## **Uprising Understanding Attica Revolution And The Incarceration State:**

**Crime and Criminal Justice in American Society** Randall G. Sheldon, William B. Brown, Karen S. Miller, Randal B. Fritzler, 2015-06-22 Today's headlines vividly illustrate the importance of understanding aspects of the criminal justice system too often ignored. While the second edition of *Crime and Criminal Justice in American Society* includes the most recent statistics on the police, courts, and corrections, its provocative current examples also spur critical thinking about justice in the United States. The authors offer an alternative interpretation of criminal justice rarely presented in traditional textbooks or by the media. They encourage readers to examine their beliefs about crime, punishment, and the law. Discussions in the chapters about how African Americans, Hispanics, whites, women, juveniles, the rich, and the poor experience crime and the criminal justice system contribute context for understanding different viewpoints. The poor and minorities are the most likely to be caught in the net of criminal justice, but inequities have consequences for everyone. Reflection on various perspectives provides helpful input for assessing attitudes and for becoming actively involved with issues that have significant consequences. Eighteen thoroughly revised chapters present historical backgrounds, theories, and emerging issues. New to the second edition is a chapter on veterans involved in the criminal justice system. Affordable, succinct, and engaging, this textbook presents the key concepts of the criminal justice system at less than half the cost of many competing textbooks.

*Prose and Cons* D. Quentin Miller, 2005-10-04 As the United States prison population has exploded over the past 30 years, a rich, provocative, and ever-increasing body of literature has emerged, written either by prisoners or by those who have come in close contact with them. Unlike earlier prison writings, contemporary literature moves in directions that are neither uniformly ideological nor uniformly political. It has become increasingly personal, and the obsessive subject is the way identity is shaped, compromised, altered, or obliterated by incarceration. The 14 essays in this work examine the last 30 years of prison literature from a wide variety of perspectives. The first four essays examine race and ethnicity, the social categories most evident in U.S. prisons. The three essays in the next section explore gender, a prominent subject of prison literature highlighted by the absolute separation of male and female inmates. Section three provides three essays focused on the part ideology plays in prison writings. The four essays in section four consider how aesthetics and language are used, seeking to define the qualities of the literature and to determine some of the reasons it exists. *The Oxford Handbook of Prisons and Imprisonment* John Wooldredge, Paula H. Smith, 2018 The *Oxford Handbook of Prisons and Imprisonment* provides the only single source that bridges social, scientific, and behavioral perspectives, providing graduate students with a more comprehensive understanding of the topic, academics with a body of knowledge that will more effectively inform their own research, and practitioners with an overview of evidence-based best practices. *Incarcerating the Crisis* Jordan T. Camp, 2016-04-18 The United States currently has the largest prison population on the planet. Over the last four decades, structural unemployment, concentrated urban poverty, and mass homelessness have also become permanent features of the

political economy These developments are without historical precedent but not without historical explanation In this searing critique Jordan T Camp traces the rise of the neoliberal carceral state through a series of turning points in U S history including the Watts insurrection in 1965 the Detroit rebellion in 1967 the Attica uprising in 1971 the Los Angeles revolt in 1992 and events in post Katrina New Orleans in 2005 Incarcerating the Crisis argues that these dramatic events coincided with the emergence of neoliberal capitalism and the state s attempts to crush radical social movements Through an examination of the poetic visions of social movements including those by James Baldwin Marvin Gaye June Jordan Jos Ram rez and Sunni Patterson it also suggests that alternative outcomes have been and continue to be possible

