Globalisation and International Institutions Virginia A. Leary, Daniel Warner, 2005-09-01 Concern over the relationship between human rights social justice and international trade competitiveness has led to the inclusion of the issue of the rights of workers in the agenda of leading international organizations International labour issues once seen as a monopoly preoccupation of the ILO International Labour Organization have now become important issues in other international organizations as well as within regional trading blocs This original study examines the extent to which international labour issues have become issue of concern within the European Union the ILO the OECD Organisation for Economic Cooperation and Development and the WTO World Trade Organization The internationally known authors of this book have been long time observers of the work of international organizations on labour rights and globalisation and have been leaders in the effort to bring issue of social justice onto the international agenda Social Issues Globalisation and International Institutions Labour Rights and the EU ILO OECD and WTO is the culmination of a project of the Program for the Study of International Organization s PSIO at the Graduate Institute of Institute of International Studies Geneva Switzerland HEI supported by a grant from the Ford Foundation With contributions by Philip Alston Steve Charnovitz Andrew Clapham Robert Howse Brian A Langille and James Salzman *Global Trade and Global Social Issues* Annie Taylor, Caroline Thomas, 2005-10-24 In Global Trade and Social Issues leading academics and NGO workers offer a much needed counterweight to the liberal consensus A critical reflection on the whole project of restructuring world trade this is essential reading for those working in international political economy development studies international relations and environmental studies *Social Issues and Policies in Asia* Raymond K. H. Chan, Lih-Rong Wang, Jens O. Zinn, 2014-06-26 In the past few decades societies in Asia have experienced rapid and dramatic changes in their economic social and political spheres Despite the wide diversity among these countries a few general trends can be observed Globalization has swept across Asia bringing intensive economic interactions with a strong commitment to liberalism and market capitalism Wage labour has become the common form of employment Individuals as well as countries are increasingly exposed to the competitive and uncertain global market Employment protection particularly for vulnerable labour groups youth women seniors and migrants has become a pressing issue for most Asian governments Industrialization and urbanization have had a major impact on demographics family structures and normative frameworks The declining fertility rate has been recognized as a defining feature of a modern society leading to small families and reducing instances of multi generational co residency Changing family structures have contributed to changes in family values and roles especially the role of women Sometimes willingly sometimes compelled women are entering the workplace in increasing numbers particularly as migrant workers Similarly the elderly are experiencing changes in their roles and participation in society Family duties compete and are often in conflict with the demands of work The issue of providing adequate and quality care to family members has been exacerbated by the fact that Asian societies are ageing It is commonly acknowledged that in Asian societies personal care and support needs are primarily met by family both

immediate and extended and to a lesser degree by community networks Governments had gradually established their own social welfare systems in an effort to support economic growth and sustain their legitimacy by meeting certain recognized social needs The success of these ventures varies across societies and naturally there have been criticisms of the breadth and depth of these provisions This book addresses social issues related to family ageing and work that arise from these changes in Japan Korea Taiwan Hong Kong China Philippine and Sri Lanka These societies represent different levels of economic and social development but face similar challenges and their social interventions can be usefully compared This variety of subjects provides the reader with a more comprehensive understanding of the changes that have occurred the problems that have emerged and the strategies that have been adopted This volume provides insight into ways of addressing social issues in this rapidly changing part of the world     *Applications of Heuristics and Biases to Social Issues* Linda Heath,R. Scott Tindale,John Edwards,Emil J. Posavac,Fred B. **Handbook of Research in Social Studies Education** Linda S. Levstik, Cynthia A. Tyson, 2010-04-15 This Handbook outlines the current state of research in social studies education a complex dynamic challenging field with competing perspectives about appropriate goals and on going conflict over the content of the curriculum Equally important it encourages new research in order to advance the field and foster civic competence long maintained by advocates for the social studies as a fundamental goal In considering how to organize the Handbook the editors searched out definitions of social studies statements of purpose and themes that linked or divided theory research and practices and established criteria for topics to include Each chapter meets one or more of these criteria research activity since the last Handbook that warrants a new analysis topics representing a major emphasis in the NCSS standards and topics reflecting an emerging or reemerging field within the social studies The volume is organized around seven themes Change and Continuity in Social Studies Civic Competence in Pluralist Democracies Social Justice and the Social Studies Assessment and Accountability Teaching and Learning in the Disciplines Information Ecologies Technology in the Social Studies Teacher Preparation and Development The Handbook of Research in Social Studies is a must have resource for all beginning and experienced researchers in the field

*Media Bias in Reporting Social Research?* Martyn Hammersley, 2007-01-24 In recent years the importance of disseminating the findings of social research has been given increased emphasis The most effective way in which this can be done is via the mass media However there are frequent complaints that media coverage of social and educational research is very limited and often distorted Through a detailed analysis of a particular case about ethnic inequalities in educational achievement this book examines some of the processes involved in the reporting of research findings and their implications for judgements about media distortion and bias This volume is relevant to many fields including education media studies cultural studies sociology and social policy

*North American Social Report* Alex C. Michalos, 2012-12-06 It would have been nice to have been able to write this book with the style of Mailer the wit of Shaw the breadth of Myrdal and the zeal of Nader It would also have been miraculous Rest assured there are no miracles here On the contrary the work in your hands undoubtedly bears all the marks of imperfect human design It s too long for one book but probably too short for the story to be told It s not the sort of book one can hope to finish even in five volumes There is always one more table one might squeeze in one more column or row an illustrative chart or figure another important reference to check something dangling here or there that nags one to fiddle with it wrap it up tie it down and so on All one can do I think is put up with the nagging and press on I can t imagine anyone making so many factual claims and evaluative judgments and putting together so many numbers in so many different areas without making dozens of mistakes I can t imagine anyone working with national statistics and not having plenty of mistakes made for him As I look back on it now it s hard to imagine anyone being naive enough bold enough has a better ring to it to take on the task of writing a book like this in the first place Of course I had Myrdal s great *An American Dilemma* to encourage me
