Sunjata David C. Conrad,Djanka Tassej Condé,2004-01-01 A pillar of the West African oral tradition for centuries this epic traces the adventures and achievements of the Mande hero Sunjata as he liberates his people from Sumaworo Kant the sorcerer king of Soso and establishes the great medieval empire of Mali David Conrad conveys the strong narrative thrust of the Sunjata epic in his presentation of substantial excerpts from his translation of a performance by Djanka Tassej Cond Readers approaching the epic for the first time will appreciate the translation s highly readable poetic English as well as Conrad s informative Introduction and notes Scholars will find the familiar heroes and heroines taking on new dimensions secondary characters gaining increased prominence and previously unknown figures emerging from obscurity Thanks to his careful editing and translating of Cond s narrative Conrad offers a highly readable version of the epic that is about a third of its original length The translation communicates not only the poetic qualities and the essential events of the Sunjata legend but also the master bard s performance values Thus this rendering will fascinate those who already know the story and culture and those coming to the epic for the first time Conrad provides an excellent introduction to Mande oral tradition the role of the griot and the Manding belief system Though he makes no claim for this as the complete scholarly edition he does provide helpful scholarly notes a glossary and a good bibliography Summing up Highly recommended L W Yoder CHOICE

The Black Renaissance in Francophone African and Caribbean Literatures K. Martial Frindéthié,2014-12-03 This work explores the limits and prospects of Afro Caribbean Francophone writers in reshaping or producing action oriented literature It shows how Francophone literatures have followed a hegemonic discourse that leaves little room for thinking outside of traditional cultural and ideological conventions Part One explores the origins of Afro Caribbean Francophone literature and what the author terms griotism a shared heritage of awareness of biological differences a sense of the black hero as black messiah and black people as chosen and the promise of a common

racial history Part Two discusses the formidable grip of griotism on Fanon Mudimbe the champions of Creolity Bernabe Chamoiseau and Confiant and well read African women writers Aminata Sow Fall and Mariama Ba Part Three seeks to subvert the discourse of griotism in order to propose a new autonomy for Francophone African writers *Talkin and Testifyin* Geneva Smitherman,1986 In this book Smitherman makes a substantial contribution to an understanding of Black English by setting it in the larger context of Black culture and life style In her book Geneva Smitherman makes a substantial contribution to an understanding of Black English by setting it in the larger context of Black culture and life style In addition to defining Black English by its distinctive structure and special lexicon Smitherman argues that the Black dialect is set apart from traditional English by a rhetorical style which reflects its African origins Smitherman also tackles the issue of Black and White attitudes toward Black English particularly as they affect educational policy Documenting her insights with quotes from notable Black historical literary and popular figures Smitherman makes clear that Black English is as legitimate a form of speech as British American or Australian English *I Wasn't Lucky, I Was Blessed* DeShannon Butler,2020-10-19 Are you lucky or are you blessed Is there a difference between being lucky and being blessed Depending on the circumstances one would suggest the two are very subjective I believe when you are blessed you are giving a divined gift from God You cannot not be lucky to receive such miraculous gifts This notion of being blessed has been a life lesson for me As a child I always was taught to count my blessing and to always look to progress Against all odds I felt a calling on my life My life experiences have shaped me to be the person I am today I realized how sports served as a platform for my future success It is quintessential to say I learned early in life without being academically eligible I could not participate in sports No one was going to cut me a break because of my learning disability More and more this motivated me to try my best in school Fasten your seat belt You are about to embark on a journey of bravery of struggles of trials of defeat and of triumph At the conclusion of this book reflect on your own life and determine are you lucky or blessed *Heroism and the Supernatural in the African Epic* Mariam Konaté Deme,2010-09-13 Western criticism has largely failed to acknowledge the distinctiveness of African literary aesthetics This book revises traditional literary canons in examining the social cultural and emotional specificity of African epics and highlighting distinguishing features such as the significance of the fantastic and its use in the epic dramatic structure **The Royal Kingdoms of Ghana, Mali, and Songhay** Patricia McKissack,Fredrick McKissack,2016-03-01 For more than a thousand years from A D 500 to 1700 the medieval kingdoms of Ghana Mali and Songhay grew rich on the gold salt and slave trade that stretched across Africa Scraping away hundreds of years of ignorance prejudice and mythology award winnig authors Patricia and Fredrick McKissack reveal the glory of these forgotten empires while inviting us to share in the inspiring process of historical recovery that is taking place today **African Art in Motion** Robert Farris Thompson,1979-01-01 **The Oxford Guide to Literature in English Translation** Peter France,2000 Translation has been a crucial process in world culture over the past two millennia and more In the English speaking cultures many of the

most important texts are translations from Homer to Beckett the Bible to Freud Although recent years have seen a boom in translation studies there has been no comprehensive yet convenient guide to this essential element of literature in English Written by eminent scholars from many countries the Oxford Guide to Literature in English Translation meets this need and will be essential reading for all students of English and comparative literature It highlights the place of translation in our culture encouraging awareness of the issues raised making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Korean from Swahili to Russian For some works e g Virgil's Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available The Guide is divided into two parts Part I contains substantial essays on theoretical questions a pioneering outline of the history of translation into English and discussions of the problems raised by specific types of text e g poetry oral literature The second much longer part consists of entries grouped by language of origin some are devoted to individual texts e g the Thousand and One Nights or writers e g Ibsen Proust but the majority offer a critical overview of a genre e g Chinese poetry Spanish Golden Age drama or of a national literature e g Hungarian Scottish Gaelic There is a selective bibliography for each entry and an index of authors and translators
