Company Financial Reporting Stephen A Zeff, Frans van der Wel, C. Camfferman, 2016-02-05 First published in 1992 Prior to this work no thorough study had been made of the Dutch institutional environment and of the Dutch practice of regulating the process of financial accounting despite a number of unique and influential practices originating there The book attempts to trace the conditions the sources and the connections of the regulatory processes for financial statements providing orientation for readers unfamiliar with the Dutch context and a chronological survey from the 19th century to the early 1990s In addition to analysing the Dutch process comparison is made with the standard setting processes in the United States and UK The title will be of interest to students of Business and Economics

Annual Reports John Stittle, 2003 This book concentrates on ensuring that the corporate message is communicated to stakeholders in a way that maximises the value of the annual report and outlines how this might best be achieved It explains the importance not only of the quantitative accounting information but also the qualitative content such as the chairman's statement directors report operating and financial review explanatory notes and so on Particular recognition is given to the legal stock exchange and professional accounting requirements as well as to the increasingly important but more discretionary areas of content such as social environmental and ethical reporting issues Crucially the book discusses the importance of electronic communication now that legislation allows companies to deliver information over the internet On a practical level the book takes the reader through the procedures and processes in actually managing the preparation and production of the report Both the practical and theoretical aspects of the book are placed in context by the use of relevant extracts taken from real life annual reports of major organisations By using these authentic examples the book clearly highlights what works and what doesn't Ensure that your company's annual reports conform to the highest standards of best practice Don't waste the opportunity to deliver your message
