## WEEK 1: ACTS 1

In the New Testament, the four Gospels of Matthew, Mark, Luke, and John tell the story of Jesus' life and ministry. However, there is only one account of the early church, and it is called the Acts of the Apostles (or the Book of Acts). The author, Luke, intended it to be a second volume to the Gospel that bears his name, and it picks up the story pretty much where he left off at the end of Luke 24. God chose the best candidate possible to record the history of the early church because Luke was not only a physician and detailed historian, but he was also an early convert himself and a traveling companion with Paul, the church's greatest missionary. So, while Luke may not have been one of the original twelve disciples (in fact, he was not even Jewish), he was still an eyewitness to the incredible spread of the gospel in those early years!

Luke probably wrote the book of Acts between A.D. 63–65, with the intention of explaining the birth and growth of the Christian church to someone named Theophilus. We don't know who

through the book of the early church history, which is the first of the two volumes of the Acts of the Apostles. The book of Acts is a historical account of the early church, and it is the only book in the Bible that tells the story of the church's growth from its beginning to the present day.

So, in this sermon series, we will be looking at the book of Acts, and we will be looking at the story of the church's growth from its beginning to the present day.
