One Night, Two Lives Ann Victoria Roberts, 2019-06-11 Suzie a widow with two grown up daughters has made a success of her life until at a public event she is faced by the man she last saw as a teenager forty years ago James once a history student is now an Anglican priest in Oxford battling his own demons and trying to mend the sins of the past When he says he wants to find the child Suzie gave up for adoption in the 1960s her shock turns to fury After what he did and after such a betrayal how dare he even ask Determined to spell things out for James Suzie has questions of her own The answers change her perspective but if she agrees to search for her adopted son she must face her own guilt as well as fears that her son may in turn reject her Over the succeeding months she and James grow closer The old attraction isn't dead and while desire battles with resentment on Suzie's part James is struggling with principle and belief From rural Yorkshire to the tragic world of mother and baby homes the past takes Suzie to the bright lights of London life with her artist husband and back to recent times in York But only when she's faced with death in the high Pennines can she begin to heal and only when James has laid the past to rest can he begin to forgive himself

Nationalist in the Viet Nam Wars Nguyễn Công Luân, 2012-02-07 A dark and fascinating tale illuminated by Nguyen's story of escape from Communist tyranny to the United States in 1990 and by his honesty and integrity which shine through on every page Historynet.com This extraordinary memoir tells the story of one man's experience of the wars of Viet Nam from the time he was old enough to be aware of war in the 1940s until his departure for America 15 years after the collapse of South Viet Nam in 1975 Nguyen Cong Luan was born and raised in small villages near Ha Noi He grew up knowing war at the hands of the Japanese the French and the Viet Minh Living with wars of conquest colonialism and revolution led him finally to move south and take up the cause of the Republic of Viet Nam exchanging a life of victimhood for one of a soldier His stories of village life in the north are every bit as compelling as his stories of combat and the tragedies of war This honest and impassioned account is filled with the everyday heroism of the common people of his generation Long overdue this memoir will be a worthy addition to any academic library interested in the tragedy of Vietnam Essential Choice An essential read for those who seek to understand the complex tragedy of the wars of Vietnam ARMY

of Israel in the Law of Moses are joined numerically to Genesis and revealed in Major League Baseball by the Gregorian calendar And children will love the secret formula for multiplying certain number patterns into millions without a calculator The revelations in this book have never appeared in text books The Emerald Home Run is truly an arithmetic lesson for the whole world to enjoy Do not be left behind      **Taking on the World** Robert W.
