The Church Sacraments Worship Ministry Mission Contours Of Christian Theology:

The Church Donald G. Bloesch, 2002 In *The Church* Donald G Bloesch explores with clarity and balance the contours of ecclesiology He forthrightly takes up the most controversial of issues ranging from matters of church authority the sacraments and worship to the church's place in the plan of salvation the church and the kingdom of heaven and church reunion Evangelical in spirit ecumenical in breadth and biblical in depth Bloesch's work presents a theology of the church that calls for reformation and renewal according to the Word and Spirit of God

The Cambridge Companion to Evangelical Theology Timothy Larsen, Daniel J. Treier, 2007-04-12 Evangelicalism a vibrant and growing expression of historic Christian orthodoxy is already one of the largest and most geographically diverse global religious movements This Companion first published in 2007 offers an articulation of evangelical theology that is both faithful to historic evangelical convictions and in dialogue with contemporary intellectual contexts and concerns In addition to original and creative essays on central Christian doctrines such as Christ the Trinity and Justification it breaks new ground by offering evangelical reflections on issues such as gender race culture and world religions This volume also moves beyond the confines of Anglo American perspectives to offer separate essays exploring evangelical theology in African Asian and Latin American contexts The contributors to this volume form an unrivalled list of many of today's most eminent evangelical theologians and important emerging voices

The Church in Mission Betril Ekstrom, 2016-06-01 What does it mean today to be a church totally committed to the gospel and fully engaged in God's mission What major religious and sociological trends in our world are affecting the role of the global church and local churches How must we understand and be prepared to face these trends How do we define church in the twenty first century being faithful to the Scriptures and at the same time relevant to a generation that does not believe in the institutional church anymore What are some good models of missional churches in different regions of the world that will encourage and inspire those who long to see a church making difference in society and in the world These are some of the issues that the book you are holding in your hands addresses There are certainly no final answers and magical forms rather we present a broad and deep discussion on how the gospel should be lived out by Jesus followers in our time and through our communities Questions are raised and analyzed both from the perspective of a local church as well as from a global and general understanding of the Christian church Some of our examples will focus more on local realities others more on global challenges The first part of the book is dedicated to a biblical and theological reflection on gospel church and mission It includes Old and New Testament studies on the theological implications of being church based on the biblical narrative The second part deals with a variety of contemporary missiological issues related to the broader theme of church and mission Different perspectives from current discussions and dialogues around the globe are included covering both ideological reflections and practical aspects of being a mission shaped church The third part presents regional and national case studies that show the enormous creativity in church planting and engagement of local

communities in their own societies Models applied in the secularized Europe are contrasted to ways of functioning as church in fast growing congregations in the global South *Exploring Ecclesiology* Brad Harper, Paul Louis Metzger, 2009-03 This evangelical and ecumenical ecclesiology survey text provides a comprehensive biblical historical and cultural perspective and addresses contemporary issues in church life **The Community of Jesus** Kendell H. Easley, Christopher W. Morgan, 2013 A biblical historic systematic and missional theology of the church with contributions from noted academic leaders including Andreas J K stenberger David S Dockery Kendell H Easley Christopher W Morgan and several others Sojourners and Strangers Gregg R. Allison, 2012-11-30 What is a church This can be a difficult question to answer and Christians have offered a variety of perspectives Gregg Allison thus explores and synthesizes all that Scripture affirms about the new covenant people of God capturing a full picture of the biblical church He covers the topics of the church s identity and characteristics its growth through purity unity and discipline its offices and leadership structures its ordinances of baptism and the Lord s Supper and its ministries Here is a rich approach to ecclesiology consisting of sustained doctrinal reflection and wise practical application Part of the Foundations of Evangelical Theology series **Baptists and the Christian Tradition** Matthew Y. Emerson, Christopher W. Morgan, R. Lucas Stamps, 2020-06-15 In Baptists and the Christian Tradition editors Matthew Emerson Christopher Morgan and Lucas Stamps compile a series of essays advocating Baptist catholicity This approach presupposes a critical but charitable engagement with the whole church both past and present along with the desire to move beyond the false polarities of an Enlightenment based individualism on the one hand and a pastiche of postmodern relativism on the other **Ecclesiologia** Gregg Alisson, 2021-04-14 O QUE UMA IGREJA Essa uma pergunta dif cil e at mesmo crist os podem respond la de diferentes maneiras e perspectivas Em Ecclesiologia uma teologia para peregrinos e estrangeiros Gregg Allison sintetiza o que as Escrituras afirmam a respeito do povo da nova alian a e monta um quadro completo da igreja b blica sua identidade e caracter sticas seu crescimento por meio da pureza da unidade e da disciplina seus of cios e estruturas de lideran a suas ordenan as o batismo e a ceia do Senhor e seus minist rios Temos em m os um rico tratamento da ecclesiologia composto de reflex o doutrin ria e de aplica es de inestim vel valor para a atualidade Subject Guide to Books in Print , 1971 **Participation and Covenant** Dick Moes, 2024-03-13 In Participation and Covenant Contours of a Theodramatic Theology Moes develops a theological framework that has participation in the life of God in Christ through the Spirit as its integrative center In doing so he enters into conversation with covenant or federal theology particularly as it has been presented by Michael Horton in which the integrative center is the concept of the covenant He argues that God s fundamental relationship with humanity does not entail a covenant ontology a fundamentally legal and ethical relationship to God as we find in Horton s presentation but rather an ontology of participating in God s loving presence in Christ through the Holy Spirit For this relationship we were created and this participation is therefore natural to us Accordingly a theodramatic framework that incorporates a reframed understanding of divine human covenants

and that has participation in the life of God in Christ by the Spirit as its integrative center is better able to give direction for clearly communicating the gospel in our secular culture and for properly shaping our Christian identity and practice in the face of the secularism that affects the church too than Horton's framework of covenant theology **Roland Allen II** Steven Richard Rutt, 2018-04-25 In *Roland Allen A Theology of Mission* a companion work with *Roland Allen A Missionary Life* Steven Richard Rutt completes a portrait of Roland Allen 1868-1947 in this intellectual biography Extensive archival evidence discloses how apostolic principles formed the basis for Allen's missionary theology Although it is well known that Allen's hermeneutical ideas were born of Pauline principles Steven Richard Rutt expounds the ways in which Allen's missionary experiences had profoundly impacted Allen's theological beliefs Allen wrote about his findings in letters sermons articles and books some of which were never published Allen's writings tenaciously challenged the methodology of colonial missionary societies and exposed the causes hindering Church expansion failures occurred in missions due to the imposition of Western missionary paternalism and institutional devolution Allen advocated the empowerment of indigenous churches to apply the principles of self government and self support He asserted the importance of the Pauline concept of Spirit and order which encompasses both the doctrine of the Holy Spirit as well as that of the Church Allen's diagnosis of the missionary situation and the proposed ways to restore apostolic order presented contemporary controversy but since his death we have seen the importance of Allen's ideas in Mission studies grow steadily With an expert evaluation of Allen's theological insight *Roland Allen A Theology of Mission* also offers a superb contribution to the discipline of historical theology and historical missiology as Rutt delves into a contextual assay into the missionary landscape of the nineteenth and the twentieth centuries