**A Continuous Struggle** Garrett Felber, 2025-05-06 The first biography of the revolutionary political prisoner who laid the foundation for contemporary abolitionist struggles and Black anarchism A Continuous Struggle is a political biography of one of the most important revolutionary figures of the twentieth century in the United States Martin Sostre 1923 2015 was a Black Puerto Rican from East Harlem who became a politicized prisoner and jailhouse lawyer winning cases in the early 1960s that helped secure the constitutional rights of incarcerated people He opened one of the country s first radical Black bookstores and was scapegoated and framed by police and the FBI following the Buffalo rebellion of 1967 He was sentenced by an all white jury to thirty one to forty one years Throughout his nine year imprisonment Sostre transformed himself and the revolutionary movements he was a part of eventually identifying as a revolutionary anarchist and laying the foundation for contemporary Black anarchism During that time he engaged in principled resistance to strip frisks for which he was beaten eleven times raising awareness about the routinized sexual assault of imprisoned people The decade long Free Martin Sostre movement was one of the greatest and most improbable defense campaign victories of the Black Power era alongside those to liberate Angela Davis and Huey Newton Although Sostre receded from public view after his release in 1976 he lived another four decades of committed struggle as a tenant organizer and youth mentor in New York and New Jersey Throughout his long life Martin Sostre was a jailhouse lawyer revolutionary bookseller yogi mentor and teacher anti rape organizer housing justice activist and original political thinker The variety of strategies he used and terrains on which he struggled emphasize the necessity and possibility of multi faceted and continuous struggle against all forms of oppression in pursuit of an egalitarian society founded on the principles of maximum human freedom spirituality and love

Tip of the Spear Orisanmi Burton, 2023-10-31 A radical reinterpretation of Attica the revolutionary 1970s uprising that galvanized abolitionist movements and transformed prisons Tip of the Spear boldly and compellingly argues that prisons are a domain of hidden warfare within US borders With this book Orisanmi Burton explores what he terms the Long Attica Revolt a criminalized tradition of Black radicalism that propelled rebellions in New York prisons during the 1970s The reaction to this revolt illuminates what Burton calls prison pacification the coordinated tactics of violence isolation sexual terror propaganda reform and white supremacist science and technology that state actors use to eliminate Black resistance within and beyond

prison walls Burton goes beyond the state records that other histories have relied on for the story of Attica and expands that archive drawing on oral history and applying Black radical theory in ways that center the intellectual and political goals of the incarcerated people who led the struggle Packed with little known insights from the prison movement the Black Panther Party and the Black Liberation Army Tip of the Spear promises to transform our understanding of prisons not only as sites of race war and class war of counterinsurgency and genocide but also as sources of defiant Black life revolutionary consciousness and abolitionist possibility

**Politics in Captivity** Lena Zuckerwise, 2024-07-02 From the 1811 German Coast Slave Rebellion to the 1971 Attica Prison Uprising from the truancy of enslaved women to the extreme self discipline exercised by prisoners in solitary confinement Black Americans have through time resisted racial regimes in extraordinary and everyday ways Though these acts of large and small scale resistance to slavery and incarceration are radical and transformative they have often gone unnoticed This book is about Black rebellion in captivity and the ways that many of the conventional well worn constructs of academic political theory render its political dimensions obscure and indiscernible While Hannah Arendt is an unlikely theorist to figure prominently in any discussion of Black politics her concepts of world and worldlessness offer an indispensable framework for articulating a theory of resistance to chattel and carceral captivity Politics in Captivity begins by taking seriously the ways in which slavery and incarceration share important commonalities including historical continuity In Zuckerwise s account of this commonality the point of connection between enslaved and incarcerated people is not exploited labor but rather resistance The relations between the rebellions of both groups appear in the writings of Muhammed Ahmad Angela Davis George Jackson Ruchell Magee and Assata Shakur a genre Zuckerwise calls Black carceral political thought The insights of these thinkers and activists figure into Zuckerwise s analyses of largescale uprisings and quotidian practices of resistance which she conceives as acts of world building against conditions of forced worldlessness In a moment when a collective racial reckoning is underway when Critical Race Theory is a target of the Right when prison abolition has become more prominent in mainstream political discourse it is now more important than ever to look to historical and contemporary practices of resistance to white domination

