Death and Afterlife in Medieval Christian Thought Jeremiah Mutie, 2025-07-29 *Death and Afterlife in Medieval Christian Thought* explores how medieval Christians conceived the changing ideas of death and what happens thereafter to both the material and immaterial aspects of a person Where much scholarship has addressed this topic from a Western point of view this book asks how these ideas emerged and progressed over this long period of time in both Western and Eastern medieval Christianities The work examines the two leading motifs of death and the afterlife in Western medieval Christian thought Purgatory and the cult of the saints It then proceeds to shift the spotlight to conceptions of death in Eastern Christianity all the while maintaining a comparative approach This book not only delves into the theoretical but draws on archaeological evidence such as artefacts to provide a broader view of the evidence Ultimately it finds that medieval Christians continued the process that started in Christianity s earliest days of borrowing and modifying existing ideas of death and the afterlife in order to produce a distinctive and sophisticated Christian set of beliefs As an accessible introduction this book stands as a valuable resource to students scholars and all readers interested in early medieval Christianity the history of ideas and the history of death

Meteors that Enlighten the Earth Matthew D. Zarzeczny, 2012-11-16

Napoleon promoted and honored great men throughout his reign In addition to comparing himself to various great men he famously established a Legion of Honor on 19 May 1802 to honor both civilians and soldiers including non ethnically French men Napoleon not only created an Irish Legion in 1803 and later awarded William Lawless and John Tennent the Legion of Honour he also gave them an Eagle with the inscription L Ind pendance d Irlande He awarded twenty six of his generals the marshal s baton from 1804 to 1815 and in 1806 he further memorialized his soldiers by deciding to erect a Temple to the Glory of the Great Army modeled on Ancient designs From 1806 to 1815 Napoleon had more men interred in the Panth on in Paris than any other French leader before or after him In works of art depicting himself Napoleon had his artists allude to Caesar Charlemagne and even Moses Although the Romans had their legions Pantheon and temples in Ancient times and the French monarchy had their marshals since at least 1190 Napoleon blended both Roman and French traditions to compare himself to great men who lived in ancient and medieval times and to recognize the achievements of those who lived alongside him in the nineteenth century Analyzing Napoleon s ever changing personal cult of great men and his recognition of

contemporary great men who contributed to European or even human civilization and not just French civilization is original While work does exist on the French cults of Greco Roman antiquity and of great men prior to 1800 Napoleon appears only fleetingly in other discussions of the cult of great men None of the burgeoning historiography adequately takes Napoleon s place in the story of this cult into perspective This book serves as a further exploration of the cult of great men including its place in Napoleonic and European history and the alleged efforts of its members to enlighten the earth **Perspectives**
