Nochimson, 2013-04-15 Beginning with *Lost Highway* director David Lynch swerved in a new direction one in which very disorienting images of the physical world take center stage in his films Seeking to understand this unusual emphasis in his work noted Lynch scholar Martha Nochimson engaged Lynch in a long conversation of unprecedented openness during which he shared his vision of the physical world as an uncertain place that masks important universal realities He described how he derives this vision from the Holy Vedas of the Hindu religion as well as from his layman's fascination with modern physics With this deep insight Nochimson forges a startlingly original template for analyzing Lynch's later films the seemingly unlikely combination of the spiritual landscape envisioned in the Holy Vedas and the material landscape evoked by quantum mechanics and relativity In *David Lynch Swerves* Nochimson navigates the complexities of *Lost Highway* *The Straight Story* *Mulholland Drive* and *Inland Empire* with uncanny skill shedding light on the beauty of their organic compositions their thematic critiques of the immense dangers of modern materialism and their hopeful conceptions of human potential She concludes with excerpts from the wide ranging interview in which Lynch discussed his vision with her as well

Lost Girls Nicholas Terpstra, 2010-06-21 In 1554 a

group of idealistic laywomen founded a home for homeless and orphaned adolescent girls in one of the worst neighborhoods in Florence Of the 526 girls who lived in the home during its fourteen year tenure only 202 left there alive Struck by the unusually high mortality rate Nicholas Terpstra sets out to determine what killed the lost girls of the House of Compassion shelter Casa della Piet Reaching deep into the archives letters ledgers and records from both inside and outside the home he slowly pieces together the tragic story The Casa welcomed girls in bad health and with little future hoping to save them from an almost certain life of poverty and drudgery Yet this safe house was cruelly dangerous Victims of Renaissance Florence's sexual politics these young women were at the disposal of the city's elite men who treated them as property meant for their personal pleasure With scholarly precision and journalistic style Terpstra uncovers and chronicles a series of disturbing leads that point to possible reasons so many girls died hints of routine abortions basic medical care for sexually transmitted diseases and appalling conditions in the textile factories where the girls worked Church authorities eventually took the Casa della Piet away from the women who had founded it and moved it to a better part of Florence Its sordid past was hidden until

now in an official history that bore little resemblance to the orphanage's true origins Terpstra's meticulous investigation not only uncovers the sad fate of the lost girls of the Casa della Piet but also explores broader themes including gender relations public health church politics and the challenges girls and adolescent women faced in Renaissance Florence **Lost Girls** Angela Marsons,2015-11-06
