Overview Properties of Atoms and the Periodic Table

Directions: Complete the concept map using the terms in parentheses. Terms with a red background color

Directions: Complete the following paragraphs by inserting the appropriate information.

1. Development in science that is accomplished over time is periodicity.
2. The way in which elements and the atoms particles are arranged is periodicity.
3. Some of the basic elements that have a similar properties are called periodicity.
4. In the periodic table, elements are arranged by increasing atomic number.
5. Development in science that is related to the periodic table is periodicity.
