Resources and Applied Methods in International Relations Guillaume

Devin, 2017-10-18 This book constitutes an up to date methodology reference work for International Relations IR scholars and students The study of IR calls for the use of multiple and various tools to try and describe international phenomena analyze and understand them compare them interpret them and try to offer theoretical approaches In a nutshell doing research in IR requires both tools and methods from the use of archives to the translation of results through mapping from conducting interviews to analyzing quantitative data from constituting a corpus to the always touchy interpretation of images and discourses This volume assembles twenty young researchers and professors in the field of IR and political science to discuss numerous rich and thoroughly explained case studies Merging traditional political science approaches with methods borrowed from sociology and history it offers a clear and instructive synthesis of the main resources and applied methods to study International Relations *Guide to United Nations Organization, Documentation & Publishing for Students, Researchers, Librarians* Peter I. Hajnal, 1978 *Digital Dilemmas* M.I. Franklin, 2013 *Digital Dilemmas* is a groundbreaking ethnographic mixed method approach to understanding dynamics of power and resistance as they are played out around the future of the internet M I Franklin looks at the way that publics governments and multilateral institutions are being redefined and reinvented in digital settings that are ubiquitous and yet controlled by a relative few Franklin does this through three original and wide ranging case studies that get at the way that computer mediated power relations play out on the ground through a mixture of overlapping online and offline activity at personal community and transnational levels Case studies include online activities around homelessness and street papers in the U S and around the world digital and human rights activism carried out through the United Nations and the ongoing battle between proprietary and free and open source software proponents The result is a thought provoking and seminal work on the way that the new paradigms of power and resistance forged online reshape localized and traditional power structures offline **Environmental Social Work** Mel Gray, John Coates, Tiani Hetherington, 2013 Divided into three parts this field defining work explores what environmental social work is and how it can be put into practice It focuses on theory discussing ecological and social justice as well as sustainability spirituality and human rights The New United Nations John Allphin Moore, Jr., Jerry Pubantz, 2017-03-16 With a fresh look at challenges to the UN in Syria Iran Russia and elsewhere the second edition of this successful text highlights new international trends toward global governance holistic democracy and human development and progress on peacebuilding and counterterrorism A comprehensive guide to the world body s institutions procedures policies specialized agencies historic personalities initiatives and involvement in world affairs The New United Nations is organized thematically blending both topical and chronological explanations making reference to current scholarly terms and theories New to this edition Fully updated chapters and a new Introduction including discussion of the Paris Climate Change Agreement Human Rights Council and Peacebuilding Commission New sections on Special Rapporteurs and Special Procedures the theory and practice of neoliberalism the UN s endorsement of the Responsibility to Protect and Contact Groups Unique special section

on the student Model United Nations experience Coverage of the UN s fifteen year assessment of the Millennium Development Goals and the consequent approval of the Sustainable Development Goals and eResources with supportive materials and documents Building the E-Service Society Winfried Lamersdorf, Volker Tschammer, Stephane Amarger, 2006-05-08 Building the E Service Society is a state of the art book which deals with innovative trends in communication systems information processing and security and trust in electronic commerce electronic business and electronic government It comprises the proceedings of I3E2004 the Fourth International Conference on E Commerce E Business and E Government which was held in August 2004 as a co located conference of the 18th IFIP World Computer Congress in Toulouse France and sponsored by the International Federation for Information Processing IFIP The book contains recent results and developments in the following areas E Government E Government Models and Processes E Governance Service Provisioning E Business Infrastructures and Marketplaces M Commerce Purchase and Payment E Commerce Value Chain Management E Business Architectures and Processes E Business Models **Global Insecurity** Mary Kaldor, 2000-07-01 The first half of the 1990s was a period of great optimism about humanitarian intervention In the aftermath of the Cold War it was hoped that the international community could begin to act cohesively in defence of fundamental international principles and that a global security policy aimed at the prevention of conflict and upholding human rights could be established The actual experience of this period however has been sobering Agreements engineered from above like the Dayton Agreement or the Oslo Agreement have mixed consequences Efforts at humanitarian relief have often ended up frustrating good intentions and prolonging conflict This book looks at what we learn from such experiences Should we retreat from intervention Is there a global responsibility for wars and for massive violations of human rights The authors start from a conviction that in a globalized world we do have certain responsibilities and that the point is to look at how we intervene They aim to open up a third approach an alternative to the dominance of realist or neo liberal approaches which would address the reality of contemporary conflict Key themes include the need for a more democratic approach in terms of the accountability and openness of both governments and international institutions the importance of international humanitarian law and the future of formal military forces *The Palgrave Handbook of Small Arms and Conflicts in Africa* Usman A. Tar, Charles P. Onwurah, 2021-04-05 This handbook provides critical analyses of the theory and practices of small arms proliferation and its impact on conflicts and organized violence in Africa It examines the terrains institutions factors and actors that drive armed conflict and arms proliferation and further explores the nature scope and dynamics of conflicts across the continent as well as the extent to which these conflicts are exacerbated by the proliferation of small arms The volume features rich analyses by contributors who are acquainted with and widely experienced in the formal and informal structures of arms proliferation and control and their repercussions on violence instability and insecurity across Africa The chapters dissect the challenges of small arms and light weapons in Africa with a view to understanding roots causes and

drivers and generating a fresh body of analyses that adds value to the existing conversation on conflict management and peacebuilding in Africa. With contributions from scholars, development practitioners, defence and security professionals, and civil society activists, the handbook seeks to serve as a reference for students, researchers, and policy makers on small arms proliferation, control and regulation, defence and security practitioners, and those involved in countering violence and managing conflicts in Africa.
