The Collectors: The Complete Series Autumn Reed, 2020-03-06 With a single touch I've unlocked a piece of history that will irrevocably alter my future For years I've been hiding in plain sight pretending to be an average young woman by running my mother's antique shop and dating cute ordinary guys But an accidental vision of the past has set events in motion that expose my secret I'm anything but normal I see memories through touch and my abilities make me a target As I'm thrust into a world I never knew existed an organization built on secrecy and coercion threatens everyone and everything I care about A group of fellow psychics may be my one saving grace or they'll drive me toward my deepest regrets My name is Adele Rose and it's time to embrace my fate *The Collectors* is a slow burn reverse harem series *The Collectors The Complete Series* includes 1 Touch of Regret 2 Touch of Wrath 3 Touch of Promise 4 Touch of Fate Exclusive Bonus Scenes **Hunters and Collectors** Tom Griffiths, 1996-04 *Hunters and Collectors* is about historical consciousness and environmental sensibilities in European Australia from the mid nineteenth century to the present It is in part a collective biography of amateur antiquarians archaeologists naturalists journalists and historians people who shaped the Australian historical imagination Dr Griffiths illuminates the way these avid collectors and investigators of the Australian land and of its indigenous inhabitants contributed a sense of identity at colony wide and eventually nationwide level He also considers the rise of professional history anthropology and archaeology in the universities which ignored the efforts of the amateurs Griffiths shows how the seemingly trivial activities of these hunters and collectors feed into the political and environmental debates of the 1990s This book is outstanding in its originality interpretative insight and literary flair *The Great Texas Stamp Collection* Charles W. Deaton, 2012-09-15 Among the many difficulties the newly formed Confederate States of America endured in the summer of 1861 was the failure of its post office department to provide sufficient numbers of that item most crucial to its service the postage stamp Faced with the resulting din of customer complaints a handful of industrious Texas postmasters solved the problem by simply making their own homemade stamps In this thoroughly researched history of these rare and highly coveted stamps *The Great Texas Stamp Collection* traces their journey from creation through their rediscovery years later by local and then international stamp collectors a journey that culminated in the sale of a few pieces at a recent auction in New York that fetched more than 250 000 Weaving the larger contexts of Texas and U S postal history together with individual tales of greed intrigue forgery and discovery Deaton's book is rich with characters from European royalty to early stamp dealers to common criminals while also providing detailed examinations of the stamps themselves including a complete census of the stamps now known as the Texas Confederate Postmasters Provisionals Appealing at once to devoted philatelists Texas and U S history buffs and amateur collectors of all kinds *The Great Texas Stamp Collection* offers a unique vantage point from which to view our history as well as the very nature of collecting **Some British Collectors of Music C.1600-1960** A. Hyatt King, 1963-01-02 Mr King describes the interests

and activities of nearly two hundred music collectors from the period of c 1600 to 1960 *The Statutes: 6 & 7 Victoria to 9 & 10 Victoria* Great Britain,1876 *A Tale of Two Collectors: The Lithic Collections of Geoffrey Taylor and David Heys (with particular reference to the county of Yorkshire)* Keith Boughey,2023-11-16 Geoffrey Taylor and David Heys over a 25 year period amassed a huge amount of prehistoric material in flint jet stone glass and metal gathered mostly off the North York Moors The present book aims to introduce the collections to the archaeological world and to give the reader a clear impression of their contents **A collection of the public general statutes passed in the ... year of the reign of Her Majesty Queen Victoria** Great Britain,1867

Inventing the Art Collection Oscar E. Vázquez,2010-11-01 The pace and scale of the exchange of cultural goods of all sorts paintings furniture even ladies fans increased sharply in nineteenth century Spain and new institutions and practices for exhibiting as well as valorizing art were soon formed Oscar V zquez maps this cultural landscape tracing the connections between the growth of art markets and changing patterns of collecting Unlike many earlier students of collecting he focuses not upon questions of taste but rather upon the discursive and institutional frameworks that came to regulate art s economic and symbolic worth at all levels of Spanish society Drawing upon sources that range from newspaper reviews to notarial documents V zquez shows how collecting acquired the power to mediate debates over individual regional and national identity His book also looks at the emergence of a new state apparatus for arts administration and situates these social and political changes in the broader European context *Inventing the Art Collection* will be of interest to historians and sociologists of Spain and Europe as well as art historians and cultural theorists

