*The Letter Bearer* Robert Allison, 2017-02-14 The Rider has no memory of who he is where he is or how he came to be lying dying in the brutal heat of the North African desert Rescued by a band of deserters the Rider begins to piece together his identity based on shards of recollection and the letters in his mailbag The Letter Bearer is unlike any other novel of World War Two In the midst of profound trauma terrible warfare and the nameless experience of desertion this gripping story asks us to consider how men build hope when they have nothing left not even a name When first published last year in London Robert Allison's debut novel was met with wide praise and was nominated for the Desmond Elliott Prize described by one of its judges as An excellent and elegant novel written with patience and authority Readers of Michael Ondaatje and Paul Bowles will find the landscape familiar but no reader will ever forget the haunting and haunted story of this remarkable victim The Letter Bearer Robert Allison, 2014 Left for dead in the North African desert a motorcycle rider is rescued by a band of British Army deserters who have established their own jealously guarded sanctuary With no recollection or proof of his identity the rider begins to reconstruct a past for himself based on broken memories and the letters in his post bag

**Pope Gregory's Letter-Bearers** John R. C. Martyn, 2012-04-25 With the Lombards invading Italy and Slavs invading Illyria and very active slave dealers at work the number of men and women who reached Rome and carried a papal letter to sort out a legal or personal problem at home is quite surprising considering the slowness and the very real dangers of often long journeys in boats or on horseback They came from all over the civilized world many briefly appearing on the stage their mission quite often not reported later on Page 4 of cover **The Opened Letter** Lindsay O'Neill, 2015 By the early eighteenth century the rapid expansion of the British empire had created a technological problem communication and networking became increasingly vital yet harder to maintain As colonial possessions and populations grew and more individuals moved around the globe Britons both at home and abroad required a constant and reliable means of communication to conduct business plumb intellectual concerns discuss family matters run distant estates and exchange news As face to face communication became more intermittent men and women across the early modern British world relied on letters In *The Opened Letter* historian Lindsay O'Neill explores the importance and impact of networking via letter writing among the members of the elite from England Ireland and the colonies Combining extensive archival research with social network digital technology *The Opened Letter* captures the dynamic associations that created a vibrant expansive and elaborate web of communication The author examined more than 10 000 letters produced by such figures as Virginia planters William Byrd I and his son William Byrd II the Anglo Irish nobleman John Perceval the newly minted Duke of Chandos James Brydges and his wife Cassandra Brydges and Sir Hans Sloane the president of the Royal Society and his colleague Peter Collinson She also mined letters from the likes of Nicholas Blundell a Catholic member of the Lancashire gentry and James Eliot a London merchant and ardent Quaker *The Opened Letter* reassembles and presents the vital

individual and interlocking epistolary webs constructed by disparate groups of letter writers These early social networks illuminate the structural social and geographic workings of the British world as the nation was becoming a dominant global power *The Letter Bearer* Nicholas Kay,2009-11-18 **Sylvester's Bank-note and Exchange Manual** ,1833

**the Chartering Practice Handbook , Embodied Performance** Sarah Agnew, 2020-09-22 Embodied Performance presents a methodology by which performer interpreters can bring their intuitive interpretations to the scholarly conversations about biblical compositions It may not be comfortable for scholarship is out of practice in listening to emotion and intuition It may not be the only way to bring the fullness of human meaning making into scholarly discussions It is a beginning as Sarah Agnew storyteller and scholar places herself as the subject and object under examination observing her practice as a biblical storyteller making meaning through embodied performance and develops a coherent method rigorously tested with an Embodied Performance Analysis of Romans Follow Sarah s story as she searches within Biblical Performance Criticism for such a method before determining the need to strike out in a new direction from within an already innovative field All biblical scholars are complex human beings making meaning through their embodiment their emotions their embeddedness in community Embodied Performance Analysis offers a way to attend to and incorporate the full range of human meaning making in our engagement with biblical compositions for richer discussion closer to the intent of the compositions themselves

**Light from the Gentiles: Hellenistic Philosophy and Early Christianity** Abraham J. Malherbe, 2013-10-10 Rather than viewing the Graeco Roman world as the background against which early Christian texts should be read Abraham J Malherbe saw the ancient Mediterranean world as a rich ecology of diverse intellectual traditions that interacted within specific social contexts These essays spanning over fifty years illustrate Malherbe s appreciation of the complexities of this ecology and what is required to explore philological and conceptual connections between early Christian writers especially Paul and Athenagoras and their literary counterparts who participated in the religious and philosophical discourse of the wider culture Malherbe s essays laid the groundwork for his magisterial commentary on the Thessalonian correspondence and launched the contemporary study of Hellenistic moral philosophy and early Christianity

Ware, 2025-02-06 A groundbreaking exposition of the resurrection hope in 1 Corinthians 15 Making a compelling case based on new evidence and fresh exposition James Ware affirms the church's historic reading of 1 Corinthians 15 He shows that the apostolic formula in 1 Corinthians 15 1 11 proclaims in continuity with the Gospels the resurrection of Jesus's crucified body from the tomb and that the hope of the resurrection described in 1 Corinthians 15 12 58 involves the miraculous revivification of our present bodies of flesh and bones and their transformation to imperishability Ware's monumental study is unmatched for its comprehensive examination of the historical setting literary structure syntax and vocabulary of 1 Corinthians 15 This in depth verse by verse commentary provides new insights into the text original solutions to hitherto seemingly irresolvable difficulties and a convincing reading of the chapter unfolding its rich theology of the resurrection as the consummation of union with Christ Poverty and Charity in the Jewish Community of Medieval Egypt Mark R. Cohen, 2009-01-10 What was it like to be poor in the Middle Ages In the past the answer to this question came only from institutions and individuals who gave relief to the less fortunate This book by one of the top scholars in the field is the first comprehensive book to study poverty in a premodern Jewish community from the viewpoint of both the poor and those who provided for them Mark Cohen mines the richest body of documents available on the matter the papers of the Cairo Geniza These documents located in the Geniza a hidden chamber for discarded papers situated in a medieval synagogue in Old Cairo were preserved largely unharmed for more than nine centuries due to an ancient custom in Judaism that prohibited the destruction of pages of sacred writing Based on these papers the book provides abundant testimony about how one large and important medieval Jewish community dealt with the constant presence of poverty in its midst Building on S D Goitein's Mediterranean Society and inspired also by research on poverty and charity in medieval and early modern Europe it provides a clear window onto the daily lives of the poor It also illuminates private charity a subject that has long been elusive to the medieval historian In addition Cohen's work functions as a detailed case study of an important phenomenon in human history Cohen concludes that the relatively narrow gap between the poor and rich and the precariousness of wealth in general

combined to make charity one of the major agglutinates of Jewish associational life during the medieval period
