,1993 Soviet Aeronautics and Astronautics ,1985 **The Journal of Education** ,1895 **"The" Illustrated London News** ,1859 **Evolutionary Cell Biology** Michael R. Lynch,2024-03-08 The fields of molecular evolution genome

evolution and evolutionary genetics are now well established Remarkably however although all evolutionary modifications begin at the cellular level and despite the advances made in cell biology and microbiology over the past few decades there is as yet no recognised discipline of evolutionary cell biology The goal of this book is to help establish the foundations for this emerging field Its principal aims are twofold firstly to promote an understanding among evolutionary biologists as to why the cellular details matter if we are to understand the mechanisms of evolution secondly to make clear to non evolutionary biologists cell biologists in particular that evolution is not just a matter of natural selection and optimization but a process whose reach depends on other population genetic features such as mutation recombination and random genetic drift

Although there are many excellent books on cell biology microbiology and biophysics almost no attention is given to evolution Likewise although there are numerous evolutionary biology books on the market none of them gives more than passing attention to details at the cellular level Thus Evolutionary Cell Biology is genuinely novel offering a broader understanding of evolutionary processes and an appreciation for the many interesting problems that remain to be solved at the cellular and subcellular levels This advanced textbook is aimed at both cell biologists and evolutionary biologists It will be accessible to upper level undergraduates in biology and certainly to graduate students in all areas of the life sciences Professionals from a wide range of fields cell biology microbiology evolution biophysics biochemistry and mathematics will be exposed to entirely new ideas not traditionally covered in their primary fields of expertise **Ebony** ,2002-09 EBONY is the flagship magazine
