Powerful guidance on how to work with strong emotions in overwhelming circumstances through Buddhist meditation from a renowned Tibetan Buddhist master In the summer of 1957 the revered Buddhist teacher and scholar Khenpo Gangshar foresaw the difficulties that would soon fall upon Tibet and began teaching in a startling new way that enabled all those who heard him to use the coming difficulties as the path of Dharma practice The teaching consisted of the essential points of mahamudra and dzogchen both view and practice presented in a way that made them easy for anyone to use even in the most difficult of circumstances Khenchen Thrangu Rinpoche was one of the grateful recipients of these teachings which he regards as among the most important he has ever been given He transmits them here for the benefit of all of us who strive to practice in challenging times They include contemplations on the ephemeral nature of both joy and suffering meditations for resting the mind and guidance for cultivating equanimity in any situation These instructions are exceptionally concise and easy to follow They could save your life too giving you the tools to stabilize the mind even in the most terrifying and challenging of circumstances Pema Chodron author of Taking the Leap The Secret Doctrine Helena Petrovna Blavatsky,2022-12-17 The Secret Doctrine Helena Petrovna Blavatsky's masterwork on the origin and evolution of the universe and humanity itself is arguably the most famous and perhaps the most influential occult book ever written Published since 1888 it has long eluded the grasp of modern readers until now A sourcebook of the esoteric tradition outlining the fundamental tenets of the Secret Doctrine of the Archaic Ages This title addresses the perennial questions continuity of life after death purpose of existence good and evil consciousness and substance sexuality karma evolution and human and planetary transformation Less Translated Languages Albert Branchadell,Lovell Margaret West,2005 This is the first collection of articles devoted entirely to less translated languages a term that brings together well known widely used languages such as Arabic or Chinese and long neglected minority languages with power as the key word at play It starts with some views on English the dominant language in Translation as elsewhere considers the role of translation for minority languages both a source of inequality and a means to overcome it takes a look at translation from less translated major languages and cultures and ends up with a closer look at translation into Catalan a paradigmatic case of less translated language in a final section that includes a vindication of six prominent Catalan translators Combining sound theoretical insight and accurate analysis of relevant case studies the contributors to this collection make a convincing case for a more thorough examination of less translated languages within the field of Translation Studies **Treasury of Precious Qualities: Book Two** Longchen Yeshe Dorje, Kangyur Rinpoche,Jigme Lingpa,2020-08-11 This book is a translation of the second part of a commentary on the Treasury of Precious Qualities the most celebrated work of Jigme Lingpa 1730-1798 one of the most important figures in the Nyingma lineage In a slender volume of elegant verse this root text new in this revised edition presents the entire Buddhist path according to the Nyingma school Because it is so concise and makes use of elaborate poetic language the commentary is indispensable Engaging Dogen's Zen Tetsuzen Jason M.