**Encyclopedia of Criminological Theory** Francis T. Cullen, Pamela Wilcox, 2010-09-23 Consistently excellent The level and coverage of the content make this an invaluable reference for students studying criminology or taking criminal psychology modules at degree level and beyond Adam Tocock Reference Reviews In discussing a criminology topic lecturers and course textbooks often toss out names of theorists or make a sideways reference to a particular theory and move on as if assuming their student audience possesses the necessary background to appreciate and integrate the reference However university reference librarians can tell you this is often far from the case Students often approach them seeking a source to provide a quick overview of a particular theory or theorist with just the basics the who what where how and why if you will And reference librarians often find it difficult to guide these students to a quick one stop source In response SAGE Reference is publishing the two volume Encyclopedia of

Criminological Theory available in both print and electronic formats This serves as a reference source for anyone interested in the roots of contemporary criminological theory Drawing together a team of international scholars it examines the global landscape of all the key theories and the theorists behind them presenting them in the context needed to understand their strengths and weaknesses In addition to interpretations of long established theories it also offers essays on cutting edge research as one might find in a handbook And like an unabridged dictionary it provides concise to the point definitions of key concepts ideas schools and figures Coverage will include contexts and concepts in criminological theory the social construction of crime policy implications of theory diversity and intercultural contexts conflict theory rational choice theories conservative criminology feminist theory

**Abolition Revolution** Aviah Sarah Day,Shanice Octavia McBean,2022-11-01 George Floyd s murder in Minneapolis triggered abolitionist shockwaves Calls to defund the police found receptive ears around the world Shortly after Sarah Everard s murder by a serving police officer sparked a national abolitionist movement in Britain But to abolish the police prisons and borders we must confront the legacy of Empire Abolition Revolution is a guide to abolitionist politics in Britain drawing out rich histories of resistance from rebellion in the colonies to grassroots responses to carceral systems today The authors argue that abolition is key to reconceptualising revolution for our times linking it with materialist feminisms anti capitalist class struggle internationalist solidarity and anti colonialism Perfect for reading groups and activist meetings this is an invaluable book for those new to abolitionist politics whilst simultaneously telling a passionate and authoritative story about the need for abolition and revolution in Britain and globally

**Remaking Radicalism** Dan Berger,Emily K. Hobson,2020-10 This book brings together documents from multiple radical movements in the recent United States from 1973 through 2001 These years are typically viewed as an era of neoliberalism dominated by conservative retrenchment the intensified programs of privatization and incarceration dramatic cuts to social welfare and the undermining of labor antiracist and feminist advances Yet activists from the period proved tenacious in the face of upheaval resourceful in creating new tactics and dedicated to learning from one another Persistent and resolute activists did more than just keep radical legacies alive They remade radicalism bridging differences of identity and ideology often assumed to cleave movements grappling with the eradication of liberal promises and turning to movement cultures as the source of a just future Remaking Radicalism is the first anthology of U S radicalisms that reveals the depth diversity and staying power of social movements after the close of the long 1960s Editors Dan Berger and Emily Hobson track the history of popular struggles during a time that spans the presidencies of Richard Nixon and George W Bush and bring to readers the political upheavals that shaped the end of the century and that continue to define the present

**Florynce "Flo" Kennedy** Sherie M. Randolph,2018-02-01 Often photographed in a cowboy hat with her middle finger held defiantly in the air Florynce Flo Kennedy 1916 2000 left a vibrant legacy as a leader of the Black Power and feminist movements In the first biography of Kennedy Sherie M Randolph traces the life and political influence of this strikingly bold and controversial radical activist

Rather than simply reacting to the predominantly white feminist movement Kennedy brought the lessons of Black Power to white feminism and built bridges in the struggles against racism and sexism Randolph narrates Kennedy's progressive upbringing her pathbreaking graduation from Columbia Law School and her long career as a media savvy activist showing how Kennedy rose to founding roles in organizations such as the National Black Feminist Organization and the National Organization for Women allying herself with both white and black activists such as Adam Clayton Powell H Rap Brown Betty Friedan and Shirley Chisholm Making use of an extensive and previously uncollected archive Randolph demonstrates profound connections within the histories of the new left civil rights Black Power and feminism showing that black feminism was pivotal in shaping postwar U S liberation movements

