Placing the phenomenon within the broader social political and economic context of the twentieth century the work examines the factors that have influenced trends in the prevalence of mass murder It also discusses more than 100 case studies within three distinct periods of mass murder activity 1900 1939 1940 1965 and 1966 1999 to illustrate more clearly the motives of mass murderers and the circumstances surrounding their crimes The final chapters take a look at media coverage and the role it has played in the social construction of mass murder

Naked Truth Judith Lynne Hanna, 2012-05-01 Across America strip clubs have come under attack by a politically aggressive segment of the Christian Right Using plausible sounding but factually untrue arguments about the harmful effects of strip clubs on their communities the Christian Right has stoked public outrage and incited local and state governments to impose onerous restrictions on the clubs with the intent of dismantling the exotic dance industry But an even larger agenda is at work according to Judith Lynne Hanna In *Naked Truth* she builds a convincing case that the attack on exotic dance is part of the activist Christian Right's grand design to supplant constitutional democracy in America with a Bible based theocracy Hanna takes readers onstage backstage and into the community and courts to reveal the conflicts charges and realities that are playing out at the intersection of erotic fantasy religion politics and law She explains why exotic dance is a legitimate form of artistic communication and debunks the many myths and untruths that the Christian Right uses to fight strip clubs Hanna also demonstrates that while the fight happens at the local level it is part of a national campaign to regulate sexuality and punish those who do not adhere to Scripture based moral values Ultimately she argues the naked truth is that the separation of church and state is under siege and our civil liberties free speech women's rights and free enterprise are at stake
