of UFO s and Aliens and not only have most people already formed their opinions about them but virtually everyone on the planet now believes in them More people believe in Aliens than in the existence of God and more people believe that Aliens have visited planet earth than that Jesus is the Son of God Ufology has become a new religion for 21st century where people now believe that Aliens will save them not God The problem is hardly anyone recognizes the true identity of UFO s let alone how they are being used to usher in one of the darkest most deceptive times in the history of mankind Therefore this book UFO s The Great Last Days Deception seeks to equip you with the truth concerning so called extraterrestrial visitors and their hidden demonic agenda One of the biggest lies in the history of mankind is about to be foisted upon the whole world The Rapture of the Church is going to happen but it won t be from a liftoff in UFO s like we are being told Don t fall for the lie **THE TRUTH OF THE**

ORIGIN OF THE UNIVERSE Dr. Sabrie Soloman,2024-08-01 The topic of undeserving credit given to the Big Bang and UFOs is a controversial one with many people having strong opinions on the matter While both the Big Bang theory and the existence of UFOs have been widely accepted the author argues that they are given too much credit and recognition without sufficient evidence to support their claims The Big Bang theory is widely accepted as the most plausible explanation for the origin of the universe Some critics argue that it is not the only possible explanation for the universe s origins Some alternative theories such as the steady state theory or the oscillating universe theory have been proposed as alternatives to the Big Bang theory Similarly the existence of UFOs is a topic that has been hotly debated for decades While there have been countless reports of UFO sightings and encounters there is a lack of concrete evidence to support the existence of extraterrestrial visitors While the Big Bang theory and UFOs may be popular topics in popular culture it is important to approach them with a critical eye and to consider the evidence before giving them undeserving credit *UFO Chronicles:*

fascinated by unsolved mysteries that still haunt military archives and public imagination Was it Cold War espionage A tragic accident Or something otherworldly Dive into the evidence and decide for yourself **Live Free and Die Strong** Stacey Gibson,2025-05-05 In our world many people think that freedom is doing exactly what they want to do and this is true for even some believers in Christ We plan our days according to our will and not God s thinking that we know what s best if truth be told how can we expect to produce a better life than the one that God has planned for us Yes God has a plan for all His children and when we understand this we can begin to start a new journey with Him that will lead us to prosperity not as the world sees prosperity but prosperity in the eyes of God We will all stand before God one day and living a life that was not guided by the Holy Spirit will not bring us great rewards Living our life outside God s will is sin and this is not living free The great apostle Paul said in Galatians 5 1 Stand Fast therefore in the liberty wherewith Christ hath made us free and be not entangled again with the yoke of bondage Living free is allowing God to live through us We will have a greater impact in our lives and the lives of others when we do so This is truth that will make you free And Ye shall know the truth and the truth shall make you free John 8 32 When we trust that God s Word is truth and we know how this life ends according to His Word It will enable us to face difficulties persecution and even death We can simply die strong just as all the martyrs for Christ have done in the past not being fearful of what may come but standing strong knowing God has everything under control

THE TRUTH OF THE ORIGIN OF THE UNIVERSE Sabrie Soloman,2024-06-12 In a world filled with scientific explanations and theories it can be easy to lose sight of the ultimate truth of our existence The truth is that the universe with all its intricate complexities did not come into being by mere chance or a random explosion It was carefully designed and orchestrated by a higher power a Creator who holds everything together When we look up at the night sky and see the countless stars and galaxies stretching out into infinity we cannot help but be in awe of the sheer magnitude and beauty of it all The heavens declare the glory of God as it says in the Bible and remind us of the greatness of the one who made it all The theory of the Big Bang which posits that the universe began as a singular point and expanded over billions of years is a flawed explanation for the origin of the universe It fails to account for the intricate design and order that we see in the cosmos as well as the existence of life on earth The marvel of our planet Earth with its perfect conditions for sustaining life points to a Creator who had a purpose and a plan in mind when he made it The countless galaxies and stars that we observe in the universe are a testament to the power and creativity of God They show us that we are part of a vast and wondrous creation one that was made by an intelligent designer who had a vision for it all The theory of evolution put forth by Charles Darwin is another flawed explanation for the diversity of life on earth It fails to explain the intricate complexities of living organisms and their unique design as well as the existence of the human soul It is clear that we are not the product of blind chance or random mutations but rather the handiwork of a loving and powerful Creator The truth of the origin of the universe points to a Creator who holds everything together and has a purpose and a plan for it all God stretches out the

heavens and allows light to reach us here on earth showing us his care and provision for his creation We are not the product of random chance or blind evolution but rather the cherished creation of a loving God who made us in his image Let us never forget the marvel and wonder of the universe and the greatness of the one who made it all *UFOs and Aliens* Preston E. Dennett, 2008 The UFO phenomenon remains one of the most persistent and perplexing mysteries of modern times Encounters have occurred for thousands of years and the activity shows no signs of slowing with reports coming from around the world *UFOs and Aliens* presents an exciting history of extraterrestrial activity on planet Earth documenting some of the world's best verified cases Readers will learn about famous sightings such as the Washington Nationals and the Mexico City sightings encounter cases of UFO landings and abductions like the Hopkinsville goblins and the Travis Walton alien abduction case and explore the mystery of whether a UFO crashed near Roswell New Mexico in 1947 Everything from infamous hoaxes to the physical evidence of alien implants to government cover ups are presented here with the best evidence available so that readers can decide what may be fact and what is indeed science fiction Chapters include Ancient Astronauts When UFOs Land Taken Aboard UFO Crashes and Conspiracies and Cover ups **The Lost Tribes of Bigfoot** Maxim W. Furek, 2024-08-22 Paranormal author and rock journalist Maxim Furek has emerged as the 21st century incarnation of John Keel In *The Lost Tribes of Bigfoot* Furek explores the uncharted waters surrounding the cryptid's forbidden realm in a rousing and controversial exposé Doug Hajicek *MonsterQuest* In his latest book Maxim Furek a former psychologist and rock journalist delves into the intriguing world of Bigfoot synchronicity embracing interdimensional theories mass hallucinations and Jung's collective unconscious Furek's dedication to the subject is evident in the hundreds of accounts from researchers who strive to answer the question If it's not flesh and blood then what is it This question forms the heart of the author's evocative thesis as he tirelessly scours American and Canadian records for evidence of this elusive cryptid For centuries early newspapers printed accounts of bipedal creatures variously listed as Wild Men Hairy Giants or Sasquatch a narrative that has expanded into a larger scientific religious and paranormal reality This reality as Furek presents it is a complex web of scientific theories religious interpretations and paranormal phenomena that intersect in the study of Bigfoot Furek's investigation into the tribes of true believers congregating at conferences campsites and online websites is a testament to their shared philosophy and Bigfoot's sociocultural energy He takes issue with hoaxers whom he charges have sold their souls but his respect for the believers is unwavering The author challenges traditional beliefs about Bigfoot and encourages readers to embrace the seemingly impossible After reading this book your perspective on Sasquatch will be forever changed as you look at traditional science anthropology and religion through a different lens and with a different expectation