Encyclopedia of Nineteenth-Century Photography John Hannavy,2013-12-16 The Encyclopedia of Nineteenth Century Photography is the first comprehensive encyclopedia of world photography up to the beginning of the twentieth century It sets out to be the standard definitive reference work on the subject for years to come Its coverage is global an important first in that authorities from all over the world have contributed their expertise and scholarship towards making this a truly comprehensive publication The Encyclopedia presents new and ground breaking research alongside accounts of the major established figures in the nineteenth century arena Coverage includes all the key people processes equipment movements styles debates and groupings which helped photography develop from being a solution in search of a problem when first invented to the essential communication tool creative medium and recorder of everyday life which it had become by the dawn of the twentieth century The sheer breadth of coverage in the 1200 essays makes the Encyclopedia of Nineteenth Century Photography an essential reference source for academics students researchers and libraries worldwide Collectors, Collections and Museums Stacey Pierson,2007 This book presents the first comprehensive study of the collecting consumption and display of Chinese porcelain in Britain from the 16th to the 20th century as well as the impact of this activity on British culture Beginning with the early porcelains acquired as objects of exotica and vessels for the consumption of tea and coffee followed by porcelains for display in the country house interior the first part of this book reveals the role of

porcelain in Britain's developing economic relations with China and the impact of this material on both daily life and interior design. The subsequent diplomatic and political conflicts of the 18th and 19th centuries provide a framework for an examination of British consumption of Chinese porcelain as both spoils of war and iconic representations of China material which helped to shape and influence British perceptions of China. The final section demonstrates how these perceptions of China and its porcelain began to change significantly in the 20th century with porcelains acquired as works of art and displayed publicly in museums. Collectors in Britain began to specialise in this area and actively invented a field of Chinese ceramics that was promulgated by learned societies and culminated in the founding of a museum of Chinese ceramics in London by one of the foremost British collectors Sir Percival David who donated his world class collection to the University of London in 1950.

The City of Glasgow possesses an internationally renowned collection of Impressionist and Post Impressionist paintings. This magnificent book, the catalogue for a major exhibition, features sixty-four of the finest paintings in this collection, including important works by Rousseau, Corot, Monet, Renoir, Cézanne, Gauguin, Van Gogh, Picasso, Derain, Matisse, and Rouault. The lavishly illustrated book provides a short essay on each work as well as full catalogue details. There are also four introductory essays by prominent scholars that set the paintings in context. Irene Maver examines the social, political, and economic environment of Glasgow from its beginnings until the First World War. Frances Fowle charts the taste for French art in the west of Scotland during the late nineteenth and early twentieth century. Hugh Stevenson explores the early history of the city's collection and its assimilation of contemporary French paintings, and Belinda Thomson discusses how Glasgow's collection relates to the wider historical context of French painting of the period.

Art Collecting and Middle Class Culture from London to Brighton, 1840-1914 David Adelman, 2024-06-28

This study explores the interplay between money, status, politics, and art collecting in the public and private lives of members of the wealthy trading classes in Brighton during the period 1840-1914. Chapters focus on the collecting practices of five rich and upwardly mobile Victorians: William Coningham (1815-84), Henry Hill (1813-82), Henry Willett (1823-1905), and Harriet Trist (1816-96) and her husband John Hamilton Trist (1812-91). The book examines the relationship between the wealth of these would-be members of the Brighton bourgeoisie and the social and political meanings of their art collections, paid for out of fortunes made from sugar, tailoring, beer, and wine. It explores their luxury lifestyles and civic activities, including the making of Brighton Museum and Art Gallery, which reflected a paradoxical mix of patrician and liberal views of aristocratic aspiration and radical rhetoric. It also highlights the centrality of the London art world to their collecting, facilitated by the opening of the London to Brighton railway line in 1841. The book will be of interest
