**Hearings, Reports and Prints of the House Committee on Internal Security** United States. Congress. House. Committee on Internal Security, 1972. **Life Means Life** Nick Appleyard, 2009-03-13. From sex-crazed fiends to cold-eyed professional assassins, only those convicted of the most terrible murders are told they will die behind bars. This book tells the stories of those most depraved killers whose crimes outraged society and demanded the harshest penalty available to a British court. Among a UK prison population of close to 100,000, fewer than 40 men and women have been told they will end their days in a prison cell. They range from men who crossed continents to slay youngsters to contract killers who relished their grisly calling. Some planned their killings in a sick and sadistic manner; others killed in an unanticipated explosion of rage, lust, greed, or jealousy. But whatever their crime, whatever their motive, each of these beasts has one thing in common: they are the most evil people in our prison system. A graphic and harrowing read, this book is the first ever to bring together the case histories of every full-term lifer in Britain's jails. It offers never-before-published information about these extraordinary offenders. Police, lawyers, and the relatives of the victims and killers all describe how the truth behind these awful crimes was pieced together and those responsible were brought to justice to face the harshest punishment. These are the 36 monsters deemed beyond redemption who, by their own hands, forfeited the right to live among us forever. These are the killers whose crimes were such that society demanded that LIFE MEANS LIFE.