**A People's History of Detroit** Mark Jay, Philip Conklin, 2020-04-17 Recent bouts of gentrification and investment in Detroit have led some to call it the greatest turnaround story in American history Meanwhile activists point to the city's cuts to public services water shutoffs mass foreclosures and violent police raids In *A People's History of Detroit* Mark Jay and Philip Conklin use a class framework to tell a sweeping story of Detroit from 1913 to the present embedding Motown's history in a global economic context Attending to the struggle between corporate elites and radical working class organizations Jay and Conklin outline the complex sociopolitical dynamics underlying major events in Detroit's past from the rise of Fordism and the formation of labor unions to deindustrialization and the city's recent bankruptcy They demonstrate that Detroit's history is not a tale of two cities one of wealth and development and another racked by poverty and racial violence rather it is the story of a single Detroit that operates according to capitalism's mandates

**Criminal Justice in America** James P. Levine, Michael C. Musheno, Dennis J. Palumbo, 1986

Historical Geographies of Prisons Karen Morin, Dominique Moran, 2015-06-12 This is the first book to provide a comprehensive historical geographical lens to the development and evolution of correctional institutions as a specific subset of carceral geographies This book analyzes and critiques global practices of incarceration regimes of punishment and their corresponding spaces of corrections from the eighteenth to twenty first centuries It examines individuals' experiences within various regulatory regimes and spaces of punishment and offers an interpretation of spaces of incarceration as cultural historical artifacts The book also analyzes the spatial distributional geographies of incarceration particularly with respect to their historical impact on community political economic development and local geographies Contributions within this book examine a range of prison sites and the practices that take place within them to help us understand how regimes of punishment are experienced and are constructed in different kinds of ways across space and time for very different ends The overall aim of this book is to help understand the legacies of carceral geographies in the present

The resonances across space and time tell a profound story of social and spatial legacies and as such offer important insights into the prison crisis we see in many parts of the world today A Little Solitaire Murray Pomerance, R. Barton Palmer, 2011 Think about some commercially successful film masterpieces The Manchurian Candidate Seven Days in May Seconds Then consider some lesser known yet equally compelling cinematic achievements The Fixer The Gypsy Moths Path to War These triumphs are the work of the best known and most highly regarded Hollywood director to emerge from live TV drama in the 1950s five time Emmy award winner John Frankenheimer Although Frankenheimer was a pioneer in the genre of political thrillers who embraced the antimodernist critique of contemporary society some of his later films did not receive the attention they deserved Many claimed that at a midpoint in his career he had lost his touch World renowned film scholars put this myth to rest in A Little Solitaire which offers the only multidisciplinary critical account of Frankenheimer's oeuvre Especially emphasized is his deep and passionate engagement with national politics and the irrepressible need of human beings to assert their rights and individuality in the face of organizations that would reduce them to silence and anonymity

**Revolutionary Activities Directed Toward the Administration of Penal Or Correctional Systems** United States. Congress. House. Committee on Internal Security, 1973 **Criminal Injustice** Elihu Rosenblatt, 1996 At a time when activists elected officials and concerned individuals should be countering these trends with demands for jobs education and serious alternatives to imprisonment there is relative silence Criminal Injustice which explores the connections between imprisonment racism class domination misogyny and homophobia offers us invaluable information and compelling arguments for placing prison issues on the agenda of every progressive organization Angela Y Davis This remarkable anthology exposes and uncovers the economic and political realities behind the imprisonment of astounding numbers of the working class working poor and people of color Afrocentrism Stephen Howe, 1999-08-17 For centuries racist colonial and Eurocentric bias has blocked or distorted knowledge of Africans their histories and cultures resulting in a counter mythology claiming the innate superiority of African descended peoples In this provocative study historian Stephen Howe challenges this Afrocentric rewriting of African history 16 photos Copyright Libri GmbH All rights reserved
