William Somerset Maugham

The Making Of A Saint:

The Making of a Saint, 1908 **The making of a saint** M.W. Somerset, 1966 A soldier of fortune becomes embroiled in a conspiracy against Count Girolamo of Romagna Making Saints Kenneth L. Woodward, 1996-07-23 From inside the Vatican the book that became a modern classic on sainthood in the Catholic Church Working from church documents Kenneth Woodward shows how saint makers decide who is worthy of the church's highest honor He describes the investigations into lives of candidates explains how claims for miracles are approved or rejected and reveals the role politics papal and secular plays in the ultimate decision From his examination of such controversial candidates as Archbishop Oscar Romero of El Salvador and Edith Stein a Jewish philosopher who became a nun and was gassed at Auschwitz to his insights into the changes Pope John Paul II has instituted Woodward opens the door on a 2 000 year old tradition *The Making of a Saint* William Somerset Maugham, 2012 **Making Saints in Modern China** David Ownby, 2017 Sainthood has been and remains a contested category in China given the commitment of China's modern leadership to secularization modernization and revolution and the discomfort of China's elite with matters concerning religion However sainted religious leaders have succeeded in rebuilding old institutions and creating new ones despite the Chinese government's censure This book offers a new perspective on the history of religion in modern and contemporary China by focusing on the profiles of these religious leaders from the early 20th century through the present Edited by noted authorities in the field of Chinese religion Making Saints in Modern China offers biographies of prominent Daoists and Buddhists as well as of the charismatic leaders of redemptive societies and state managers of religious associations in the People's Republic The focus of the volume is largely on figures in China proper although some attention is accorded to those in Taiwan Hong Kong and other areas of the Chinese diaspora Each chapter offers a biography of a religious leader and a detailed discussion of the way in which he or she became a saint The biographies illustrate how these leaders deployed and sometimes retooled traditional themes in hagiography and charismatic communication to attract followers and compete in the religious marketplace Negotiation with often hostile authorities was also an important aspect of religious leadership and many of the saints' stories reveal unexpected reserves of creativity and determination The volume's contributors from the United States Canada France Italy China and Taiwan provide cutting edge scholarship Taken together these essays make the case that vital religious leadership and practice has existed and continues to exist in China despite the state's commitment to wholesale secularization **The Making of a Saint** Catia Galatariotou, 2004-01-29 A study of how a Byzantine holy man became a saint Written in heaven : the making of a saint Frances Parkinson Keyes, 1945 The Making of a Saint W. Somerset Maugham, 2017-11-12 Immerse yourself in the mystery and intrigue of medieval Italy in this engrossing novel from W Somerset Maugham the author of such timeless classics as *Of Human Bondage* and *The Razor's Edge* Though the action of the narrative recounts the way that Filippo Bandolini came to be recognized as a saint the ups and downs of the protagonist's life clearly illustrate that the path to

righteousness is not always an easy one **The Making of a Saint** Robert J. Kreyche,1973 **The Lives of the Saints**
 Sabine Baring-Gould,1878 **Acts of the General Assembly of His Majesty's Province of New Brunswick** New
 Brunswick,1870 **Saint Aloysius Gonzaga, S.J.** Silas Henderson,2017-03-20 Saint Aloysius Gonzaga 1568 1591 was a
 prince of the Holy Roman Empire who renounced his titles and wealth to serve God and the Church as a member of the
 Society of Jesus While he lived a short life and is honored as the patron saint of youth Saint Aloysius invites all Christians to
 reflect on how they are living their unique vocations to be witnesses to Christ Using the saint s own letters and spiritual
 reflections and other historical documents this book offers unparalleled insights into his life and personality Woven together
 with his biography are also portraits of other Jesuits and Reformation saints The author explains the history of the Society of
 Jesus and shows how Aloysius Gonzaga played an important part in developing the Jesuit s educational apostolate For those
 interested in Jesuit history the Reformation or simply this appealing saint this book offers a unique perspective on an
 important period of Church history and what it means to pursue God s will without counting the cost *The regional travel*

Related Lives Jodi Bilinkoff,2018-07-05 In early modern Catholic Europe and its colonies priests frequently developed
 close relationships with pious women serving as their spiritual directors during their lives and their biographers after their
 deaths In this richly illustrated book Jodi Bilinkoff explores the ways in which clerics related to those female penitents whom
 they determined were spiritually gifted and how they conveyed the live stories of these women to readers The resulting
 popular literatures of hagiography and spiritual autobiography produced hundreds of texts designed to establish models of
 behavior for the Catholic faithful in the period between the advent of printing and the beginning of the modern age Bilinkoff
 finds that confessional relations and the texts that document them reveal much about gender and social values She uses life
 narratives primarily from Spain but also from France Italy Portugal Spanish America and French Canada to examine the
 ways in which clerics presented female penitents as exemplary and how they constructed their own identities around their
 interactions with exceptional women These multilayered texts she suggests offer compelling accounts of individuals caught
 up in the pursuit of holiness and provide a key to understanding the resilience of Catholic culture in an age of religious
 change and conflict *Medical Saints* Jacalyn Duffin,2013-05-01 Cosmas and Damian were martyred around the year 300 A
 D in what is now Syria Called the Anargyroi without silver because they charged no fees they became patrons of medicine
 surgery and pharmacy and the focus of cults ranging across Europe They were popular in Byzantine and Orthodox traditions
 and their shrines are numerous in Eastern Europe southern Italy and Sicily The Medici family of Florence viewed the santi
 medici as patrons and their deeds were illustrated by great Renaissance artists In medical literature they are now revered as
 patrons of transplantation Jacalyn Duffin offers a profound exploration of illness and healing experiences in contemporary

society through the veneration of the twin doctors Saints Cosmas and Damian She also relates a personal journey from her role as a hematologist who unexpectedly came to serve as an expert witness in the Church's evaluation of a miracle to her research as a historian on the origins meaning and functions of saints Duffin's research which includes interviews with devotees in both North America and Europe focuses on how people have taken the saints with them as they moved both within Italy and beyond She shows that veneration of Cosmas and Damian has spread beyond immigrant traditions to fill important functions in healthcare and healing Duffin's conclusions provide essential insights into medical history sociology anthropology and popular religion as well as the current medical debate over spiritual healing Medical Saints draws on medical history and Roman Catholic traditions but extends to universal observations about the behaviors of sick people and the formal responses to individual illness from collectivities in religion medicine and history
