The Child Killers Notable Child Murders Over The Past 50 Years:

The Child Killers Don Hale, 2014-12-22 This is a unique book about some of the UK's most notorious child killers over the past 50-60 years and examines their background, their killings, how and why they were caught and their convictions. It also looks at some potential victims who had a very lucky escape and at many unsolved murders linked to the five evil and despicable killers highlighted. The book also re-examines fresh evidence that could lead to further convictions against these individuals using the latest DNA forensic or evidence revelations and discovers several other unexplained disappearances and unsolved crimes that may now link to some of the murderers featured. The list of horrific murderers includes ROBERT BLACK the Midlands Triangle killer, RONALD JEBSON the Babes in the Wood triple murderer, RAYMOND MORRIS the Monster of Cannock Chase and IAN BRADY and MYRA HINDLEY the Moors Murderers responsible for the brutal killing of five innocent youngsters.

Understanding Parricide Kathleen M. Heide, 2013 Understanding Parricide is the most comprehensive book available about juvenile and adult sons and daughters who kill their parents. Dr Heide moves far behind the statistical correlates of parricide by synthesizing the professional literature on parricide in general, matricide, patricide, double parricides and familicides. As a clinician, she explains the reasons behind the killings. Understanding Parricide includes in-depth discussion of issues related to prosecuting and defending parricide offenders. The book is enriched with its focus on clinical assessment, case studies and follow-up of parricide offenders as well as treatment, risk assessment and prevention.

Haydn's Dictionary of Dates Joseph Haydn, Benjamin Vincent, 1874 Using Murder Philip Jenkins, In the last decade, serial murder has become a source of major concern for law enforcement agencies while the serial killer has attracted widespread interest as a villain in popular culture. There is no doubt, however, that popular fears and stereotypes have vastly exaggerated the actual scale of multiple homicide activity. In assessing the concern and the interest, Jenkins has produced an innovative synthesis of approaches to social problem construction. It includes an historical and social scientific estimate of the objective scale of serial murder, a rhetorical analysis of the construction of the phenomenon in public debate and a cultural studies oriented analysis of the portrayal of serial murder in contemporary literature, film and the mass media. Using Murder suggests that a problem of this sort can only be understood in the context of its political and rhetorical dimension: that fears of crime and violence are valuable for particular constituencies and interest groups which put them to their own uses. In part, these agendas are bureaucratic in the sense that exaggerated concern about the offense generates support for criminal justice agencies. But other forces are at work in the culture at large where serial murder has become an invaluable rhetorical weapon in public debates over issues like gender, race and sexual

orientation Serial murder is worthy of study not so much for its intrinsic significance but rather for what it suggests about the concerns needs and fears of the society that has come to portray it as an ultimate evil Using Murder is a highly original study of a powerful contemporary mythology by a criminologist and historian versed in the constructionist literature on the origins of moral panics The Snow Killings Marney Rich Keenan,2020-07-13 Over 13 months in 1976 1977 four children were abducted in the Detroit suburbs each of them held for days before their still warm bodies were dumped in the snow near public roadsides The Oakland County Child Murders spawned panic across southeast Michigan triggering the most extensive manhunt in U S history Yet after less than two years the task force created to find the killer was shut down without naming a suspect The case went cold for more than 30 years until a chance discovery by one victim s family pointed to the son of a wealthy General Motors executive Christopher Brian Busch a convicted pedophile was freed weeks before the fourth child disappeared Veteran Detroit News reporter Marney Rich Keenan takes the reader inside the investigation of the still unsolved murders seen through the eyes of the lead detective in the case and the family who cracked it open revealing evidence of a decades long coverup of malfeasance and obstruction that denied justice for the victims **Uniform Crime Reports for the United States** United States.
