British Television Drama in the 1980s George W. Brandt,1993-09-24 On British television drama in the 1980 s

Life and Loves of a She Devil Fay Weldon,1985-08-12 This is not a book for everyone but its admirers are vigorously enthusiastic For example Rhoda Koenig in New York Magazine who calls it a novel of blazingly hot revenge one that amply illustrates the saying about heaven having no rage like love turned to hate nor hell a fury like a woman scorned Or Rosalyn Drexler who said on the front page of The New York Times Book Review It affords a scintillating mindboggling vicarious thrill for any reader who has ever fantasized dishing out retribution for one wrong or another Or Carol E Rinzler who wrote on The Washington Post Book World s front page what makes this a powerfully funny and oddly powerful book is the energy of the language and of the intellect that conceived it an energy that vibrates off the pages and that makes SHE DEVIL as exceptional a book in the remembering as in the reading a small mad masterpiece **Encyclopedia of Feminist**

Literature Mary Ellen Snodgrass,2014-05-14 An accessible one volume encyclopedia this addition to the Literary Movements series is a comprehensive reference guide to the history and development of feminist literature from early fairy tales to works by great women writers of today Hundred **Fay Weldon's Fiction** Finuala Dowling,1998 This study raises several issues of general relevance to contemporary writing and criticism The role of the media in presenting both author and oeuvre the position of the woman writer vis a vis feminism the confrontation of feminism and postmodernism the question of popular versus high art forms and the emergence of the author as public oracle are considered in relation to Weldon s considerable literary output Teleliteracy David Bianculli,2000-07-01 The phenomena of television is examined from the historical context and television as an art form to television in various aspects of modern society such as TV in the classroom and on the battlefield British Women Writing Fiction Abby H.P. American and British scholars offer a reader friendly introduction to the work of Angela Carter Doris Lessing and a dozen other British women writers British women in the second half of the 20th century have produced a body of work that is as diverse as it is entertaining This book offers an informal jargon free introduction to the fiction of sixteen contemporary writers either brought up or now living in England from Muriel Spark to Jeanette Winterson British Women Writing Fiction presents a balanced view comprising women writing since the 1950s and 1960s those who attracted critical attention during the 1970s and 1980s and those who have burst upon the literary scene more recently including African Caribbean and African women The essays show how all of these writers treat British subjects and themes sometimes from radically different perspectives and how those who are daughters of immigrants see themselves as women writing on the margins of society Abby Werlock s introduction explores the historical and aesthetic factors that have contributed to the genre showing how even those writers who began in a traditional vein have created experimental work The contributors provide complete bibliographies of each writer s works and selected bibliographies of criticism Exceptional both in its breadth of subjects

The last taboo Karin Lesnik-Oberstein, 2013-07-19 This is the first academic book ever written on women and body hair which has been seen until now as too trivial ridiculous or revolting to write about Even feminist writers or researchers on the body have found remarkably little to say about body hair usually ignoring it completely It would appear that the only texts to elaborate on body hair are guides on how to remove it medical texts on hirsutism or fetishistic pornography on hairy women The last taboo also questions how and why any particular issue can become defined as self evidently too silly or too mad to write about Using a wide range of thinking from gender theory queer theory critical and literary theory history art history anthropology and psychology the contributors argue that in fact body hair plays a central role in constructing masculinity and femininity and sexual and cultural identities It is sure to provide many academic researchers with a completely fresh

perspective on all of the fields mentioned above
